

ESCOLA SECUNDÁRIA DE OLIVEIRA DO DOURO, 23rd October, 2002

Hi everyone,

My name is Márcia Santos and I'm writing with a friend of mine called Patrícia. We are from Portugal and we are very happy to tell you what we do in our school. By the way, our school is located in Oliveira do Douro in Vila Nova de Gaia, District of Oporto in the North of Portugal.

Everyday we wake up at 7:15 am to get prepared to school.

We go to school together. We get the bus or we go on foot. Lessons start at 8:25 and sometimes we are very sleepy because it's very early in the morning.

We don't have particular clothes to wear, because in our school we don't use a uniform.

Our activities are very different day after day. During the breaks sometimes a friend of ours brings his guitar and the whole class sings with him. On other days we play games and sometimes we go to the school library to read for pleasure or surf the net. At school we learn understand what's going on all over the world, how to use a computer, etc.

When school ends, sometimes we go to the café to talk with some friends that don't study in our school but in a private one.

Before we go home, Patrícia does some handball and I do volleyball.

When we get home my parents are waiting for me to have dinner and Patrícia sometimes eats with us. We are good neighbours and we do the homework together.

We really enjoy listening to music and watching TV.

When Friday night comes we go to a bar to be with friends and to dance a lot. Every Sunday we go to the Shopping centre with our boyfriends to watch a movie and buy some clothes and CDs.

We are only 16 and we have to profit from life during the time when we are still teenagers.

Bye-bye everybody!

Have a nice International School Library Day!
