VacPan™

The ideal complement to your built-in vacuum system. Install VacPan™ on your new or existing central vac system. Your VacPan™ will install flush-mounted to your wall or cabinet kickboard, never in the way and practically unnoticeable. To activate your VacPan™ simply direct the foot switch to the on position, sweep dirt and debris toward the powerful suction of your central vac and your floor is clean-instantly! Constructed with a strong ABS resin, VacPan™ is perfect for anywhere frequent cleanup and sweeping is needed.

141679-05-000 Radio/Two-Way w/Battery (Each=1)

Docking/Charging Station

12-volt charger mounts in wall to save space. Latching spring loaded door for easy opening. LED charge indicators for up to 4 radios. Integrated mounting system with trim flange. 10-1/4"W x 8"H x 4-1/2"D.

141679-03-000 Dock Station, Two-Way Radios

Cassette Box

C-Box systems are modular, heat resistant, shatter-proof storage systems that keep tapes or CDs organized and protected, "near the driver". With one hand the driver can remove a tape or CD and put in the player, keeping eyes on the road! Tapes are kept tightly wound by the patented C-Box locking device preventing "tape spaghetti" and a foam bumper keeps them from rattling. CD's rest on their rims in "concave" drawers to prevent scratches. Red indicators tell which storage unit is full. 7-1/4" x 4-7/8" x 2-1/4".

096776-02-000 Cassette Box, 4-Tape

TV Power Controller

The RL-1003 is designed to allow motor home manufactures to comply with vehicle codes which state that a working television must not be in direct view of the driver. The PowerTek RL-1003 has a 12 volt relay connected to the ignition circuit of the motor home. When the ignition is off, the relay is off, connecting 120 VAC to the outlet, hence the television. When the ignition is on, the relay turns on, disconnecting the 120 VAC from the television.

Omnidirectional Antenna

Enjoy television while riding down the highway! The RoadStar antenna is omnidirectional, continuously receiving VHF/UHF/FM signals from all directions. Aerodynamically designed antenna has high impact, weatherproof, UV protected housing. No moving to break or corrode. Built in solid-state amplifier boosts signals an average of 15 db on VHF and 20 db on UHF for miles of clear reception.

GPS Navigation System

The NVE-N872A is designed to make it easier for you to find destinations, and provide you information that you need. A friendly graphical user interface makes operating your navigation system easier than ever. With new intelligent maps, useful points of interest, built-in Zagat survey A® guide, and real time satellite traffic ready, this system will be useful for you on an everyday basis. Now you can find your destination, and so much more! 7.8" W x 1.9" H x 6.9" D.

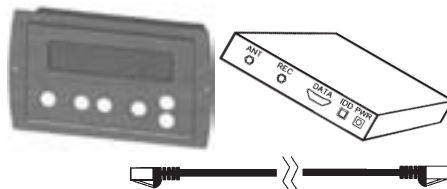

137424-08-000 GPS-Navigation System w/DVD Divit/Maps/GPS Ant./Wire Harness

King-Dome® Satellite System

Take your favorite channels with you wherever you go! With a King-Dome Satellite System, you'll have access to all your favorite programs while on the road. With integrated DVB technology to provide satellite identification, just push a button and the dish will automatically find & track the satellite of your choice. Unlimited rotation means you'll never experience loss of picture due to cable unwrap.

MagneTek Converter

MagneTek's 7400 Series of solid state converters provides ultra-clean DC power, enabling electrical systems to meet the sophisticated requirements of today. The well-filtered power is free from "spikes" or "surges" which can hinder electrical systems and accessories. The whisper quiet operation is a vast improvement in comparison to the humming noise traditionally associated with converters. MagneTek solid state converters also serve as fully regulated two-step battery chargers. The 7400 Series provides all of this while weighing just 7.5 pounds! 4-1/8"H x 7"W x 12-3/8"L.

