

### **Bill 5026-N-020805**

- A bill to promote safe sex by making condoms available 24 hours, 7 days a week in the on-campus resident halls.

**Authors:** Parag Dhumal, Akbar Shetty

**Supporter:** Shahnawaz Muhammed

#### **I. Defining the Problem**

- a. Health of students at The University of Toledo may be at risk because there are no provisions to get condoms in on-campus resident halls.
- b. Condoms may be required in unexpected situations, and students may not be comfortable to ask friends or go a few miles outside during the night to purchase, especially during the winter months.
- c. This might cause the students to have unprotected sex and may put their lives at risk.

#### **II. The Solution**

- a. The University of Toledo Student Senate will work with the Resident Student Association and University administration to provide information, resources, and means to encourage safe sex in the residence halls.

#### **III. Method of Solution**

- a. Student Government will convey this bill to all appropriate University administrators.
- b. Student Government will work with said administrators to fully implement the above solution.
