OVAL Track Up Next ?

<http://www.geocities.com/coxdynamic/>

Thanks to Ed and Carl for this month's web site photos, they're top notch !

of some top flight NASCAR action of late Possibly the new NASCAR season has already raised the thermometer around these parts !!!

Enduro Race to be
contested !

Rumor Has it

NASCAR OLDIES ?

Sportsman Run ?

With the new Winst...OOPS NEXTEL CUP season now underway, it seems to me some homage needs to be paid to the past heroes of NASCAR ! Richard, Cale, Lee Roy, et al, paved the way for the guys we root for now. In an effort to recognize the pioneers of NASCUP, C.A.R.S. Vintage Slot Car Club is considering a tribute class to the glory days. 1985 or older stocker bodies on brass/wire frames. Either 4' or 4 1/2 . Any comments ?

The Race Place OVAL at Collingwood Auction is just the ticket to wring out the club's Sportsman racers. While several members have in their possession the original K&B Sportsman slot racer of the sixties, a few homegrown versions have surfaced as well. A certain blood red Southern car seems to be the one to beat ! More on this matter later....

A decidedly oval track flavor has permeated our newsletter this month. It seems that the Collingwood Oval is the scene

No, we didn't have a representative at the inaugural Div. III Can-Am Series race at Zeppelin's! We're shooting for the next one at Slot Zone.

Professor motor chassis kits are a real bargain, at \$20.. A pop they offer numerous build opps as well as an excellent learning experience for those willing to give building chassis a shot !

Can we have a Saturday afternoon oval track get together someday soon???????????? ?

About the Club

- * No Dues !
- * No membership fee !
- * No officers !
- * No Rules or by-laws !

An informal gathering of enthusiasts

Collecting And Racing Slotcars

The upcoming 4 HOUR ENDURO to be held at The RACE PLACE will see a C.A.R.S. Team entered. The race to be held on March 24, will be contested on the mighty Red Lightning track. Club members Bill Walker and Pete Linszky will attempt

to bring glory to the club. Enduro racing provides a great opportunity to experience the thrill of real racing. Driving talents aside, strategy, mechanical prowess as well as camaraderie all play an important role in a successful race.

Both Bill and Pete are no strangers to slot car racing or each other for that matter. Their freindship has spanned **30 YEARS !** And their racing experience as well. Any other teams from the club would receive full tech support from these seasoned vets !

FOUR HOUR ENDURO ON TAP !