123058-01-000 Converter-55 AMP, Electronic 7455BT

123058-02-000 Converter-45 AMP, Electronic 7445

Dimensions 130 Watt Inverter

The Dimensions Inverter converts 12 volt DC current from the vehicles electrical system to 117-volt, 60 HZ power. The inverter has voltage and frequency regulation, together with a controlled quasi-sine wave-form, to allow operation of all equipment within the inverters' power rating. High technology control protection assures long life and no user headaches such as blown fuses or failed transistors. U.L. Listed. Size: 10" x 5.2" x 3". Weight: 5.2 lbs.

099048-03-000 Inverter 130 Watt, DUI-12/130TL

Dimensions 600 Watt Inverter

This inverter converts 12 VDC from batteries to usable 120 VAC, 60 HZ power. The inverter was built using filter capacitors, a transformer and metal oxide silicon field effect transistors (MOSFET) in addition the inverter has a digital system processor (DSP) to control the output voltage and frequency as the DC input voltage and/or output load varies. The signal output waveform shape of this inverter is not sinusoidal; it has a total harmonic distortion of 31% and a maximum single harmonic distortion of 25%. 14-1/2"L x 7"W x 4-1/2"H. 13 lbs.

154511-01-000 Inverter-600 Watt w/o Remote Panel

154511-02-000 Remote/Panel, Inverter/600 Watt

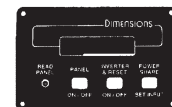

Inverter/Charger

The Dimensions standby power system incorporates a patented construction method ensuring that you are buying the most durable inverter on the market. The patented cooling will provide years of trouble free use in even the harshest environment. The built in battery charger utilizes back-to-back SCR's (silicon controlled rectifiers) for reliability and less noise interference. The charger performs battery conditioning completely automatically. Our fail-safe shore power transfer relay design allows shore power to pass through the relay to the external outlets if the inverter should ever fail.

Intellitec's Energy Management System

The Smart EMS (Energy Management System) is a fully automatic system that oversees the usage of 120 volt electric power. Energy Management Systems are designed to be used in RV's that have one or two air conditioners, and one or two additional large, built-in, shed-able loads such as electric water heater or washer/dryer and a 30 amp cord. The units are designed to sequentially shed loads, as needed, to keep the total current draw below the 30 amp level, as set by the incoming service. Minimizes the nuisance of circuit breaker tripping.

Dimensions 300 Watt Inverter

The Dimensions 300 Watt Inverter features automatic electronic short circuit/overload protection, automatic over temperature shutdown and output circuit breaker. Automatic 10W battery shutdown, quasi-sine wave form, 60HZ power. 13" x 6.25" x 3.25".

099048-04-000 Inverter-300 Watt DUI/300T

Automatic Transfer Switch

The Parallax Model ATS 5070 provides automatic switching of power from shoreline to generator, simply by starting the generator. ATS 5070 also features many new innovations, including components designed for simple field service. UL listed Quality components ensure safe, smooth power transfer performance.

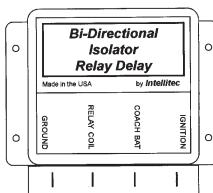

106071-06-000 Switch-Automatic Transfer

ATS Series

The ATS Series are fully rated stand alone automatic generator transfer switches. The ATS30 is rated for 120-volt, 30 amp systems (use with generator rated at 3600 watts or less), and the ATS100 is rated for 240-volt, 50 amp systems using a generator rated at 12,000 watts or less. Both units are DC coils to eliminate low-line voltage dropout and relay chatter. These UL listed units also contain a time delay to allow the generator to build up to speed before the load is applied.

106071-01-000 ATS 30

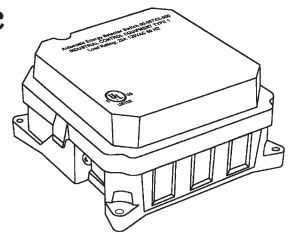

Module Charge Control

(Bird Relay)

Module charge control charges both batteries when either one is being charged. When the coach is being driven, both batteries will be charged from the engines alternator. When the coach is plugged into shore power, both batteries will be charged, the batteries are fully isolated. The controller also senses heavy loads on either battery to prevent the wrong battery from being inadvertently discharged.

