Program Assistants and Helpers:

Program Assistants and Helpers are a vital part of our CanSkate program. As an assistant or helper you will aid the coaches in the delivery of the program. Program assistants and Helpers are required to attend a training session during fall school. This is a great opportunity for skaters to pass on their love and knowledge of skating. It is also great for the resume! The skater must be a minimum of 11 years of age at registration to be a Program Assistant or 10 years of age at registration to be a Helper and must have passed the Preliminary level in both dance and skills. If you are interested please indicate below:

Late Registrations:

Will be accepted at the discretion of the Club executive and registration fees will be pro-rated for skaters starting after November 15, 2009.

Refund Policy:

Refunds will be issued prior to January 15, 2010 and will be pro-rated based on months skated. SkateCanada and Clavet Arena Fees are non-refundable.

Bingo Policy:

Further to the Bingo rules and regulations, we must enforce that if members do not have their required City Centre Bingos worked prior to the end of the skating season, your Clavet Arena Fees cheques will be cashed. If you are unable to work the shift that you signed up for, it is YOUR responsibility to find a replacement worker and to inform the Bingo Coordinator.

Kitchen Policy:

The Clavet Skating Club is requested by the arena board to have the arena kitchen open for all skating lessons beginning with Fall School, through the regular skating season as well as a number of tournament weekends. The number of shifts required per family, will depend on how many families are registered. If there are an odd number of shifts left to fill, we ask those with more than one child per family to do an extra shift.

Kitchen shifts are a source of fund-raising for the Clavet Skating Club as we receive a % of the profits, please keep this in mind and help to make the kitchen a success. The schedule will be posted on the bulletin board, you are responsible to find replacement workers or make trades if the schedule is not suitable for you.
