Astrology For Lovers

from World of Wisdom

INTRODUCTION FOR COUPLES

The "Astrology for Lovers" program analyses the relationship possibilities and assesses the compatibility between two people. The left-hand column of the analysis shows the relationship from the point of view of the one partner and the right-hand column from the point of view of the other. This report describes facets of individual character which reveal certain predispositions within relationships whoever the partner is, as well as facets solely evoked by a specific partner. By enhancing your positive and transforming your negative behaviour patterns you will be able to have optimal success in your relationship.

In the comparison of two horoscopes there will always be problematic contacts as well as harmonious ones. From the point of view of long-term relationships, problematic inter-aspects also show compatibility ... there is far more likelihood of a stable bond with many problematic contacts than with no cross-contacts at all. Above all remember that if you have met and fallen for a person then that already shows compatibility, whatever your horoscope says. First listen to your heart, then use what you can learn from this report to improve on what you have.

PROJECTIONS

When there is an attraction between two people there is also a powerful tendency to see qualities in the partner which are the projections of one's own idealised picture of the relationship. Should problems arise later the likelihood is that they arise from these projections. This analysis shows what kind of partner Audra and Clinton are attracted to and what to do to avoid evoking negative behaviour in the partner through the previously mentioned projection mechanisms. Greater awareness of these partnership mechanisms can improve a relationship immeasurably.

CONTRADICTIONS

The rest of the analysis deals with the planetary interactions between the two horoscopes. This makes it possible to learn the lessons which this particular partnership has in store for itself and to judge its compatibility. Please bear in mind that a horoscope - and personal character - are immensely complicated and full of contradictions. Although this analysis does try to weigh up different contradictory factors, seemingly opposite characteristics may well be listed next to each other. In these cases one type of behaviour will tend to neutralise or simply conflict with the other.

GENERAL BACKGROUND

Audra

Clinton

IDENTITY: Though the Sun Sign is obviously a very general factor in relationships, it is - together with the sign the Moon is in - nonetheless powerful. It is important to remember that any Sign can successfully relate to any other Sign. Statistically there are no pre-dispositions of one Sign to another. However the interaction between two Sun Signs will give rise to special pleasures or challenges which will form part of the process of personal development for each partner. Your Sun Sign reflects your personal identity and desire to realise yourself - what is important is whether you feel supported in this quest or not.

Sun in Taurus

Stabilise your foundation

As a Taurus, you are seeking security and stability both materially and in your love-life. At heart you have no desire to put yourself at risk, and therefore you appreciate a partner who you can count on and who appreciates the support you are so good at giving. Your capacity for pleasure is considerable, so mutual enjoyment is an important value for you.

Sun in 11th House

The major area for your self-expression is in group ventures, and as a leading figure in networks of friends and associates.

Audra's Sun in Clinton's 3rd House

Your influence makes Clinton more conscious of the need to acquire knowledge and learn skills, especially as you place the focus on good communication and self-expression. You need an exchange of ideas to feel good in this relationship.

Sun in Sagittarius

Inspire with your visions

As a Sagittarius you seek to expand your horizons and want to find meaning in life. You embrace principles of freedom and justice, and want to be respected for your knowledge and insight. You want your partner to complement you by being a good student and intellectual sparring-partner - questioning and curious - and by sharing your love of knowledge and travel.

Sun in 10th House

The major area for your self-expression is in your career. You are bound to have impact in this area and rise to a position of authority.

Clinton's Sun in Audra's 5th House

You make Audra powerfully aware of herself as an individual and evoke in her a greater capacity for self-expression. For you, one of the main priorities in the relationship is to discover the child within and have fun. Having children together can make you both feel complete.

As a Taurus, Audra values stability and comfort - not exactly the most important things for Clinton, who is a Sagittarius, and as such is searching for meaning and excitement in life. It is important for Audra to respect the partner's need to expand horizons through learning and travel, whilst in return Clinton must respect the need she feels for security and sensuality.

What makes people with the same Sun Signs so different is the contacts to other planets - or aspects - that the Sun makes. The following section shows which planets in your horoscope aspect your Sun and thereby modify your identity - and what consequences this may have in relationships.

Sun positive Mercury

A subjective view

Considerable self-esteem is invested in your ideas and opinions. You may be very creative but have difficulty seeing matters objectively. It is not always easy for you to see things from your partner's point of view. Personal pride interferes with communication.

Sun positive Jupiter

Positive future-orientation

You have a magnanimous and generous personality, and you search for meaning in life through travel, reading, study and discussion. With your wise and cultivated nature, you are a good advisor. In love, you are understanding and tolerant yet with a strong sense of ethics and justice.

Sun positive Uranus

Unique personality

You are a humanitarian and freedom-loving person who can make friendships with people from all walks of life. You may well be socially active and dabble in consciousness-raising subjects. For

Sun positive Moon

Self-integration

You see yourself as a nurturing and supportive person, and are proud to be part of the family. In your relationship you intuitively sense what your partner is feeling and you assert yourself in a very sensitive and considerate manner.

Sun negative Saturn

Self-effacement

Your self-confidence is not strong, and this makes you shy and inhibited, as far as self-expression in partnerships is concerned. Your partner finds it difficult to get close to you, and even though you long for praise and approval, when you get it you act as if you do not need it. Lack of confidence, in yourself, and in the future, puts a damper on your partner's enthusiasm. However, you are committed and responsible, and with maturity you can learn to relax and see the lighter side of life.

you, partnership is also friendship - you are prepared to love but you are not prepared to be owned or smothered.

Sun negative Neptune

Blinded by ideals

You are an idealistic and dreamy person but very vulnerable to personal disappointments. Only when you learn to sacrifice your ego can you attain your dreams and then your dreams have to be in tune with a greater plan. Do not let feelings of martyrdom dominate, and refrain from blaming society for the ills that you see in the world. You tend to play out your partnership on the world stage and project your disappointments. Spiritual practices will help you see yourself more objectively.

Sun positive Neptune

Idealisation

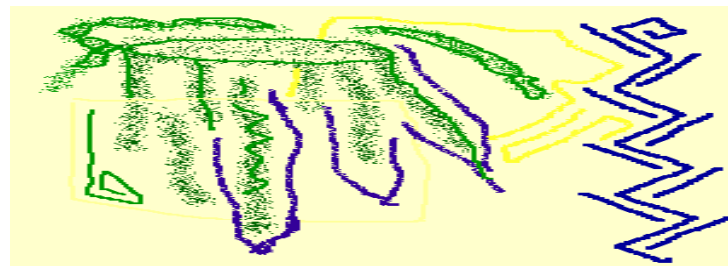

You are a humanitarian and an idealist with a lively imagination and strong social concern. Spiritual events take place in your life which revolutionise your values about what is important - and personal ego is not a value which you appreciate. You will need a partner who shares your non-material views and spiritual, creative, or socially conscious inclinations.

Mutuality: Please note that in this case both Audra and Clinton have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - positive/negative: Although dealing with this mutual influence will be easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and thus enhance the quality of your relationship. Sun/Neptune: This will be most apparent in terms of spiritual growth or development of your creative potential. Overcoming your tendency to have unrealistic expectations, you can inspire an appreciation of the true nature of reality in each other.

Sun positive Pluto

Being masterful

You have a very strong character with a deep psychological interest in what goes on within yourself and others. You know how to handle power, and tend to be rather autocratic, inspiring respect, if not nervousness, in others. Though quite secretive, you require honesty in your partner; though wilful, you appreciate it when your partner stands up to you. You understand weakness but have no respect for a partner who is weak.

Your ability to realise yourself, and the attitude that your partner has to this quest for self-realisation, is shown by the interaction between the Sun in the one horoscope and the planets in the other. This has a profound effect on how you are able to express yourself in each other's company.

Audra's Sun negative Clinton's Mercury

Playing with the trickster

There is a strong contact between you - a ping-pong of ideas and gibes which really livens up the relationship mentally. In some ways you may feel threatened by the versatility of Clinton, who appears to you to be intelligent, witty and flexible. This can be a little irritating to your pride and you may respond with accusations of superficiality, etc. He pokes fun at you when you are haughty. You could have fun if you didn't take yourself so seriously because Clinton provides a useful counterpoint to you, giving you refreshing perspectives on how you are as a person. You could learn a lot from listening to him, because behind his light-hearted remarks lies considerable clarity.