130366-01-000 Module Charge Control (Bird Relay)

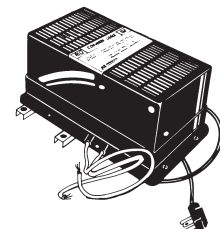

Automatic Energy Select Switch

Intellitec's Automatic Energy Select Switch

(AESS) is designed to be used in RVs to share the power available from a single circuit breaker between two large loads. The AESS applies power to both appliances until the primary load is turned on. It then removes power from the secondary load to prevent the circuit breaker from being overloaded. This function is particularly useful for sharing power between the microwave oven and another "shedable" or postpone-able appliance, such as the washer/dryer, or water heater. Typically, this function has performed with selector switches, forcing the owner to manually switch between the two appliances.

136481-01-000 Automatic Energy Select Switch

MagneTek 940-E

MagneTek's ferroresonant deck-mount converter/charger was designed specifically for quicker RV battery charging. The 900 series units feature a high-impact plastic hood; quieter, more reliable operation; and lower converter temperatures. 40 amps. 9-3/4"W x 7"H x 13-3/4"D. 21 lbs.

114511-01-000 Converter, 40 Amp w/Charger

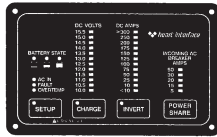

MagneTek Control Center

The Parallax power center concept - combining power conversion, battery charging, and AC/DC distribution. The clean DC output is ideal for powering today's electronically controlled appliances and accessories. 7300 series power is free from "spikes" and "surges," regardless of AC power source stability. Smooth appliance operation and bright flicker-free lighting are benefits end users appreciate. 45 amps, 120 volts. 11-3/4"H x 14"W x 7"D. 20 lbs.

Dustgard Filter

Dustgard Electrostatic with Anti-Microbial is the newest in Precisionaire's line of specialty air filters. It relies upon electrostatic attraction to filter your air. But no special wiring is needed. Instead, air flowing over its unique filtering media creates a mild natural charge to attract dust and other particles and hold them fast.

The Dustgard Electrostatic Air Cleaner is long-lasting. Once each month, simply wash it with water to remove accumulated material. You can re-use it over and over again for years.

Precisionaire's new Dustgard Electrostatic is also specially designed to prevent growth of potentially harmful microorganisms. It utilizes the AEGIS Anti-Microbial System to control bacteria, mildew, germs and mold. The Anti-Microbial remains effective throughout the life of your filter. 14" x 20" x 1".

Hurricane™ "Hot Water" Furnace

Circulates hot water to provide heat. It produces a "house-like" heat and will not dry out your skin or nasal passages. 48,000 BTU, 10"H x 29"L x 15.5"D, 85 lbs.

142290-01-01A Furnace-Hot Water-Complete Asm. Only

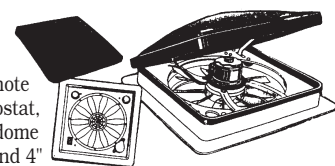

VENTSHADE

The most durable, highest quality shade available. Easy to use, spring loaded VENTSHADE covers the entire vent to block out light. Housed in a white aluminum case to blend into RV interiors. Installs over 14" x 14" vents with four screws. Overall dimension of the case is 18-5/8" long x 2-1/2" wide. Vent cover is 15.7" x 15.7". Off-white in color.

Elixir Vents

The EZ-Mount™ Roof Vent significantly reduces installation cost, as there are only four internal fasteners to be used. No external screws are used which eliminates the possibility of water seeping past fasteners.

SHURflo Accumulator

This high quality accumulator tank provides total control of a wide range of water conditions in a variety of applications. It reduces cycling pulsation and pressure spikes, increases the life of the pump and saves battery power. It utilizes a unique patented domed displacement diaphragm to minimize noise and power usage. It is factory set to 20 PSI, and has a maximum operating pressure of 125 PSI. 1/2" F threads interchangeable inlet and outlet ports.

