Details of papers for Masters Program in Chemistry

The Masters in Chemistry is a four semester Program having the following Papers
Semester – I

The students have to appear in the following three theories and one practical paper.

Paper No.	Title of the paper	Maximum Marks
1	Inorganic Chemistry	100
2	Organic Chemistry	100
3	Physical Chemistry	100
4	Practical	100
Total		400

Semester – II

The students have to appear in the following three theories and one practical paper.

Paper No.	Title of the paper	Maximum Marks
1	Inorganic Chemistry	100
2	Organic Chemistry	100
3	Physical Chemistry	100
4	Practical	100
Total		400

Semester – III

The students have to appear in the following three theories and one practical paper.

Paper No.	Title of the paper	Maximum Marks
1	Inorganic Chemistry	100
2	Organic Chemistry	100
3	Physical Chemistry	100
4	Practical	100
Total		400

Semester – IV

The students have to appear in four elective theory papers and one practical paper which includes seminar presentation. They have to select at least one paper from each group. The fourth elective could be from any group.

Paper No.	Title of the paper		Maximum Marks
