

ENVE at Cal Poly

- by Rod Keif and Hal Cota

Sixty-five years ago at Cal Poly the start of our dynamic

program

Department Name Change

**Air Conditioning
and Refrigeration
Engineering**

**Environmental
Engineering**
HVAC
Air Pollution

Calif. State University
System formed

New Faculty

Decade: **Seventies**

**Environmental
Engineering**

**HVAC
Air & Water
Pollution**

**EnvE department dissolved
Air/water moved to newly formed
Civil Engr. Dept. as the EnvE degree program.**

HVAC/solar moved to Mech. Engineering
as a **concentration** ME.

**EnvE Program becomes multimedia → air -
water/wastewater-noise-solid waste-hazardous waste
management**

Decade: **Current**

ENVE

Started with concern about indoor thermal environment and noise

- Concern about outdoor environment added
- Air , water-wastewater-solid waste-hazardous waste-remediation
- Total exposure-indoor environment

That's the big picture !

- You are a big part of this picture
- Networking with alums and students
- Feedback to the faculty
- Advising use formally or informally on
 - Curriculum
 - Labs
 - Opportunities for students

Thank You !
