COMPUTER APPLICATIONS

Thing that I will learn:
1. How to type better
2. How to make a webpage
3. How to work with Microsoft Word
4. How to work with Excel
5. … and more!

Dear Parents,
I hope to get a good grade this year in office application. I don't really care what the grade is I just want to pass and I think I can do that. This class is sort of hard but I think that I will be able to pass. So I hope to get a decent grade in office applications because not only would I have passed but I would have learned a lot about computers.
From, Cara
