

Road bosses had made a previous verbal agreement to fund one-third paving in 1998.

"It's a county park and they need to act on their respon-

a county park and we feel at least one-third of the traffic on that road is from the parks."

Richmond man dies from reaction to peanuts

ALMONT—A 19-year-old Richmond man died

Saturday after an apparent allergic reaction to peanuts.

Almont Police Chief Eugene Bruns said Vincent Gary Pompilius was visiting a home in Almont Saturday.

It was around 11:51 p.m., when Officer Laura Mohr was dispatched to the home in the 5200 block of Cochran Road.

The caller indicated Pompilius was apparently having an allergic reaction to peanuts.

When Mohr arrived, Bruns said, the man already was going into shock. Mohr administered first aid until Lapeer County EMS arrived.

Bruns said Pompilius had already injected himself with an antidote for this condition.

Mohr drove the ambulance to Lapeer Regional Medical Center, Bruns said, so that the ambulance attendants could work on the teen. Bruns said Pompilius was later pronounced dead at the hospital.
