ROADSIDE ASSISTANCE PROGRAM

Fellow Blue Knights,

Recently, the International and our Web Site Committee approved the formation of a Blue Knights Roadside Assistance Program, RAP for short. RAP will be a simple list of volunteer Blue Knights who are willing to aid other Blue Knights that are in distress while traveling via motorcycle. A Blue Knight who is traveling out of his or her home area, and suffers a breakdown or other roadside difficulty, may simply check the list to locate a local Blue Knight who is willing to come to their aid. The list will be sorted by location and provide contact phone numbers and services only of those who volunteer. For now, the list will be available on the "Members Only" section of the Blue Knight web site and Knights planning trips away from home may download it prior to their departure. Other future possibilities of its publication to members remain depending on the success of this list. But for right now, it is most important that a list be created first and made available.

I ask you all to consider putting yourself in the position that so many of us have been in and volunteer to have your information placed on the list. I remind you that it will be for fellow Blue Knights use only, kept on our secure server and that home addresses will not be needed. Only your name, general location, contact phone numbers and services that you can provide for a fellow BK are needed.

Below is a volunteer sign-up form that asks you the information required to successfully make the RAP a reality. Please complete the form and mail or e-mail it to me at your earliest possible convenience. The success of this program depends on you and your willingness to help other Blue Knights. Thanks in advance for you time and consideration.
