1 DVD's Present by Mervin L. Evans Venture Capital Made Easy
1,006 Page Workbook on 1 Adobe CD Evans Venture Capital Directory
Audio Package Courage to be a Success

Who needs this title: If you need funding, this is a mush have title! Persons who are planning to raise $1,000,00 or more investment capital. The right business plan often determines whether you obtain Venture Capital or early stage investment capital. A business plan is not just a written document, it is how you conduct your business. A 5 Page package is not effective in locating major capital. Writing a business plan must involve a solid research, creating a marketing and creating a life plan. Your personal affairs are critical to the successful placement of your investment. Dealing with your personal credit rating is a must.

When Results Matter you call Mervin Evans !

Over 80% of the Investment Capital is in the hands of less than 200 Money Managers. If you need investment capital, these are the people to talk to! But you must understand the investor's needs and the standards the investor expect of you. Selling the Deal!, will help you in the development of a full-length venture capital investor-ready business plan. From Internet, to chemicals, to health care, to transportation, to software, and everything in between. Author biography: Mervin Evans, one of North America's leading expert is an experienced business planning consultant. A top Venture Capital consultant with over 20 years of being rated one of the best of the very best.
