Subject: John Knight for Supervisor

To: [johnrknight@comcast.net](mailto:johnrknight@comcast.net)

The application that I use for any project or policy is that they all ensure we will have un-congested roads, give traffic relief and are environmentally responsible. If the proposed project is a typical Home Depot type project, such as Folsom and other areas of Sacramento I would not be in favor a such a project.

As your current Planning Commissioner my records is clear. I voted along with 3 other commissioners to turn down the Home Depot that was planned in El Dorado Hills. I have no problem voting NO on the wrong project in the wrong location.
