### Translation Works

My published translation works (from English into Thai) include academic works, fictions and fact sheets: What Is History?, Strategies of Survival (sections on Thailand), Japan and Its World, Investment Atmosphere in Indochina, Australia Today, Australia in Brief, Selected Proverbs, Goodbye Mr. Chips, Showdown at Little Big Horn, Don't Catch Me, and many fact sheets about Australia.

My radio work most of the time involved translations of feature articles, news and press releases from English into Thai and vice versa.
