Anti-KKK March

ATTENTION: The KKK will be marching through our streets on April 20. Do not let these people spread their racist views on the good people of Tennessee. Join thousands of others as we fight for our kids to live in a world without hate. Stand for change.

(Chicago Tribune)

We will be meeting at 10 a.m., at 1020 West College Street, Pulaski Tennessee.

If you have questions visit our website, [Contact Us | Southern Poverty Law Center](#)

From there you can call us or donate to our organization.

Note, the KKK members might be armed but do not be afraid and don't stand down.

The hate group is still active in 22 states but we will not let them intrude our values. Stand with us.
