

The events of September 11, 2001 will go down among the most tragic in American history. When some semblance of order has been restored, we may be able to tally the number of innocent lives lost, but we will never be able to quantify the sorrow this tragedy has caused. It is heart warming to witness the unity of our country and the spirit of patriotism demonstrated by the American people.

This can be a frightening time for us as Americans. It can be much more frightening for innocent people, many of them Americans by naturalization or birth, who may fit someone's "profile" for retaliation just because of their race, religion or ethnicity, or for other invalid reasons. We already are hearing news reports of acts of violence against people and property in Texas. These actions are violent acts of bigotry, and nothing else.

Please join me in ensuring that in our community, we are all free from acts of discrimination. It is more important than ever that we be here for each other as a community, and on a larger scale, as a nation.

Parking

Parking still seems to be an issue on Shawn Lee Cove. There are too many cars for this little street!

Your car should be parked either in your garage or driveway. Please work together in eliminating cars parking on "private" streets.

We have overflow parking spaces to accommodate multiple owned vehicles. Your car may be a little ways away from your house and you may have

to walk, but it's a solution! Another solution is to simply clean out your garage!

Again, I would like to stress safety should be your main concern, allowing for emergency vehicle clearance. Another concern should be the cost of upkeep to our "privately owned" streets at the expense of our HOA.

Please do not park your vehicle in front of the common areas or fire hydrants. Do not park

an inoperative or non-registered vehicle on the street or in the overflow parking areas. If you use a company vehicle, please park it in your garage or in the overflow parking, not in front of your house advertising your business!

We are trying not to get legal authorities involved in writing citations to homeowners who are in violation of our CCRs. Please do your part in helping resolve this problem.

Get-together

The get-together September 29th is not sponsored by our HOA. We have been included in this event as a community effort to meet & greet our entire neighborhood!

It is however, going to be held in one of our common areas. A liability release will be requested by the officers of Collinwood West HOA prior to this event.

Come and enjoy! Get to know your neighbors who make up our neighborhood! Talk to both associations' officers regarding our neighborhood and community as a whole.

Give us your support and offer suggestions in making this community a great place to live & enjoy!