Traveler 511

Residential size seat and china bowl complement any RV decor. Mirror china finish resists stains or scratches, won't discolor. The 511 mounts to floor with just 4 bolts. Externally-mounted water valve simplifies service. Exclusive ball and seal flush is self-cleaning, leak-proof and odor free; flushes on less than a quart of water. New base cover for good looks, easy cleaning. Model 511 is low profile version. Bone color.

SeaLand Traveler Lite Toilet

Traveler Lite china toilets are our lightest RV toilets. The lustrous, vitreous china bowl provides all the beauty and easy cleanability of a household toilet, while the household-size seat and lid provide the same comfort. It's the perfect alternative to plastic toilets.

Atwood Water Heaters

All Atwood water heaters feature a patented "Throughtube" combustion chamber, utilizing the pilot flame to help maintain water temperature rather than losing this heat energy into the atmosphere. All units are lightweight and compact, fitting into a 12-1/2" x 16" opening with all the controls accessible from the front for easy servicing.

AQUA-BOWL®

Bathroom Cleaner

Cleans and freshens toilets, tubs, sinks and showers. Non-abrasive, non-scrub cleaner. Ideal for plastic, fiberglass and porcelain surfaces. For RV, boat and home use. Thicker formula.

701264-01-000 Bathroom Cleaner

Toilet Tissue

For use in all RV and Marine permanent, recirculating and portable toilets. Specially-formulated, rapid-dissolving tissue. Helps prevent messy clogs. Flushes easily from bowl. Soft, snowy-white tissue. Biodegradable. Four rolls per package. 701178-01-000 Toilet Tissue

Holding Tank Deodorant in Water-Soluble Packs

Eight premeasured water soluble packs. For use in RV and boat holding tanks and portable toilets. Easy to use. Biodegradable. The ultimate in convenience - Simply drop it in.

701263-02-000 8 Pack, Holding Tank Deodorant

Concentrated, Non-Staining, Holding Tank Deodorant

Eliminates waste odor. Liquefies waste. Helps break down toilet tissue. Fast, effective action around the clock. Detergent additive keeps holding tank clean. 100% biodegradable. For use in all portable and recirculating heads, RV and Marine heads with waste holding tank systems.

Hi-Lo Table

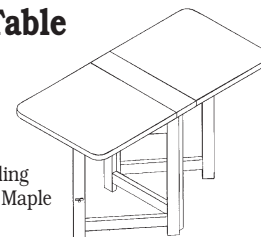

Hi-Lo Tables rise to any occasion-from ideal coffee or cocktail table height to perfect height for dining, entertaining or paperwork. A truly unique design that offers dual-purpose versatility while complementing any room decor. A gentle lift of the table top and the Hi-Lo rises to 27" and stays locked in place. Pull handle, depress top, and table returns to 16-1/2" cocktail table height. 16-1/2"H x 19"W x 36"L with leaves down, 27"H x 32"W x 36"L with leaves up. Medium Oak Solid Wood w/Laminated Top.

115993-01-01A Hi-Lo Table

**Before ordering folding tables contact your Parts Administrator for specifics.*

133604-01-L58 Folding Table Asm.-Washed Maple

Folding Table

Sturdy all purpose table holds up to 150 lbs. and folds flat for storage. Walnut woodgrain table serves as dining, card, craft or occasional table or desk. Chrome legs fold and unfold easily and have non-marring, non-skid tips. Molded rubber hinges won't rust or pinch. Stain and wear resistant table surfaces are colorfast. Stands 26-1/2"H open and folds to 3-3/4" thick. Assembled. USA.

