- A resolution in favor of raising the student legal services fee

Author: Bradley Engeldinger

Whereas, students at The University of Toledo are a fair example of culture as a whole and therefore may get in certain legal troubles; and

Whereas, Student Legal Services, Inc. can and does assist students with certain legal problems; and

Whereas, with an increase in the number of students using legal services, there is a larger financial burden on Student Legal Services, Inc;

Therefore let it be resolved, that the Student Senate supports raising the optional legal services fee from \$8/semester to \$10/semester.
