

## INDAVA 2009

### CREST DESIGN CONTEST

Indava 2009 is fast approaching and as in the past, we are asking that the youth design the crest for this event! The designs should fit into a 4" square but they do not necessarily have to be square. Let their imaginations run free! Our theme this time is "Time Warp". Designs must be submitted to Sandi Landsborough by end of February 2009. The winning designer will have input on the final design as a honorary member of the Indava 2009 committee. The winning designer will also receive their week at camp for free as well as a commemorative plaque showcasing the final crest, a memory to treasure for a lifetime. The only other guideline to follow is that **Indava 2009** and **Brant Area** be incorporated in the design. So let your imaginations run wild and see what you can come up with. There is no limit to number of submission. Each submission must have on it the youth's name, group, area, contact information (including email or phone). Designs can be submitted to Sandi by mail, email or in person.