The Sleep Number Bed by Select Comfort™

The Sleep Number Bed by Select Comfort™ is The Key to a Perfect Night's Sleep™. Instead of metal coils and spring, our revolutionary beds use uniquely designed air chambers to provide a gentle cushion of support. Our beds adjust quickly and easily to your personalized setting of comfort and firmness. Our bed is the only bed available that allows you to find your personal Sleep Number®. Most couples have different Sleep Numbers® so each side of a Sleep Number® bed can be adjusted independently. Your Sleep Number® can only be found on a Sleep Number® bed. It is a number between 0 and 100 that represents the ideal combination of mattress comfort, firmness and support for your body, giving you the best sleep possible. We offer the Sleep Number® Vantage Point line exclusively for Winnebago. The following are the sizes offered within our Vantage Point line:

142411-01-700 Mattress-Sleep Number, 60" x 75", Select Comfort
142411-02-700 Mattress-Sleep Number, 60" x 80", Select Comfort

Kwik Lube™

Kwik Lube changes from a penetrating fluid to a tough, protective grease in a matter of minutes! The cured film is impervious to moisture and can withstand temperatures above 400° F (204° C). This formulation also contains additives to prevent rust and reduce wear.
701193-05-000 Kwik Lube, 11 oz. can

Convex Mirror

Large 12" x 4" convex mirror provides wide
panoramic view and eliminates blind spots.
Universal ball joint which allows freely adjusting to
any position, up or down or side to side. Tinted
mirror with texture molded back.

134154-01-000 Mirror-Convex, 12" x 4"

Stick-On Convex Mirror

Injection molded base. 3-3/8" overall size with rounded corner for a built in look.

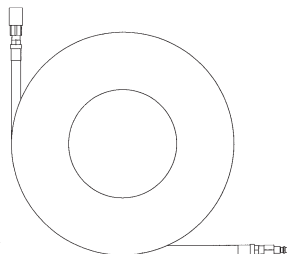

117051-01-700 Convex Mirror

Convex Mirrors

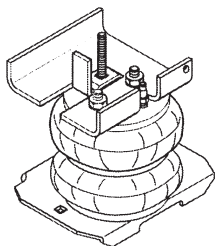

Stick on wide angle mirrors increase viewing range and reduce blind spots.

Firestone Ride-Rite Helper Springs

Installed between the frame and axle, Ride-Rite springs help you compensate for heavy, unbalanced loads. As the load increases, you can add air to each spring, re-establishing the original distance between frame and axle. By adjusting the pressure you can regulate just how much load your helper springs carry, leaving the rest to your vehicle's suspension. The basic kit includes two bellows and the brackets, bolts, nuts and washers needed to install them. Also included are airline tubing and fittings to install the manual inflation system. Complete instructions are also included.

110435-06-704 Stud Extenders-P30

110435-01-711 Decal-Center Cap 2"

110435-06-000 requires "long" rear wheel studs. The advantage of the new liner is installation without lug nut removal, attachment with jamb nuts, and nut covers only need to be installed on jamb nuts. Do not use 110435-06-000 wheel liner/simulator on any early 1996 or prior P-30 19.5" wheel chassis unless at least five full threads are available extending through the lug nut. Earlier '96 and prior chassis (two extending threads or 1/8" typical) use 091209-01-000. 091209-01-000 will work on long stud chassis also.

Spot Lifter

Removes grease stains, oil and most food spots. Leaves no ring. Use on wool, cotton, silk and synthetic goods. Non-oily, non-sticky, will not streak, lemon scented. 16 oz. can.

801708-01-000 Spot Lifter Upholstery

Gel-Gloss

Cleans fiberglass, faded painted surfaces, stainless steel, formica, porcelain, tile, and marble surfaces. Removes road tar and black marks. Can be used in the sun, by hand or with a machine. Cleans, seals, waxes and protects.

698209-01-000 16 oz.

AP 303 Protectant

Never buff or wax again. 303 restores original color and gloss to faded fiberglass without buffing. Keeps fiberglass looking showroom new with periodic spray on/wipe off applications, usually every 45 to 60 days of exposure. Uses ultraviolet screening technology developed for the aerospace industry. Beautifies and provides true UV protection for inflatables, vinyl, rubber, plexiglass, plastics, and sailcloth.

