

RULES

- Be on time.
- Do not bring sick children.
- If you need a substitute, look in the schedule and find someone who is not scheduled to work that day or someone with which you can switch. It is **your** responsibility to find a substitute.
- No children are to be in the building or on the playground unsupervised.
- When children are outside, they should stay in the playground area (rocked area) unless they have been given permission by the parent to be elsewhere. Parents are responsible for their children once they have been picked up from class.
- No running or horseplay in the building (this includes the throwing of balls).
- Discipline – We expect the children to be respectful and obedient. In the best interest of the children, the teachers need to notify the parents if there is a problem. If the problem persists, the child will not be allowed to participate in the class.
- Please leave the rooms as you found them. (Most rooms should have a set-up map.)

CO-OP SPRING CLASS SCHEDULE 2008-09
