| I have read, and I understand the rules of the science fair and agree to follow them. I will accept the decision of the judges as final. I recognize that the primary purpose of a science fair is to learn. I also recognize that this science fair is a gift given to me by volunteers who care deeply about my education. Therefore, I have selected a science fair project that will challenge me, and I will use my best efforts to do it well. | | | | | | |