Clinton's Mercury negative Audra's Sun

Playing with the trickster

This contact represents an important connection between you, enhancing your mental abilities and communication and keeping you on the ball mentally. You will not agree on everything and at times you will find Audra too proud or self-important but you provide a useful counterpoint, bringing objectivity and discussion into the relationship. Often she stands on her dignity and insists on having her way when you come up with the ideas. This often puts you in the position of you being the pupil and she the schoolteacher. Audra feels perhaps, that you are too flippant or smart and emphasises concepts of honour and straightforwardness which you feel are impractical.

having his way when you come up with the ideas. This often puts you in the position of you being the pupil and he the schoolteacher. Clinton feels perhaps, that you are too flippant or smart and emphasises concepts of honour and straightforwardness which you feel are impractical.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality-negative: Both of you struggle with a mutual influence which subjects you to considerable stress and tension. This area will be a subject of conflict and disagreement, yet your struggles will bond you to each other, ultimately leading to a transformation of the behaviour in question. Sun/Mercury: This will be most apparent in mental issues, showing how strongly you identify with your ideas and opinions and how important you consider mental skills to be in your lives.

Audra's Sun negative Clinton's Jupiter

Intellectual pride

This is quite a strong bond which helps you to learn the ways of the world and expands your horizons. Sometimes you are stimulated and impressed by Clinton's judgement and opinions but at other times you will be exasperated, because you feel you have to defer to these opinions and your pride isn't too happy about that. Even though he can be very persuasive and convincing, his judgement is not always right for you. If you can avoid ideological debate then there can be a lot of humour in the relationship. Unfortunately there will often be times when you differ intensely about matters of principle and this often boils down to intellectual pride. If he wishes to retain the role of advisor, he must learn to respect your right not to follow his advice.

You often feel that when you express yourself, you must present yourself to Clinton for his assessment or advice. You can certainly learn a lot in this manner but take care to ensure that your own autonomy is not threatened.

Audra's Saturn negative Clinton's Sun

A fated bond

This is a very strong factor in your relationship and weighs rather heavily upon it. There is an element of fate which binds you together, and you are somehow forced to take an authoritarian role, providing strict guidelines for Clinton's development. You may feel uncomfortable with this role - he certainly does and at worst he feels restricted and repressed - but you feel it is your duty to work on what you see as your partner's immaturity. However you tend to feel insecure and clumsy in exactly those areas where Clinton is most himself and most spontaneous, so don't let your own fears colour your attitude to him. Learn to cherish the child in your partner instead of always subjecting it to your discipline.

Your unmitigated sense of realism and responsibility casts a pall over your partner's opportunity for self-expression.

Audra's Sun negative Clinton's Neptune

Fall from the pedestal

This is not a major factor in the bond between you, yet there may be times of considerable confusion in your relationship. This confusion may be of an existential nature and possibly something

Clinton's Jupiter negative Audra's Sun

Intellectual pride

This is a very stimulating intellectual relationship but there can be some conflict of opinions and ideology. When differences arise you hate to be proved wrong and it hurts your partner's pride if she does not have your approval. Audra often feels that you stand in judgement whilst all she wants is your respect. If you can overcome your intellectual pride and restrict yourself to only giving advice when asked - thus respecting her judgement - then there can be plenty of growth and development. There are many shared cultural interests and a great opportunity for travel. Avoid indulging in or encouraging feelings of superiority.

You often feel that you know better than Audra. Maybe you do but there is hardly anything more irritating than being made aware of one's lack of understanding.

Clinton's Sun negative Audra's Saturn

A fated bond

As far as your sense of self-worth and identity is concerned, you do not get spontaneous support from Audra. In a sense you awaken a latent insecurity in her and she responds by being somewhat sceptical or negative when you express yourself spontaneously. This evokes a serious side of your nature and you are forced to assume a parental role. This isn't exactly fun but the essence of the relationship is for you to build up a greater sense of responsibility and self-discipline. However you can feel too restricted by her, and your relationship would be happier if she gave you more than grudging support and visibly showed more admiration for you and for what you do. Long-term negativity can undermine your self-assurance, so you should learn to appreciate yourself on your own terms.

When Audra is feeling negative and blue you tend to mobilise all your resources to encourage her to be more positive - so even though you may feel the strain, problems are generally resolved on a positive note.

Clinton's Neptune negative Audra's Sun

Fall from the pedestal

Though not the most important influence in your relationship this contact tends to cloud your view of Audra. You can have rather unrealistic expectations of her, and this can end in disappointment

you have personally wrestled with all your life, which is brought to the fore when in Clinton's company. You may experience him to be unclear about who he is, or about his direction in life, even though this might well describe your own situation. He, for his part, tends to give you a misleading idea of who you are and what kind of impression you make. He may express disappointment in you and let you know that you are not living up to his expectations - though this is hardly your problem. In the long term the relationship evokes in you a greater sensitivity, both to yourself and to others.

Audra's Sun positive Clinton's Pluto

Guide to the underworld

This is rather a general factor in your relationship but nevertheless you will often find the bond to Clinton to be strong and psychologically stimulating. he encourages you to initiate deep-rooted change and make a break with the past. He also obtains deep insights into your character which you may find useful - through long and perhaps tiring periods of self-analysis.

You have a mutually transformative influence over each other and you will often find that in crisis situations Clinton may subject you to in-depth analysis, helping you mobilise all your reserves.

Audra's Pluto negative Clinton's Sun

Darkness and light

This is quite a powerful influence on a psychological level and it is expressed as a compulsive urge in you to change and transform Clinton's character and identity . Whilst he may himself have a latent urge for drastic personal transformation, at whatever the cost, this is exacerbated by your own anxiety in the face of the psychological pressures which you both undergo in the relationship. There is something in the very character of Clinton which awakens an inner unease in you, and you are subconsciously driven to try and control him. As this is impossible, this leads you to extreme states of desperation and powerlessness. Avoid the role of therapist if you can, as it only leads further and further into uncharted depths. Being together means uncompromising transformation for you both.

You may have a negative response to Clinton when he asserts himself but you should avoid the urge to get him to change if you want to avoid exhausting power battles.

or feelings of dissatisfaction. Perhaps it is as if being with her evokes some sense of sadness in you or a vague feeling of nothing ever lasting long enough to feel secure. Or alternatively, you may have to sacrifice something dear to you for the relationship. Whatever the case, Audra often senses a longing or discontent in you which she can do nothing about. Despite these factors, there may be considerable spiritual growth for you both, and should you choose to work altruistically together then this may be beneficial.

Clinton's Pluto positive Audra's Sun

Guide to the underworld

Though not strong on a daily personal level this influence brings out the depth of your relationship to Audra. You encourage her to examine herself and her motives and this brings a significant psychological transformation in her over the long term. In this sense you have a therapeutic effect on her because you have the capacity to cut through the surface and dig out the root causes of problems. This can be an exhausting process for Audra however, because it involves constant analysis and change. As a team you may also initiate and carry out reform on a social or psychological level, especially with regard to replacing outworn leadership methods.

Clinton's Sun negative Audra's Pluto

Darkness and light

This influence is at its strongest at times of personal transformation. If you were born within a year or so of Audra you will find yourself projecting your own tendency to lurch from crisis to crisis onto her. Whatever the age difference this will be an intense relationship, often based on issues of power and powerlessness. Avoid battles of will - which Audra will win because she is not frightened, as you are, of contemplating the destruction of the relationship if matters really should come to a head. She tends to evoke a ruthless self-analysis from you which can be exhausting for you both. Actually you awaken a deep insecurity in her, to which she responds by reversing the tables, keeping you off-balance. Avoid practising mutual therapy on each other.

You may find that spontaneous expressions of your identity through creativity, etc., are sabotaged by Audra who subconsciously feels insecure in your company.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality - positive/negative: Although dealing with this mutual influence is easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and therefore enhance the quality of your relationship. Sun/Pluto: This will be most apparent in the way you deal with power. As both of you fear being helpless and strive for dominance, the true challenge of being together is to free yourself from the tyranny of past trauma and develop compassionate psychological insights.

