

### Lakeview Arena

The Electricians play all of their home games at the 4,200 seat Lakeview Arena, which up to 1999 was also the home of the 1991 NCAA National Champion Northern Michigan University Wildcats. The Electricians play all their games and practice here.

### Team Locker Room

The Marquette Electricians have their own Team Locker Room at the Lakeview Arena.. Dryland Training, A Weight Room, Washer, Dryer, Skate Sharpening and equipment repair are available at the teams lockerroom.

### Electricians Local Union 1070

Chartered in 1946, our principal sponsor, the International Brotherhood of Electrical Workers Local Union 1070 covers Electricians in Marquette, Alger, Luce, Chippewa, and Mackinac Counties. Besides hockey, the Local has team sponsorships in Pop Warner Football, Mens Softball, and Little League Baseball. In addition, various personal sponsorships have been made in Luge, Childrens Trust Fund, Girl Scouts, Special Olympics, BMX, DARE and Skiing, along with the Make-a-Wish Foundation and numerous other charities. The Local has provided manpower and materials for Bay Cliff Health Camp (provides services for handicapped children), Janzen House (indigent housing), The Womens Center, The Maritime Museum, Habitat for Humanity and Adopt-a-Park. Local Union 1070 believes that the children are our future. Our Union motto is: "the Union of Hearts and Minds".

### Placement

Our main purpose is to provide a showcase for our players to display their talents in front of Junior "A" and College scouts. The Electricians currently have former players at Michigan Tech, and St. Cloud State (WCHA); Northern Michigan University, Ferris State, Lake Superior State, Notre Dame, and UA-Fairbanks (CCHA) in Division I, and the University of Wisconsin - Stout in Division III.

### What is "AAA" Midget Hockey?

"AAA" Midget Hockey is the ultimate level in youth hockey. It is available to the players age 17 and under by birthdates determined by USA Hockey.

"AAA" Midget Hockey is the stepping stone to Junior "A" and College Hockey. The North American Junior Hockey League and the United States Hockey League are right now the primary sources for American hockey players used by College recruiters.

### The "Fall Classic"

The Electricians will again host the "Annual Marquette Electricians Fall Classic" on the first weekend in October. This tournament has become one of the best Major Midget tournaments in the United States. Among the Tournament Champions have been both U.S. (Alaska All-Stars, Detroit Little Caesars) and Canadian (Thunder Bay Kings) National Champions.

### Who are the Electricians?

The Electricians "AAA Hockey Team" was formed in 1986 to provide an opportunity for Upper Peninsula hockey players to compete at the highest level possible without having to travel too far from home. Although we are an Upper Peninsula based team, players from Lower Michigan, California, Pennsylvania, Wisconsin, Illinois, Indiana, Minnesota, Iowa, Texas, Missouri, Colorado, Utah, Alaska, Canada, and Finland have called themselves Electricians

### Housing

Non-Resident players are housed with families from the Marquette community. Often these are families from the local hockey program who volunteer to take in a student athlete for the hockey season. Temporary guardianship papers are filed with the local District court that allows the housing parent to act in the players best interest, but does not remove custody from the legal parents. In keep-

### Education

One of the major benefits of playing hockey for the Electricians is the fact that all players attend Marquette Senior High School. This is important especially to the non-resident players who can interact with their teammates in both education and social functions and not just see them at the rink. The Electricians require that a minimum 2.2 Grade Point Average be maintained to be eligible to play. Grades are monitored weekly by the coaching staff and by a member of the Board of Directors.

### Quality of Life

The City of Marquette is located on the beautiful South shore of Lake Superior in Michigan's Upper Peninsula. It is accessible by air from Detroit and Minneapolis via Northwest Airlines, and from Chicago via American Airlines. By car we are 8 hours from Detroit, 7 hours from Minneapolis, and 6 hours from Chicago. Marquette and its surrounding townships have a population of about 30,000 and Northern Michigan University has an enrollment of about 8,500. Shopping Malls, movie theaters, golf courses and both downhill and cross-country ski facilities, along with events that surround a major State University, including Division I and II athletic events and a major Regional Medical Center, all within 10 minutes of each other make Marquette an ideal place to spend the hockey season.

### Transportation

The Electricians own a 43 passenger motor coach that has been fitted with study tables, 3 televisions and a VCR. Seats have been removed and realigned to allow for maximum passenger comfort.

### Staff

Since 1998 Jon Nebel has been Head Coach for the Electricians, he was also Head Coach for the Marquette American Legion Bantam AA Team for the previous 10 years. In his first tour with the Electricians, he was Assistant Coach for the 1984 National Champions, and as Co-Coach in 1986, was the National Runner-up. He took the Legion to 4 National Tournaments in 10 years, and in 1996 won the National Title. Coach Nebel is a 1982 graduate of the Ferris State University school of Pharmacy, and holds the USA Hockey Masters Level coaching certification. He has twice been named "Coach of the Year" by the Marquette Junior Hockey Corporation. Coach Nebel utilizes a system that emphasizes a high degree of individual player skill development. His program encourages continued growth of the quality player who possesses skills in all aspects of the game. Assistant Coach Tanner Williams been with the Electricians since 2000, he played for Northern Michigan University for one season.

Assistant Coach Dr. John Lehtinen MD, A preeminent Sports Medicine physician, was a staff physician at the 1992 Olympic Games in Barcelona, and was the Head Physician for the 1996 Olympics in Atlanta. He holds the USA Hockey Masters Level Coaching Certification. The Electricians support staff is probably one of the finest in the country. Our medical staff is headed up by Assistant Coach Dr. John Lehtinen. Dr. Lehtinen is also the team physician for Northern Michigan University Hockey, and a co-founder and member emeritus of the Board of Directors of the Electricians. Dr. Lehtinen is supported by Kurt Kerry P.T. and the staff of Marquette General Hospital Sports Rehab Department who supply an Athletic Trainer for all home games, and are on call for all practices. Assistant Coach Al Swanson has been with the Electricians since 1998, he played for the Michigan State Spartans and was a member of the 1967 NCAA National Championship Team. Joining the Electricians in 2001 is Goaltender Coach Bill Labelle, he has coached in the Marquette Junior Hockey Association previous to joining the Electricians.