Carbon Monoxide Alarm

KIDDE battery operated carbon monoxide alarm provides protection even during a power outage. Loud 85 decibel alarm alerts you if carbon monoxide levels become dangerous. Batteries included.

5.5" diameter x 1.4" depth.

701201-11-000 Carbon Monoxide Alarm

Carbon Monoxide Detector

Carbon Monoxide (CO) is an odorless, colorless, invisible, tasteless and non-irritating gas that is almost undetectable to your five senses. In many cases of carbon monoxide poisoning, people report feeling too sick or disoriented to exit the RV or to call for assistance. This detector will warn you when CO is present.

146126-01-01A Detector-CO Gas, 12V, White

Carbon Monoxide Detector Sensor

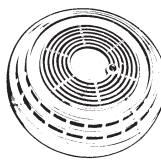

112320-04-000 Detector CO Sensor Assembly, Black Module

COSTAR Model 9RV

The carbon monoxide alarm is circular in design and is powered by a 9 volt alkaline battery. The unit includes a mounting plate, a tamper pin and the required screws and anchors for installation. The alarm uses a solid-state infrared technology system with a reservoir that does not require replacement. The unit is capable of operating from 32° F to 126° F (0° to 52° C) and within a relative humidity range of 15% to 95%. Alarm signals are both audible and visible. 10.5" x 10.5" x 5.0".

125136-02-000 Carbon Monoxide Alarm, 9RV

Smoke Detector

Smoke alarm with solid-state electronic circuitry powered by a 9-volt battery. With test button. 4-1/2" diameter x 2" deep.

072852-01-000 Smoke Detector, USA

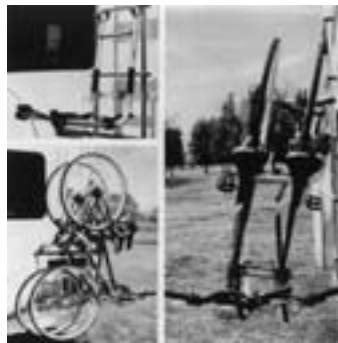

072852-02-000 Smoke Detector w/Battery, CSA

FIREX Smoke Alarm

Smoke alarm with lighted power and alarm indicator, test button, false alarm control, separate mounting bracket for easy installation. Powered by Lithium 9-volt battery for fewer battery changes. 4" dia.

072852-03-000 Detector-Smoke

Bike Rack

This bike rack is designed to attach to an existing ladder on a recreational vehicle or van. Weighing just over two pounds, the rack safely holds two bikes. A well-engineered strap system holds the bikes securely in position, so that they are protected from damage. At the destination, the rack unhooks for easy storage. The rack is made of high-strength aluminum alloy, beautifully anodized for corrosion protection. Made in the USA.

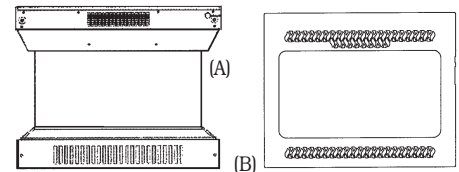

701703-23-000 Bike Rack

Trik-L-Start™

Ultra Trik-L-Start™ keeps your motorhome's chassis batteries fully charged, even when the engine isn't started for extended periods. Designed for both diesel and gasoline motorcoaches, it works by "stealing" power from your house battery charger to provide a maintenance charge for the chassis batteries. The gentle, tapered charge profile prevents over/undercharging, yet is powerful enough to handle dual chassis batteries with ease. Installation is quick and easy. Fully protected against reverse polarity and short circuits, the circuitry is epoxy-encapsulated inside a rugged, waterproof enclosure. Illustrated instructions and installation hardware included. 3.85"W x 2.08H x 0.90"D.

156431-01-000 Charger f/Chassis Battery, w/Instructions/Hdwe. Trik-L-Start-Ultra

Electric Fireplace

Easy to install - no gas line or venting required. Just plug it into a 120 volt outlet or hardwire to 120 or 240 volts. Heat circulating. 23" is 23"W x 12-5/8"H opening dimensions, 23-1/2"W x 18-1/4"H x 9-3/4"D. Rough framing dimensions. 26" is 26"W x 16"H opening dimensions - 26-1/2"W x 22-7/8"H x 9-3/4"D - rough framing dimensions.