 EMOTIONAL FACTORS: The Moon represents powerful instincts for security and emotional well-being. At the same time the Moon shows subconscious reaction patterns that can either enhance or sabotage harmony. The Moon shows the kind of atmosphere you create in your home. The emotional environment evoked by the expression of your Moon Sign is of crucial importance in your relationship.

Create a secure atmosphere

With your Moon in Cancer you are extraordinarily vulnerable and sensitive. When you make an emotional commitment your whole being is on the line. This puts your partner under emotional pressure especially as you tend to use the whole emotional register, to ensure that your bond is not threatened. Though you provide a wonderful environment for home and family, you should strive to overcome possessiveness and sulky tactics.

Moon in 12th House

Your emotional life is private and forms a deep and magic inner world. You need time alone to devote yourself to this world of feeling and sensation.

Audra's Moon in Clinton's 5th House

Children and creativity are essential components of the emotional bond you feel for Clinton. Much of your time and energy is involved in this area together with him - it is here you create a secure routine and give him succour and support.

Expand emotional horizons

With your Moon in Sagittarius you need a lot of personal freedom in a relationship. You want a partner who can show you the world and enhance your understanding of life. You do not want a partner who tells you what to do, or who is possessive, or who is dependent. You are very emotionally direct - perhaps because you are a lover of truth - but you tend to ride roughshod over the sensitivities of your partner. A little diplomacy would go a long way.

Moon in 11th House

You are very emotionally absorbed in your friendships and social networks. You have a profound need to provide shelter to those who need support.

Clinton's Moon in Audra's 5th House

Children and creativity are essential components of the emotional bond you feel for Audra. Much of your time and energy is involved in this area together with her - it is here you create a secure routine and give her succour and support.

With the Moon in Cancer Audra is extremely sensitive and vulnerable, though dynamic and fiercely protective. Clinton, with the Moon in Sagittarius is far more brusque and direct, and this constantly hurts the feelings of Audra. Whilst Clinton likes the freedom to travel and roam, Audra is possessive and attached to the home. Clinton cannot understand his partner's hurt silences, but Audra would thrive much better if Clinton stopped telling her what was good for her. Moon negative Moon: This contact shows that both Audra and Clinton are closely connected emotionally but that their way of reacting to the atmosphere around them is very different. Whilst they are closely aligned emotionally, there is great difficulty in relating to and empathising with each other's emotional reactions. When the need for emotional change arises in the one, this tends to cause considerable upset in the other.

This section shows the influence of different planets in your own horoscope upon your Moon - major factors in shaping your emotional life. These aspects from other planets to your Moon will evoke the following subconscious patterns, creating a partnership environment in which you must either sink or swim.

Moon negative Jupiter

Emotional profligacy

If there is one thing that upsets you, it is injustice. You are over-sensitive in matters of right and wrong and when you are emotionally aroused it is not easy for your partner to get his or her views across. Often your powerful emotional convictions are not based on the facts, so strive to keep an open mind when discussing your views with your partner.

Moon positive Saturn

Emotional maturity

Emotionally you are a mature and committed person, quite prepared to take the responsibility a home and family would require. You may have some difficulty expressing your emotions spontaneously, but your partner will be in no doubt that you take the relationship seriously. You soften up in long-term relationships, and your partner will find you very supportive.

Moon negative Saturn

Emotional inhibitions

Your self-confidence is not strong and this makes you shy and inhibited, as far as self-expression in partnerships is concerned. Your partner finds it difficult to get close to you and even though you long for praise and approval, when you get it you act as if you do not need it. Lack of confidence in yourself, and in the future, puts a damper on your partner's enthusiasm. However, you are committed and responsible and with maturity you may learn to relax and see the lighter side of life.

Mutuality: Please note that in this case both Audra and Clinton have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - positive/negative: Although dealing with this mutual influence will be easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and thus enhance the quality of your relationship. Moon/Saturn: This will be most apparent in the way you deal with emotional challenges - overcoming the tendency to be withdrawn and defensive when you really need to work on being open.

Moon negative Uranus

Emotional unpredictability

There is an inner emotional restlessness in your nature which tends to disturb family harmony. You are easily bored and you impulsively initiate unpredictable changes in daily rhythms and habits - and this will often unnerve your partner. You instinctively recreate the tensions that affected your own upbringing, upsetting the atmosphere at home. Traditional family life is not for you - you dislike the restrictions which partnership responsibilities bring - so you should go out more on your own and get involved with friends and groups.

Moon positive Uranus

Freedom of spirit

You are a freedom-loving person who consciously avoids a relationship which might become an emotional straightjacket. You seek an emotional environment which supports your need for freedom and allows you to develop your social interests. You are the eclectic type and need a partner who shares your sense of adventure and experimentation.

You feel emotionally attracted to the liberated kind of woman for whom the concept of friendship is at least as important as that of love. Actually, women sense your reluctance to commit yourself emotionally and instinctively give you the freedom you require.

Mutuality: Please note that in this case both Audra and Clinton have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. Mutuality - positive/negative: Although dealing with this mutual influence will be easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and thus enhance the quality of your relationship. Moon/Uranus: This will be most apparent in how you deal with your tendency to risk your emotional security because of a general restlessness and need for change.

The interaction between the Moon in the one horoscope, and the planets in the other, has a profound effect on the kind of atmosphere you create together. This section describes how and where you are emotionally touched by your partner, for good or ill. In this area you are at your most vulnerable and least aware. Conscious work on irrational emotional reactions is the key to harmony here.

Audra's Moon negative Clinton's Jupiter

Insight into dependency

This is a stimulating contact which expands your horizons, bringing cultural stimulation and perhaps a good deal of travel together. You are forced to shake yourself loose from a nostalgic attachment to the past by Clinton's desire for development and growth. This does not make you feel particularly secure and you may periodically dig in your heels. You find him very persuasive but your instinctive feelings do not often harmonise with his intellectual argumentation. Clinton acts as if he knows what's best for you - and when you do not agree you respond by getting moody, thereby effectively countering his capacity to influence you against your will.

Audra's Jupiter negative Clinton's Moon

Insight into dependency

Though this is a very emotionally stimulating contact, you tend to be somewhat intellectually dominating in this relationship proffering advice which does not necessarily accord with the needs of your partner. Clinton may feel that your moral judgement weighs heavily upon him. However, you are able to open his horizons despite his reservations, and this may mean travel to distant cultures and a considerable expansion in his all-round experience of life. This is a reasonably beneficial influence as regards family and children, but there is a tendency to bring up children according to some dogma to which you are attached. Your solutions may have worked for you but they are not necessarily good for others.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality-negative: Both of you struggle with a mutual influence which subjects you to considerable stress and tension. This area will be a subject of conflict and disagreement, yet your struggles will bond you to each other, ultimately leading to a transformation of the behaviour in question. Moon/Jupiter: This will be most apparent in your moral attitude and deep-seated emotional convictions, as well as how you open you are to the opportunity which life brings - not least in terms of travel.

Audra's Saturn positive Clinton's Moon

Maturing like cheese

This is a powerfully stabilising factor in your relationship where you exert a maturing influence on Clinton's emotional life. He endows you with parental qualities and you feel moved to take responsibility for providing a safe and stable environment for his family life. You provide structure just where it was lacking, and this enhances the possibilities for a long-term relationship. You can be too serious or rigid however, so you need to lighten up at times, otherwise your life together simply gets too structured and boring. This is a home-builder contact, excellent for property and for living up to family commitments.

When Clinton is emotional and vulnerable you are the rock he can rely on and when he is soft and caring your defences are dissolved.

Audra's Uranus negative Clinton's Moon

Disruptions in the home

It is very difficult to establish domestic peace and harmony for any length of time with this contact. Somehow you feel provoked by your partner's attempts to create a stable existence and this moves you to act unpredictably, to shake Clinton up, to create more excitement. It is possible that your role is to awaken him to some degree, but in the long term nerves get frayed and tempers short. Because of your restlessness it can be difficult for you to settle anywhere and this creates a poor environment for growth - particular if there is a family to provide for. If you are looking for harmony, stop trying to change your partner - you are just not very good at it.

