

CHANGING LIVES & MAKING A DIFFERENCE

- **Enriching the Curriculum Through Movement**

Conference Room 210

Physical Education Teacher Education Students at Georgia College & State University will present the innovative work that they are doing in area Georgia Schools as part of their teacher education program under the direction of Betty Block. These students will explain how they have integrated movement into several subjects and classrooms including: special education classrooms, classrooms for the talented and gifted student, media and technology classrooms, and music and art classrooms while also studying traditional physical education.

Presenters: Betty Block, Carrie Boggs, Brook Adams, Craig Hargrove, Jane Harper, Kelly Ondre, Adam Price, Mandy Weatherby, Ronnie Womack, and Kyle Williams

- **HB 1187 and Fitness Survey Results & Discussion**

Conference Room 211

This session is an overview of the HB 1187 survey taken last year by Mike Metzler, and an update on the statewide fitness survey. Discussion will follow the presentations.

Presenters: Mike Metzler, Barry Joyner, Mike Martino, Frank Spaniol, Chip Darracott

- **Jazz Dance**

Peach Ballroom

This session will utilize the traditional feel of a jazz class while employing the funk and hip-hop genres of jazz. The class will have a fun atmosphere while learning technique and new and interesting moves that you can use with your students.

Presenter: Tara Shepard-Myers

12:30 – 2:00 pm

Jump Rope for Heart/Hoops for Heart Luncheon (By Invitation Only)

Thyme

12:30 – 1:20 pm

- **Dance Workshop: Modern Dance and the Beginner**

Peach Ballroom

This session will serve as an introduction to the dance technique of Jose Limon. Students will be introduced to the principles that govern his style, focusing on weight, breath, and alignment.

Presenter: George Staib

- **Providing International Service Experiences For Health and Physical Educators**

Conference Room 112

The purpose of this presentation is to discuss the significance of providing international service opportunities for health and physical education students and faculty. In May, 2001, twenty-one students and faculty from Georgia Southwestern State University participated in an international service project by traveling to Nicoya, Costa Rica, to build homes for Habitat for Humanity International. The presentation will share a variety of journey experiences including visits to San Jose, Samara, San Ramone, Monteverde Rain Forest, and Arenal volcano. Administrative details will also be addressed including: budget, fundraising, participant selection, location selection, group travel, transportation, lodging, language/communication, and Costa Rican culture.

Presenter: Frank Spaniol