You must be a member of the Winnebago-Itasca Travelers Club to participate in the WIT Tours Rallies and Caravans. To sign up for one of these great events, please call the WIT Office at 800.643-4892, ext. 1. Check us out on the web at www.winnebagoind.com, under Lifestyles, then WIT Club. Events subject to change.

If you own a Winnebago Industries motor home and would like to join the WIT Club to enjoy a rally or caravan or the many other benefits, contact the WIT Office at 800.643.4892, ext. 1.

Winnebago-Itasca Travelers Club

Exclusively for owners of Winnebago Industries RVs! Our purpose is to promote fellowship and fun; develop recreational, social and travel opportunities as an RVer. WIT furnishes members with benefits specially designed for owners of our company products. PLUS...an opportunity to purchase additional benefits at reduced rates.

Services & Benefits

WIT CLUB NEWS...Every member of WIT receives the club publication 11 months a year. Non-WIT members pay a subscription fee of \$25/year. Each issue is chock full of the latest news concerning club and chapter activities, service tips from Winnebago Industries technical staff, WIT Tour opportunities, event schedules and many more too numerous to list!

CLUBS & CHAPTERS...More than 250 State Clubs and Local Chapters, located both in the U.S. and Canada, welcome you to join them and participate in their activities. Also, special interest clubs, such as full-timers, golfers, ham radio, military, computer and racing fans, invite you to join them.

GRAND NATIONAL RALLY...Each year, all WIT members are invited to attend the GNR held in Forest City, Iowa. You will see and enjoy top-name entertainment, seminars, vendors, craft sessions and a wide variety of programs.

MEMBER ID...New WIT members receive ID license plates.

CARAVANS & RALLIES...Rallies and Caravans are researched and developed exclusively for WIT members. More than 20 events a year are held in the contiguous U.S., Canada and Alaska.

MEMBERSHIP DIRECTORY...A directory of WIT members is published annually and sent out on request to members free of charge. It contains a complete listing of all members listed by name and by WIT number to help you identify each other during your travels. A current listing of WIT campgrounds offering a 10 percent discount is also included as well as the national WIT by laws.

MAIL FORWARDING...If you are traveling for a period of time, let our mail forwarding service help you receive your mail in a timely manner. Program costs only actual postage plus a small handling fee.

800-643-4892 Ext. 1

TRIP ROUTING...WIT Trip Routing service provider supplies maps and travel information to help you reach your destination either by the quickest or most scenic route. **FAX: 928-505-1738 or PHONE: 877-801-0333.**

Discounts

ROADSIDE ASSISTANCE...This road service program provides no-limit towing, free emergency message service and more. **877-801-0333**

MOTOR HOME INSURANCE...A special motor home insurance policy on your coach includes a complete replacement for newer coaches, towing reimbursement and other features. **800-331-1520**

MEDICAL AIR TRANSPORTATION...Emergency medical air transportation service is available at rates exclusive to WIT members. This 24-hour service also includes return of your RV, minor child, pet and visitor transportation and more. **800-475-9633**

WINNEBAGO CUSTOMER SERVICE...Get a 10% discount on all parts and accessories. New and lapsed memberships have a 30-day waiting period.

WIT CAMPGROUNDS...A 10% discount at hundreds of enrolled campgrounds. See your annual membership directory for a complete list or on the website at www.winnebago.com, then select Lifestyles and click on WIT.

DISCOUNT HEALTHCARE...Program offers guaranteed lowest prices for maintenance medications, prescription glasses, hearing aids and non-prescription sunglasses; super savings and chiropractic and dental care, travel assistance and emergency services.

800-921-1104 Ext. 3

FLYING 'J' RV MEMBERSHIP CARD...Your ticket to discounts and amenities at Flying J's easy access travel plazas and fuel stops nationwide.