Whenever Clinton indulges his emotional needs you do the exact opposite of what is expected. There are more successful ways to make a person grow up.

Audra's Moon negative Clinton's Neptune

Emotional mists

Though not a major factor in your relationship this contact is extremely stimulating for your fantasies. This can be very interesting for you on a creative level but the tendency is for Clinton to stimulate your own latent tendency to be unrealistic or moody. His talent for empathising may simply encourage you to indulge in negative feelings of martyrdom or feeling victimised. Just because you have his emotional support this does not mean that you are justified in feeling the way you do. You may also find it difficult to pin him down in matters affecting your feelings and your security - the truth is that you awaken a measure of uncertainty and confusion in Clinton and he therefore finds it difficult to express what he feels and clarify his emotional commitments.

Audra's Moon negative Clinton's Pluto

Emotional brinkmanship

Clinton's Moon positive Audra's Saturn

Maturing like cheese

This is a major contact for bringing stability and security into your lives together and can point to a long-term relationship in which family concerns, and especially home and property, have a high priority. Being with Audra encourages you to learn emotional self-control and leads to a greater sense of maturity and responsibility - you grow up. Still, there is a certain element of formality between you which discourages spontaneous emotional expression. Don't expect your gushing feelings to be reciprocated - she is more inhibited than you in expressing her emotions. You can achieve many practical accomplishments together, particularly concerned with property.

You learn quite quickly to restrain your childishness and emotional outbursts in Audra's company and though rather inhibiting for you, this is character-building.

Clinton's Moon negative Audra's Uranus

Disruptions in the home

Though not a major factor in the relationship, this contact introduces an element of discord which can be very unsettling for you emotionally. Your own latent tendency to be restless and changeable is exacerbated by Audra, who is constantly stimulating you to do things differently and experiment with your life. However if you go along with this - though there may be a lot of personal development and consciousness growth - there would never be time for recuperation and peace. Your need for security is not met by Audra, who tends to give the impression that she could go off at any moment. She does not want to be owned by you and may get very nervous about making an emotional commitment. This can result in a relationship with periodic separations or living separately or with considerable mutual freedom. This may not fulfil your needs for a family and a stable home environment but at least you learn not to indulge yourself in your emotions and to see things objectively. Your relationship may well shock the norms of society.

Clinton's Neptune negative Audra's Moon

Emotional mists

Though not the most powerful of influences this contact will nevertheless affect your emotional life together. It is as if being with Audra implies some sacrifice on your part and a kind of unhappiness tinges your relationship. These intangible feelings are evoked in you through being with her, but it is difficult to discern what the precise cause is or to know what to do to lift yourselves out of the fog. These feelings are exacerbated by drugs or alcohol, and during the course of time you may find that it is wise to live a purer life together, so that you may gain emotional clarity. Working to help others whose life is unfortunate in some way, or pursuing spiritual or creative interests, would make good outlets for the energies within the relationship.

Clinton's Pluto negative Audra's Moon

Emotional brinkmanship

Though not a major factor in your relationship this influence will manifest itself at times of crisis. Your latent tendency, to interpret as a fatal rejection other people's detachment, is exacerbated by Clinton. When you make an emotional scene - which you often do because you can't work out what he is feeling - he will react in a cool and controlled manner, perhaps probing your motivations in what seems to be an unfeeling way. When ultimatums fly through the air he is unmoved and appears willing to abandon you. Emotional scenes are therefore best avoided - they lead only to exhaustion. Avoid practising therapy on each other. Being with him violently purges you of past negative influences but can lead you without a stable emotional foundations.

You get profoundly disturbed by your partner's reactions to crises - you do not have the emotional resources to help. Clinton tends to see issues in black-and-white but don't let yourself be fooled - they aren't.

Audra's Pluto negative Clinton's Moon

Emotional brinkmanship

This is a very powerful influence on an emotional and psychological level. Being with you strengthens and exacerbates the latent tendency Clinton probably has for gruelling emotional autopsies and exhausting outbursts of feeling. You are unnerved by the depth and intensity of his inner life and subconsciously respond by trying to control or manipulate him. Your relationship swings from a deep intimacy with intense erotic overtones to an ice-cold remoteness in which all love seems long-gone. Dealing with these extremes ultimately brings psychological growth and insight, though the cost may be high. At times of crisis there is a tendency to put everything you have built up together at risk, especially through ultimatums designed to ensure his complete capitulation. The desire to assume the role of therapist must be assiduously avoided - leave that to an expert.

An uncompromising and unfeeling attitude on your part produces a deep insecurity in Clinton. Do you want this?

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality-negative: Both of you struggle with a mutual influence which subjects you to considerable stress and tension. This area will be a subject of conflict and disagreement, yet your struggles will bond you to each other, ultimately leading to a transformation of the behaviour in question. Moon/Pluto: This will be most apparent in how consciously you are able to work on the traumas buried in your past, so that they do not poison emotional harmony in the present relationship.

YOUR SOUL MATE

THE DESCENDANT SIGN: The disposition towards specific kinds of relationships is shown by the East/West horizon in your horoscope - the Ascendant/Descendant axis - and particularly the sign on the Descendant - the 7th House cusp. A person may be attracted to many different kinds of partner, but the horoscope will often indicate a specific destiny with regard to long-term relationships. The lasting partnership will be a mixture of love and destiny - if we are to spend many years together, there will be struggle and growth as well as happiness. This destiny is shown by the 7th house of the horoscope, which indicates personality traits which we tend to deny in ourselves and are fated to seek in others.

Descendant in Capricorn

Seeking authority

Descendant in Leo

Seeking leadership

Soft and sensitive and strongly motivated to create a secure nest for yourself and your family, you are nevertheless attracted to a reserved and ambitious type who tends to spend a lot of time away working. This person will be stable and sensuous with a fine appreciation of the good things in life. Through this person you can learn the importance of being satisfied with what you have.

In contrast to your rather emotional and demanding nature, your partner will seem more cool and controlled and will perhaps refuse to be ruffled by your swings of mood. Through this person you may learn to take more responsibility for your life and to look after yourself, in situations when you are normally inclined to be too dependant and possessive. Your vulnerability evokes in your partner a tendency to be strong and self-controlled, and if you learn these qualities for yourself you could take some of the pressure off. Issues in the relationship are centred around dependence and responsibility, in which you learn to gain a greater self-sufficiency.

Audra's Ascendant in Clinton's 6th House

Your life-style teaches Clinton how to organise his life and integrate himself into society. He responds to you by being helpful and taking his share of the daily grind.

You are drawn to a person with a strong sense of identity and a warm charismatic aura. This person will be philosophical, well-travelled and interested in gaining insights into life. You expand your horizons considerably through this relationship.

Whilst you tend to be friendly but rather impersonal in your approach, your partner - provoked perhaps by your habit of treating all people as equals - will be insistent on being recognised as a special individual. This may not accord with your ideas about equality, but your partner may teach you about the importance of a strong sense-of-self as a foundation for giving to others. If the partner seems flirtatious or self-involved, this may be because you are not giving enough attention. Family and career are central issues in a relationship, and you will learn that it is no use pursuing ambitions at the expense of emotional closeness.

Clinton's Ascendant in Audra's 7th House

Audra strives to accommodate your choice of life-style to ensure a harmonious partnership. She develops a greater consideration and willingness to compromise, to live up to your expectations of the relationship.

This section shows the influence of different planets in your own horoscope upon your Ascendant/Descendant axis - major factors in shaping your relationships. These aspects from planets to your Ascendant will give you a specific attitude and behaviour towards everyone you relate to.

Sun positive Ascendant

Successful self-projection

You project yourself powerfully on your surroundings and are very absorbed with self-expression, either on an inner level, in a soul-searching process, or in terms of how the world reacts to you. Self-absorption may hinder you in receiving feedback, or - put in another way - you tend to get the reaction you want in others, and fail to see them as they are.

Mutuality - positive: As the shared aspect is positive for you both, it will give great happiness, and give you both a pool of resources to draw from. You will share the same area of interest and activity, and agree in your outlook on this area.

