

# Carolee Kinde

graphic designer

## About

I am a graphic designer specializing in print and digital communications, marketing collateral, page layouts, brand design, and logo design. My hobbies include photography, writing, and website design. Other interests include spending time with my family, playing video games, and watching new shows on Netflix. I have lived in Minnesota, the land of 10,000 lakes, for most of my life and appreciate the natural beauty that surrounds me all four-seasons long.
