President's Report

Hi everyone,

Sorry for late report, I have finally got the hang of my new computer system, so I think I have it right now.

Our first social night was a fun night last Friday, we all have a lot of fun and we tasted some nice wines and had some fun with the raffles. A big thankyou to Karen Simmons for helping me out with the platters from Woolies and the cheese and nibbles. We will have another one soon before Christmas perhaps. If anyone has any ideas for a social night, please let me know and we can work on it.

Cath's Day on Sunday went well, I'm sure everyone enjoyed themselves. A big thankyou to all that helped on the day and a special thanks to Kirsty for lending me her wonderful horse to do a tests on which I did not finish, but it was entertaining.

Don't forget our Open Showjumping Day on the 9th August programs are on the club's website and out in produce stores. We need everyone who is available to help, I need pencilers, rail stewards and on the Saturday before the 8th, I will be building and will need a hand to set up first thing Sunday Morning, the day starts at 8am and I will be starting 8am SHARP. If anyone needs or has any questions please do not hesitate to ring me or send me an email to cdperformancehorses@bigpond.com.

Cheers for now and happy riding,
Catherine Mackie.

RESPIRATORY DISEASE IN IMPORTED HORSES IN QUARANTINE

The Australian Chief Veterinary Officer, Dr Andy Carroll, has advised today that a number of imported horses of various types and backgrounds at Eastern Creek Quarantine Station have been showing signs of Equine Herpes Virus 4 (EHV-4). This is the respiratory form of the herpes virus in horses.

EHV-4 is endemic in Australia (it has been here for many years), it is not a notifiable disease and is not a quarantine concern – but it has been circulating within Eastern Creek.

Horses can be "silently" infected with herpes virus, not shed the virus and show no clinical signs in Pre Export Quarantine.

If horses are stressed, for example by international travel, the infection by EHV-4 can come back again and the horse may start shedding the virus.

All outbreaks of any infectious disease in quarantined horses must be investigated. Because these horses have respiratory signs, all the horses have been repeatedly and thoroughly tested. No horse has tested positive to Equine Influenza (EI) virus, but one horse has given a mild serological reaction to EI. This is not unusual because all the horses have been vaccinated against EI. All horses will all be tested repeatedly to make absolutely sure there is no EI circulating before they released from quarantine.

These horses are more than two weeks into their 3-week Post Arrival Quarantine (PAQ). This PAQ period will be prolonged to ensure all additional testing and other measures show the horses do not have EI, and all the experts are satisfied there is no risk.

These horses currently present no danger to Australia's domesticated horses. This incident indicates that the strengthened quarantine procedures introduced after the 2007 EI outbreak are working in that:

- horses in PAQ are being closely monitored and tested
- cases of fever and respiratory disease are being thoroughly investigated
- communication between Commonwealth and State animal health authorities and horse industry organisations has improved
- it reinforces the need for a PAQ of 3 weeks when consignments from different origins are commingled for the first time in PAQ.

*A quote from Dr. Andy Carroll, "There is currently **absolutely no evidence of EI virus** at Eastern Creek."*

All these rations were developed exclusively for and have been used with the makers of Compleat Feed's own horses for many years with outstanding results and success. There was nothing available in the marketplace they were inclined to want to feed them despite having trialled quite a few (and there were others that where they simply refused to even trial).

I use Compleat Feeds and have done for considerable time, am absolutely amazed at the results I have achieved with my horse through feeding so little yet achieving such a magnificent result in both looks and performance. This is the main reason I became involved as a distributor for Compleat Feeds in the Jimboomba/Cedar Grove area.

Have a good look at the side photos of 'before' and 'after' photos, AMAZING results!! Go into their website (www.compleatfeed.com) for the Testimonials (for Old Timer and Yearling Prep) to read. Try it for yourself and see...

Kind Gelding for Sale :

Bay Gelding, 10 y.o approx 15.1 hh. Stock Horse cross.

This sweet natured boy has been ridden by a teenage girl & her sisters the last 4 years. He's done a bit of just about everything, P.C, Dressage, jump etc.

Girls have found new interests - horse left alone.

Would suit a Teen starting out or Adult getting back into riding looking for an easy going horse for doing a bit of dressage, riding club, trail riding etc.

Good to catch, rug, shoe, float etc. No rear, bolt, buck or kick. Rides on snaffle, great in traffic, just saddle & ride even after a long spell off, no need for lungeing down etc. Has a couple of blemishes, not going to be Royal Show prospect & is priced accordingly at \$3500 (neg)

Please call 0448 434 142, selling on behalf.

SADDLEFIT WORKSHOPS

www.shiresaddlery.com

ASFA is endorsed and accredited by the Australian Veterinary Chiropractors Association. An association made up of highly qualified Veterinarians and Chiropractors. The reason it is so important to ensure your saddle fitter is qualified with the ASFA is because it means you are getting the best possible standards in saddle fitting.

When it comes down to it, saddle fitting is all about the health of your horse and the performance of you both as a single functional unit. Top performance only comes from your horse being fit and the two of you operating as a team. As the saddle is the major interface between horse and rider, the fact that proper saddle fitting is essential is undisputable.

You have a horse. You have a saddle. You know where the saddle goes. But... Do you know if the saddle fits?

ABC of Saddlefit is a workshop aimed at contributing to a better understanding between horse, saddle and rider and will provide participants with a static and dynamic demonstration of saddle fitting. Limited numbers for group bookings to provide a very much hands-on approach. Contact us for further information or to book a workshop.