Mercury negative Ascendant

Distraction

Communication is a very important aspect of a relationship for you, and you are skilled at making contact and getting the words to flow. However, you often feel misunderstood and lack of confidence may make you unconvincing. You often feel like a lightweight in intellectual matters, but a mastery of real knowledge will win confirmation, so it is just a question of working at educating yourself.

Moon negative Ascendant

Emotional swings

You lead an emotionally charged life and there tends to be a conflict between the direction you would like to take in life and old bonds of dependence. The influence of your parents or environment constantly draws you away from your relationship destiny, and it is unlikely that you can work out a satisfying compromise in the first thirty years of your life. A certain emotional immaturity creates fluctuations of mood in your partnership.

Mars negative Ascendant

Sparring partners

You often feel that partnership matters prevent you from doing what you want to do with your life. In your effort to signal that you do not want to be pushed around, you often end up in conflict - perhaps because your diplomatic talents are not very pronounced. Your early experience of family and relationships habituated you to an atmosphere of tension, and you reproduce this in your love-life

Mutuality - negative: As this shared aspect is difficult to handle for you both, you will both manifest the behaviour described, making it hard to know who is responsible for what. Unhelpful behaviour tends to be perpetuated unless you both recognise your specified failings. Nevertheless there will be much excitement and growth in this area.

Jupiter positive AS

Bonhomie

You are characterised by your tolerance and wisdom, and the optimistic attitude you have to the possibilities which the future holds in store for you. Your encouraging manner helps your partner to grow strong and develop intellectually. You need freedom and a fertile atmosphere for development and travel, and you generally have no problems providing this kind of environment for your partner

Saturn negative AS

Relationship burdens

You have experienced life as a tough business, and are not used to expecting the best from others. This makes it difficult to give yourself whole-heartedly in a relationship. In choosing a partner, you are motivated by the safe option, and love often takes second place to security. Often you feel that a relationship is a burden to be shouldered, rather than a safe haven to lay your head.

Uranus positive AS

Partner and friend

You like to live a free life, and in your choice of partner you are looking for someone who inspires change in you, and who provides a refreshing new angle on life. You are attracted to people from exotic climes, or to people who live somewhat on the fringe. You are prepared to give a partner plenty of freedom, just as you expect to retain the freedom to indulge the many friendships in your life.

Neptune positive AS

Dream partner

You are an imaginative person with a caring and idealistic nature. You are attracted to a person for magical rather than practical reasons, as you are seeking the ineffable in a partner. This can make your choice unrealistic, as few people can live up to your expectations. You focus on the good sides of your partner, and studiously avoid facing realities.

Overcoming together

Your life has been characterised by a number of deep transformations which have evoked in you an ability to deal with crises and an inclination towards in-depth relating. You are attracted to a partner with whom you can have an intense relationship, both emotionally and erotically. You deplore

superficiality, and strive to get to know your loved-one in every respect.

Aspects from planets in one horoscope to the Ascendant/Descendant axis of the partner's horoscope, are major factors showing the strong likelihood of a meaningful long-term relationship. It is these contacts which make all the difference between mere attraction, and the ability to influence each other's lives. You have the following bond:

Audra's Ascendant negative Clinton's Sun

Different paths

This connection shows a strong bond between you. You are impressed by Clinton and admire his character, though you may feel a little uncomfortable because of a disparity between the way he is and the way you want to live your life. What he considers to be important for maintaining the integrity of his character may run counter to what you consider to be important for the running of your own life. Major changes for you may well cause turmoil in the way he sees himself, partly because he tends to interpret what you do in a very personal way, identifying very strongly with you and your way of life, and being offended when you fail to take him into account.

Audra's Ascendant positive Clinton's Mercury

Connecting to networks

This connection shows a strong and favourable contact between you both on a mental level. Clinton brings an element of fun into your life and will often be instrumental in introducing you to many different, interesting people who can be inspiring for you. You can feel that there is a lot to learn from him, and you are probably turned on by his wit and intelligence. This contact tends to give a brotherly or sisterly feeling and a sense of camaraderie.

Clinton's ideas and contacts are often instrumental in influencing your choice of lifestyle.

Audra's Mercury positive Clinton's Ascendant

Opening paths

Yours is an extremely mentally stimulating partnership. Your fluent self-expression, curiosity and plethora of ideas bring awareness and openness into your partner's life. You can explore life together with undiminished curiosity and your life will be full of travel, meetings, books and contact with other people. In itself this contact is neither specially romantic nor erotic; there is more of a sisterly or brotherly relationship - or a companionship in which mutual interests are the important factor.

There's little difficulty adapting to any changes which Clinton initiates in his life - you see your relationship as a learning process and are open to change.

Clinton's Sun negative Audra's Ascendant

Different paths

This contact shows a strong bond between you with a constant stimulating interplay of contrasting self-expressions which creates dynamic growth for you both. However, you do have an independent attitude to the relationship and tend to place higher priority on your personal need for self-realisation than on the need to make compromises for the sake of harmony. You tend to stand on your dignity and pride at times, when it would benefit you more to show greater sensitivity to your partner's relationship needs. Audra will have to accept the emphasis you place on personal self-expression just as you need to encourage her periodic need to choose a path in life which does not accord with your ideals.

Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality - positive: As you are both extremely creative in the area described, great pleasure and satisfaction is derived from that area. This is a shared activity in which you are both skilled and which gives you great mutual happiness. Mercury/Ascendant: This will express itself in the considerable communication skills which characterise the way you project yourselves in the world, and your need to meet people and create a network of shared ideas.

Audra's Mars positive Clinton's Ascendant

Giving impetus

You have a certain erotic charisma which Clinton finds captivating. He feels provoked and stimulated and you bring forth his fighting spirit. Being together you need to be active and get things done. You may quarrel, you may fight, but there is a spark between you which means that life is never dull. You are the spice Clinton needs to put a brave face on for the world. This is a strong and constructive influence.

Audra's Jupiter negative Clinton's Ascendant

Different views

This is an important contact in the partnership, and though it is generally intellectually and philosophically stimulating, you are not likely to be in agreement about everything - neither as regards the life-direction which Clinton chooses to take, nor concerning your views about partnership. He may respect your advice but he will not necessarily follow it. You in turn should offer your opinions dispassionately and without the expectation that he should necessarily follow them. Your need for further education and travel may conflict with your partner's concepts about what constitutes a committed relationship. Above all your beliefs will represent a challenge to Clinton and require considerable adjustments from his side.

Clinton is unlikely to accept the things which move you intellectually and spiritually with open arms, as they may be in conflict with his life-direction.

Audra's Ascendant positive Clinton's Pluto

No stone unturned

Though not a major factor in the relationship, this connection awakens latent emotional and psychological interests in Clinton, who is consequently inspired to bring out the intensity and depth in the love between you. Living with him will be a constant growth process for you, as you are forced to examine your deepest motivations, and encouraged to get rid of unnecessary emotional baggage. Erotic factors play a central role in the relationship, as you seek the deepest levels of each others' souls.

Choices you make in terms of lifestyle and relationships awaken the need for emotional transformation in Clinton.

Audra's Pluto negative Clinton's Ascendant

Possession and loss

This powerful contact brings an obsessive intensity into your relationship in which power and powerlessness play important roles. You use a great deal of energy trying to steer the way Clinton leads his life and therefore risk becoming an autocratic figure who inspires more fear than love. Having chosen a partner whose life-style awakens anxiety and insecurity in you, you are confronted by an undercurrent of jealousy, sexual compulsion or lack of self-worth. You may respond with a deep analysis of your partner's motives and psychological patterns - but this kind of therapy, lacking sensitivity and compassion, only serves to make him insecure. The psyches are laid bare and you both become vulnerable to psychological breakdown. The solution is: do not try to change your partner to assuage your insecurity. Any therapy should be done by professionals.

Clinton's Ascendant positive Audra's Mars

Giving impetus

There is a certain sense of the primitive in Audra which you can find rather attractive. Being with her makes you want to be active and get things done, and you find yourself strengthened. She encourages you to fight for what you want in life, and helps you carve out a sense of direction. Audra enjoys it when you give her a bit of competition - friendly sparring and mild provocation may be an aspect of the courting ritual.

