What bands could work for you?

Some combinations for you to consider are;

JAZZ TRIO— Unobtrusive yet stylish, a Jazz trio of instrumentalists, or with singer will add a touch of class to your function. This is our most popular format and we have played for many high profile events and corporate evenings at Qatar's most prestigious hotels.

JAZZ QUARTET OR QUINTET. For bigger events this format will grab the attention of all your guests. With or without singer the classic sounds of smooth and cool jazz will add an ambience that no one will forget.

SALSA / POPULAR MUSIC COMBOS. For more upbeat occasions, the Salsa sounds of a Latino band or rock / blues group can be what is needed to get your guests tapping their feet and getting onto the dance

floor. The Doha Jazz Orchestra can supply you with the big band hits of Sinatra, Ella Fitzgerald, Duke Ellington and more. These bands typically comprise 6 or 7 musicians and can be combined with smaller bands to play lighter music over drinks or dinner.

CLASSICAL

ENSEMBLES. On request we are happy to provide classical music in the form of a quartet or similar. Combinations such as violin, cello, flute and piano can combine to play the high society pieces by Mozart, Schubert and Strauss.

SOLO PERFORMERS. When budgets are limited or the event you have in mind is small, it may be more appropriate to have a solo performer on piano or guitar.
