

Editorial Rules

We will make clear distinctions between facts and opinions verifying all news published.

We will attempt to give full coverage equally to all school departments, clubs, organizations and activities.

We will provide opportunities for student expression without individual incrimination.

We will abstain from criticism of any racial group religion, creed, administrator, or student.

We will thoroughly check all facts and consult the persons involved before commenting on programs, or courses of actions affecting the students of R.H.S.

We will publish letters to the editor that meet the standards of good taste as space permits. No letters will be printed which are not signed by the student writing it.

We will not print or allow to be published any language which is obscene or profane.

We will attempt to make retractions of all statements made in error in the following issue when they are brought to our attention.

We will realize our responsibility to present all aspects of an issue.

The Columbian is published every three weeks, on Friday by the Journalism II class at Rainier Oregon 97048. The Columbian is a member of the National Scholastic Press Association and the Ore., Scholastic Press.

Which Side Is Yours?

A little misunderstanding has come about as to which side of the hall to walk on. After fourth period, everyday anyone wanting to go upstairs has to wait at the bottom because of the freshmen. They come bombing down the stairs as if no one else wanted to go up the down the stairs as if no one else wanted to go up them. A few upperclassmen could take heed. If everyone would wald on their own side of the hall we might make it through the rest of the year. Also if a few of the frosh haven't heard, the coke and candy belongs upstairs. We've all make a few mistakes in our lives, they're forgivable unless they get out of hand. For all of those who don't know, walking to your right is the proper side to walk on.