Clinton's Ascendant negative Audra's Jupiter

Different views

This is an important contact between you both, stimulating your intellectual capacities and awareness of the important issues in life. Audra will introduce you to a view of life quite different from the one you are comfortable with, and she will generally expand your horizons and make you question what you do. That said, considerable disagreement can arise because of your different views - especially pertaining to the kind of life you personally choose to live. You may feel she is simply too opinionated, and she should learn that what is right for her is not necessarily right for you.

You often find you have to assert what you want to do in life contrary to the advice Audra tries to give you.

Clinton's Pluto positive Audra's Ascendant

No stone unturned

This contact between you has a profound transformative influence because Audra feels the need to change the way she runs her life when she is together with you. You also feel a strong drive to change and transform her, perhaps because you have the capacity to diagnose the weaknesses in her nature and propose psychological cures. You have a positive antipathy to superficiality in your relationship with Audra, and insist on an uncompromising emotional depth. Being together then is an intense affair in which emotional extremes and erotic obsessions play important roles. Greater personal awareness and inner self-knowledge result, but constant self-therapy may be exhausting in the long run.

Clinton's Ascendant negative Audra's Pluto

Possession and loss

Though not a major influence in the relationship, this contact awakens the deepest repressed emotional drives in Audra. Your values in life and in relationships somehow stimulate a latent anxiety in her, and she reacts to this by trying to control the way you choose to live your life. Powerful passions, possessiveness and jealousies can undermine the love between you. Under psychological pressure you tend to retreat and become more secretive, and through fear of loss Audra may paradoxically threaten to amputate the bond between you. There is an atmosphere of ultimatum. This influence necessitates psychological growth and insights.

Statements of intent from your side tend to pull the rug out from Audra's feet.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality - positive/negative: Although dealing with this mutual influence is easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and therefore enhance the quality of your relationship. Pluto/Ascendant: This influence makes both very conscious of control and power - and lack of the same - in personal relationships, leading with time to their greater psychological awareness.

In searching for someone to live together with, there is a strong urge to find a person who expresses characteristics which we possess ourselves but fail to recognise and develop. Finding a partner will often compensate for this and make us whole. These characteristics sought in the partner are shown by the planet ruling the sign on the Descendant, and its Sign and House position, and its Aspects. The following section describes the kind of person you unconsciously seek, where you can meet this person - and what behaviour you evoke in the partner through needs unresolved in yourself.

Descendant ruler in 10th House

Partner and boss

Your partner is a family-oriented person who is also probably very interested in career and personal advancement. There is a constant drive for achievement and an emphasis on status. Your status may be improved throughout the relationship and you may expect support from your partner. You are likely to meet your partner in a professional environment or in a competitive situation.

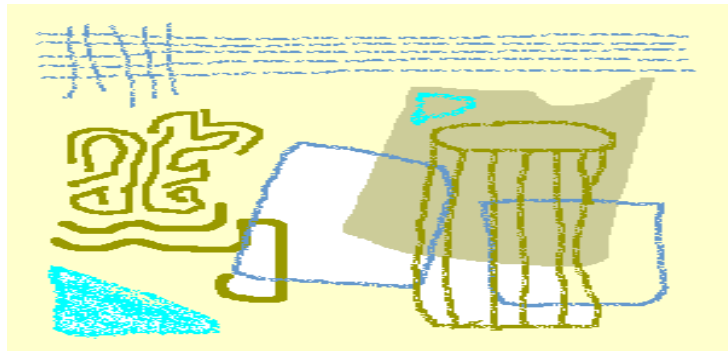

Audra's Saturn in Clinton's 3rd House

You are strongly aware of flaws and weaknesses in your partner's intellectual ability or skills and of his apparent communication problems. However, Clinton often feels inhibited by what he sees as your negative and critical attitude to the way in which he expresses himself. You may find yourself adopting a schoolteacher role which can well be a source of benefit to him in the long term as there are many areas in which you have experience and he has not. However, this authoritative position may still be a source of frustration to you because you have to be serious when you don't want to be - and to him because he is made to feel intellectually inferior.

Descendant ruler positive Moon

A partner who cares

You should feel that your partner is tuned in to your deepest emotional needs. You agree on creating a secure emotional environment to build a home and family. As you are attracted to an emotional and sensitive person, with a bit of luck you will find that you have an unspoken understanding of, and sympathy for, each other.

Descendant ruler negative Saturn

Responsibility as an issue

Partnership may be something of a burden to you perhaps because the demands of your partner mean that you have to exercise a lot of self-discipline and restraint. You are inclined to choose a hard-working and responsible person with a rather negative attitude, and feel that you have to use your own will to stiffen this person's resolve. Alternatively, your partner may adopt a rather oppressed role because of a tendency to take things too seriously. Whatever the circumstances, it pays to shoulder your responsibilities with determination.

Descendant ruler positive Neptune

A partner to dream with

You appreciate idealism and fantasy in a partner and are attracted to a creative person who has many dreams. This person is inclined to renounce materialistic values and see issues exclusively in human terms - being more concerned with the emotional quality of life, perhaps. There is no guarantee that the partnership will be stable but you will learn to develop your own spiritual nature through your relationships.

If there are planets in the 7th House there is then a tendency to meet a specific type of partner and have a specific type of experience. Planets in this house show strong drives in you which may only be fulfilled through contact with another. People expressing this energy are mysteriously drawn into your life, thus giving you the opportunity to get to know the shadow side of yourself.

ROMANTIC NEEDS: Whatever kind of relationship you commit yourself to in the long term, you have certain values which reflect your personal taste and inclinations, when choosing whose company you wish to enjoy. Should your partner not satisfy all your social needs, you will seek fulfilment in friendships and other connections. These social and romantic needs are reflected by Venus in your horoscope. Not only does Venus show what qualities you value in others, this planet will also reflect feminine self-esteem in a woman's horoscope, and the type of woman which a man is attracted to in a man's horoscope. You express yourself with passion and intensity in this area. This may mean rebuilding from scratch at intervals in your life. You are attracted to people who have something to offer intellectually, rather than for example sexually or materially. Clinton's Venus in Audra's 4th House

Your aesthetic values influence the whole atmosphere of your home and your talent for creating peace and harmony in this area evokes Audra's pleasure and appreciation. You can help her to smooth relations with her own family and this in turn can give you great personal satisfaction.

This is a passionate and powerful combination as both Audra, who has Venus in Aries, and Clinton who has Venus in Scorpio, have Venus in signs ruled by Mars, meaning that neither is very attuned to traditional feminine ideals. Audra values freedom and independence, whilst Clinton has a secret fear of losing the loved one and therefore tends to try maintain control. Both can be jealous, but Clinton more secretly so. There are a lot of fiery emotions in this combination. Venus negative Venus: This is quite a strong compatibility factor giving a certain closeness and intimacy. However, both have a tendency to display their romantic feelings and social inclinations differently, even though their motivations or styles may have similarities. There is therefore a risk that one partner will misread the loving signals that the other partner sends or simply does not appreciate the way the other gives love. These harmless misunderstandings can be overcome by discerning the motivation behind the action - which is the desire to give and receive affection.

This influence gives the very best conditions for a long-term lasting relationship characterised by considerable devotion. There may not be strong declarations of love, climaxes of passion or wild romantic evenings, but the love you feel matures through many phases and can become as solid as a rock. This requires some staying power on your part because Clinton is not so easily swayed by your feelings, and may indeed have difficulty returning your love as you would wish. This requires maturity on your part - you cannot expect to be spoiled, showered with gifts or extravagantly wooed. You see in him a person who can give you security and your life-structure. A solid economy and reasonable professional status are important ingredients in the relationship. Together you can make business flourish.

You may feel some disappointment that your romantic feelings are not overtly reciprocated. Clinton assumes a rather parental role but this makes you feel safe and that is important to you.

