Re: Prices effective October 26,2004  
Prices subject to change without notice

Not a good week for berries. Raspberries and Strawberries are suffering the effects of rain in California and prices have moved much higher. Blackberries continue to fall. Iceberg Lettuce up again, however Leaf and Romaine are steady. Squash has fallen again, along with Cucumbers. All of the peppers are much higher. Tomatoes remain a very short item again

Bowie Produce Co., Inc.
