ABOUT ME

Hello and thank you for looking at my resume. My name is Arnold Marten and I go by Arnie. I am currently a student at SNHU seeking a Bacherlors degree in Graphic Design. I am new to graphic design but bring a world of experience with me. I served 23 years in the Coast Guard, after which, I was the GM for a Tour Boat Company in Duluth, MN. I have always loved art and am finally able to pursue a field where I can create. I am self disciplined, self-driven and mature. I bring with me my own core values of Honor, Respect and Dedication to everything I do and will bring those values to any project I take on. I am looking for work as a freelance designer for small business and charities that need quality, creative design work done. I look forward to hearing from you soon.