Audra's Neptune negative Clinton's Venus

Martyr for love

Though not the most powerful influence in your relationship this contact can exacerbate the latent tendency which Clinton in particular might have to over-idealise the love you feel for each other. There can be a tendency for you both to put each other on a pedestal and blindly worship imagined and projected qualities. In the long term this may lead to bitter disappointment, and it is healthier to tone down overheated romantic feelings. Other facets of this influence are the habit of idealising suffering in the relationship or sacrificing oneself for the partner in one way or another. If people were divine then this might work, but they are only human, and normal laws of common sense must apply.

Expressions of love or attachment on Clinton's part often leave you with an intangible feeling of sadness. A chord of longing is struck which harps back to a past loss. Stay with the present and try not to indulge in negative feelings.

Clinton's Venus negative Audra's Neptune

Martyr for love

Though not a major influence this contact stimulates your dreams or fantasies for good or ill. Audra inspires you to use your imagination and see things in a compassionate light but you may often feel disappointment in the relationship, because dreams turn out to be illusions. Be aware that your latent tendency to idealise your loved one is strongly stimulated. The relationship may require a certain element of sacrifice perhaps, because of some unhappiness, illness or existential emptiness which afflicts her. All your love and affection may not be enough to make her satisfied, so it is important for you to learn to disassociate yourself from your partner's problems and see your relationship realistically. Be patient in your assessment of Audra before you make a commitment.

You will often find it difficult to express your emotional needs in a way Audra can understand clearly. You may wish for a practical and realistic response from her but it will not be forthcoming and this leaves you disorientated. Audra universalises personal issues. Insist on a personal response.

 **DESIREs:** Sexuality is an essential ingredient for long-term satisfaction in a relationship, and this is shown by Mars in the horoscope. For a man this planet will also symbolise his masculine identity, whilst for a woman the sign Mars is in, and its aspects, will often show the kind of man she is attracted to. Mars will also show how you work together, and your ability to fight for what you need. Where Mars is, there is trouble, because issues of survival and self-assertion are paramount. In our civilised society both sexes tend to repress Mars - though women will do this more than men - and this may often mean that one's own aggression or oppression comes to expression in the partner's behaviour.

Mars in Sagittarius

Widen your horizons

You are a dynamic truth seeker, and nurture strong opinions on many matters ... and you are prepared to fight for them. Something of a pioneer, you enjoy travel and adventure, and cherish the spirit of freedom. You are a fighter for causes, a strong believer in right-and-wrong and the principles of justice. In relationships, quarrels easily arise if you feel unfairly treated or where there are disagreements over matters of principle. You tend to insist on being right, or on giving your opinion when not asked. Give your partner a better hearing.

Mars in Scorpio

Cut through to the essence

You are a deep and inscrutable person with an immensely strong will and many secret passions. You test the waters carefully before embarking on a romance - partly because the idea of rejection is intolerable to you. When you select your mate however, you can turn on an almost hypnotic magnetism to achieve your goals. You have a powerful erotic nature, and there is no doubt that sexuality is an essential ingredient in your love-life. Emotional storms rage within, particularly in connection with issues of jealousy and control, but these storms rarely show on the surface. With time you attain peace and psychological insight.

Mars in 5th House*Pushy romance*

You have a sparkling and direct way of expressing your energies and make quite an impression on other people when you choose to. This is an area in which you strive to gain understanding and expand your horizons - both intellectually and through travel. You also have a certain erotic charisma whether you are aware of this or not, and this means that you may easily attract potential love-affairs. You need to feel the tension associated with erotic attraction, and you can spend a lot of energy in pursuit of bodily pleasures which as far as you are concerned add spice to life. To ensure stability in long-term relationships you need to channel this energy creatively - either with children or in a profession which requires forceful self-projection.

Audra's Mars in Clinton's 10th House

You will stimulate, challenge and provoke Clinton in areas connected with his career, forcing him to be more assertive. Conflict can arise regarding who is the decision-maker. He may feel that you try to boss him around without having the necessary authority. As mature adults you will achieve success.

Mars in 9th House*Intellectual assertion*

You express your energy in a dynamic search to acquire insight and wisdom. This is an area in which you are intensely engaged in a struggle for survival and transformation. You have very forceful opinions and love the cut-and-thrust of debate. In relationships this may lead to rather spirited discussions about matters of principle in which you tend to assert your views too strongly, overwhelming the opinions of others close to you. Nevertheless, you need an intelligent partner who is willing to take up discussion with you and expand your horizons. Dealing with your own physical drives may present you with a philosophical dilemma as they may not necessarily be in accord with your higher principles. You may have exciting erotic experiences while on the move in foreign climes or alternatively, within an environment of intellectual challenge.

Clinton's Mars in Audra's 4th House

You are an extremely active force in Audra's domestic life and generally tend to dominate family decisions with your forcefulness and dynamism. If this energy is channelled constructively your home will benefit from your capacity for home improvement and organisation. However, if your temperament is not under control family harmony is bedevilled by emotional conflict.

Mars positive Mars: This contact shows harmony in styles of action and erotic needs. Both will display the same kind of dynamic expression, similar urges to overcome obstacles and similar methods when it comes to self-assertion. When they work together they work in harmony, when they are in conflict they use the same weapons.

Your ability to express your will and desires is considerably modified by the influence of other planets in your horoscope upon your Mars. These aspects show how you might best express yourself sexually and the kind of problems that may arise when you do. For women, aspects to Mars will often describe the behaviour of the man in the relationship. If this appears to be so, then projection is at work. By learning to be more clear-thinking, and asserting your genuine needs, these negative projections may be eliminated or at least modified.

**Mars negative Mercury***Mind like a rapier*

You have a sharp and witty mind - perhaps even a naughty one. An eager and dynamic student, you are a restless gatherer of information. In your relationships you argue much too much. Your voice has a cutting edge because you are determined to be heard. Little things irritate you and you feel that you have to put people straight. You argue aggressively for your ideas, tending to put people on the defensive. Remember - the meaning of communication is the response you get. It's not worth winning an argument and losing a friend. Silence is golden.

Mars positive Sun*A bundle of energy*

There is no doubt that you are a dynamic and forceful person with considerable leadership ability and executive power. You simply love a challenge and your positive attitude generally guarantees victory. People will rally around you because they sense you to be a winner. Other things being equal, your sexual appetite is strong and you see erotic activity as a natural expression of your creative drives. Generally, you insist on having your way - you will not tolerate being pushed around - and because you know what you want, few people would be foolish enough to try.

Mutuality: Please note that in this case both Audra and Clinton have an aspect between the same two planets. This shows a strong bond, and increases compatibility and stability in the relationship. **Mutuality - negative:** As this shared aspect is difficult to handle for you both, you will both manifest the behaviour described, making it hard to know who is responsible for what. Unhelpful behaviour tends to be perpetuated unless you both recognise your specified failings. Nevertheless there will be much excitement and growth in this area.

Mars negative Pluto

Bending to your will

In relationships you use your incredible willpower to engineer situations in which you feel secure. And, as you are plagued by jealousy and anxiety about losing power and feeling helpless, your romantic harmony is poisoned by your compulsive need to control every aspect of your partner's life. In your efforts not to be weak you are overwhelmingly dominating, though occasions inevitably arise when you feel humiliated. Your biggest enemy is your desire-nature, which is so compulsive that something has to give. Deep transformations will occur which bring you the psychological awareness necessary to be truly the master of your fate.

Mars positive Jupiter

Winner

You are a courageous pioneer - a battler for what is just and fair. Brave, outgoing and full of opinions about life, you will travel and better yourself intellectually to widen your philosophical horizons. With your self-assurance and insight, you are a very persuasive person and generally win others to your point of view. Basically you get what you aim for. This is also true in love, where the major priorities for you are freedom, wisdom and a positive attitude to life.

You have a strong sexual appetite and the power to attract the object of your desires, through your innate masculinity and insight into life. You do not like being restricted however, and you have few moral qualms when applying the arts of seduction. Jealousy is not something you have respect for.

The interaction between Mars in one horoscope and the planets in the other, has a profound effect on how you are able to express your will and fulfil your desires. These contacts will also show what form of sexual expression characterises the relationship. Also you may expect both conflict and excitement in the areas specified in this next section.

