Whereas, University of Toledo students are active in the visual and performing arts as artists, writers, musicians, actors, filmmakers and more; and

Whereas, the presence of this creative community is a great source of pride for The University of Toledo; and

Whereas, this community often lacks the appropriate resources to pursue creative projects that enrich campus recreational and cultural life; and

Whereas, investment in campus recreational and cultural life enhances overall quality of student life and promotes enrollment and retention; and

Whereas, a rich cultural atmosphere promotes critical thinking and helps to nurture an environment of academic excellence;

Therefore let it be resolved, that the Student Senate supports the allocation of one dollar out of each student's General Fee to help subsidize creative endeavors by students benefiting the campus community at large; and

Furthermore let it be resolved, that Student Government will work with administrators and faculty to determine the best means by which to allocate these funds.
