

NOTICE OF PETS ON PREMISES

Date: _____

Child (ren) _____

This is to confirm that the undersigned parent or guardian of the above child (ren) has been notified of the following pets on the premises and agree that their child (ren) may have contact with these pets while in care of Country Daycare.

Parent Signature: _____

Provider Signature: _____

Chloe is a four-year-old female boxer mix. She is our daughters show dog for 4-H dog training. Chloe has come to consider herself part of this family and should be treated as such. Though her size can be somewhat intimidating she is still very much a big puppy. She is very well behaved around the children and will come in contact with the daycare children depending on each child's reaction to her.

Chloe receives her annual vaccinations through a licensed veterinarian.

There is also an African Grey Parrot, Captain, in our home. The children will not have physical contact with him, but will be able to enjoy his antics and talking abilities during the day. Captain also receives veterinary care.