Audra's Mars negative Clinton's Sun

Rivalry

There is a lot of conflict in this relationship, partly because both of you feel the need to assert yourselves. However there cannot be two cocks ruling the roost, so you would be well advised to back down when a conflict of wills arises. Clinton often handles disagreements with more dignity than you - whilst you tend to get defensive and hit below the belt, he is more inclined to be magnanimous. If you can channel your energy and dynamism into external projects which mobilise you positively, conflict can be avoided. This is a working relationship - idleness sows the seed of discontent. While your impulsiveness is disturbing for Clinton, you often get irritated by his pompous style.

Clinton's Sun negative Audra's Mars

Rivalry

This can be a strong relationship but it's going to be stormy. It is best for you both that you have something to do together - to burn off all that energy - but it is unlikely that you will agree on methods and directions. Basically Audra should defer to you but she is unlikely to do this without protest. Indeed she will often be provocative and it is as much as you can do to maintain your equanimity and dignity. Basically, disagreements are best resolved by attacking each other in bed as the sexual energy level is high and the desire for fun strong. She will have to work on problems with her temperament in this relationship but you can help her with this by being less assertive or self-righteous.

Audra's Mars negative Clinton's Moon

In-fighting

This contact brings a lot of emotional conflict and this is related to your lack of ability to tune in to and respect the moods of your partner. Perhaps you feel threatened or provoked by his weakness or vulnerability, perhaps you wish to signal that you dislike anyone being dependant on you. Whatever the case, when Clinton gets moody you become impatient and irritated. It is essential for you to control your temper if you want a long-term harmonious relationship. It is no use proposing solutions in connection with the emotional life of your partner, if you do not truly understand what moves him. If you do not have the patience to understand his feelings - and it is no use forcing yourself - it is better to go off on your own for a while and burn off some of your energy. Disagreements about children and family matters can plague the relationship - the secret is to accentuate the positive and avoid being provoked by the negative.

Clinton's Moon negative Audra's Mars

In-fighting

Though there can be a strong emotional bond between you, this is often marred by outbreaks of bad temper or emotional provocation. You often feel an irrational irritation when Audra asserts herself or acts over-independently as this upsets your sense of security in the relationship. At the same time she feels impatience with any signs you show of immaturity or emotional indulgence. Your habits often run counter to what she wants to do and there is no inclination for her to compromise. Only a growing maturity and self-control can resolve this domestic disharmony. There is a strong and instinctual sexual bond, often based on convoluted motherly feelings.

You often feel that Audra asserts herself too much and you find yourself reacting negatively to this. Be patient and it will all blow over.

Audra's Moon positive Clinton's Mars

Domestic activity

This is a very stimulating contact which increases activity and dynamism in the relationship - there will be stormy moments but these blow over quickly. There is little danger of getting into a rut here, whether you are active around the house or with the family or out on expeditions, together you are like a dynamo - and the wheels are spinning fast. There is an element of restlessness too, but you make a creative couple if you can channel your energies in the right directions. There is a strong sexual attraction on an instinctive level. The energy of the relationship can lead to stormy episodes but it also ignites the erotic spark between you.

Domestic activity

Your life together with Audra is a hive of activity as you are strongly motivated to work hard to make her feel more secure. In return for your industriousness she creates an environment in which you can thrive. This influence describes the home-maker and pioneer and creates fine circumstances for children, family and home activities in general. In itself this contact is neither romantic, nor especially peaceful. You probably derive some enjoyment from provoking Audra - albeit in a good-natured manner - so the relationship seldom gets boring. You will find her very understanding and supportive.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality - positive/negative: Although dealing with this mutual influence is easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and therefore enhance the quality of your relationship. Moon/Mars: This will be most apparent in the way in which you handle your energy and impulsiveness - and not least your temperament. Dealing with irritation in a mature and understanding way is a challenge for you both.

Audra's Mercury negative Clinton's Mars

Barbed remarks

Though this contact represents an important connection between you and can generate lots of activity and plenty of enthusiasm for getting things done, there is no doubt that it is a contributive factor to stress in the relationship. Basically there is a tendency to be argumentative - sharp words are exchanged. Great efforts must be made to avoid nagging and negative criticism. You tend to be critical of Clinton's activities and this can be an irritating factor when he is trying to get something done. At the same time he gets annoyed by some quite sensible suggestions which you come up with, feeling that you are encroaching upon his right to do what he wishes. More maturity, patience and self-control is the solution.

Somehow your suggestions and ideas tend to put your partner's back up. Clinton may be too impatient to listen or feel that you are just putting-off getting things done by needless discussion.

Audra's Jupiter negative Clinton's Mars

Intellectual provocation

This bond creates a lot of energy and excitement in the relationship but there is likely to be disagreement about matters of principle and arguments about individual points of view. Clinton experiences you to be rather too judgmental whilst at times you see him as immature and ill-considered. There can be conflict about matters of intelligence and when you take the role of being all-knowing, this has a very provocative effect on him - it is precisely at these times he seems to be impulsive or immature. He tends to adopt a bullying approach whilst you retreat into your moral high-ground. If both of you exercise restraint there is a lot to be learned and much adventure to be had. If moral reservations are overcome - and they generally are - there can be a considerable sexual appetite.

You have difficulty grasping what it is that motivates Clinton, neither will your attempts to guide him have much effect.

Audra's Mars negative Clinton's Saturn

Barbed remarks

You can find yourself getting embroiled in many arguments and discussions with Audra if you are not careful. You have many differences of opinion and this can simply be because you charge off on your own without prior consultation. Often you do not have the patience to listen to her, or when you do, you do not give her the time and the space to explain herself properly. Audra feels threatened even during trivial discussions, sensing that you are difficult to sway and that you are determined to have your own way. This leads to far too much carping and sniping. By being active and creative together, you can channel some of this aggression. In general it is better to avoid too much discussion. Study communication techniques.

You interrupt too much when Audra is explaining her point of view and you do what you intended to do anyway. This causes resentment.

Clinton's Mars negative Audra's Jupiter

Intellectual provocation

There are strong ideological differences between you and this can result in long discussions about matters of principle. You may find this stimulating - and it can be if you keep a sense of perspective and humour. You are looking for an intellectual capability in Audra which she obviously has (otherwise you would not be with her) but which you constantly challenge. Unconsciously you tend to set up situations in which she fails to live up to your expectations and this results in Audra pontificating and you rebelling against her supposed intellectual authority. Nevertheless you can expect the relationship to be exciting, with a good deal of travel and adventure. There is a considerable sexual appetite - many differences of opinion are resolved this way - yet there are often moral dilemmas connected with your sexual life. You enjoy challenging the norm.

Audra soon puts your tantrums into perspective - it may irritate you but you can learn a lot from her way of seeing things.

Clinton's Saturn negative Audra's Mars

Chisel and granite

You experience severe restrictions in this relationship and this forces you to develop an extraordinary self-restraint and self-discipline - at least if you are looking for a long-term bond. Clinton frowns upon any manifestation of your spontaneity, postulating that it is a sign of your immaturity. In actual fact he feels threatened by your ease of action and subconsciously strives to place limits upon your freedom. You in turn find him to be autocratic and inflexible and resort to rebellious behaviour - which of course gives the impression of immaturity. Nowhere does this battle of will come more to the fore than in sexual matters. By resisting your advances Clinton asserts his authority over you. This leads to you stubbornly fighting against your own sexual impulses. To overcome impotence or frigidity in this area, you must see that a good sexual relationship is in both your interests. Keep conflict out of the bedroom and be energetic, yet patient, in your foreplay. This relationship is characterised by hard work and ambition - yet it is essential to take time off to enjoy the fruits of your labours.

Audra's Saturn negative Clinton's Mars*Chisel and granite*

This is a powerful but exceedingly difficult contact which is characterised by insecurity, friction and control. Initially there may have been a pre-destined element in your attraction to each other and a conviction that you could overcome whatever difficulties arose. Time shows that this is not so easy - you feel threatened by the spontaneous energy of Clinton and try to dampen, discipline or channel it. He feels intolerably restricted and bitterly resents your authoritarian approach. The most serious battles are fought in the bedroom, resulting in long periods without sex, or struggles with erotic expression. Try loosening the ropes. Another difficult area is in differing attitudes to work and duties. This relationship constitutes a challenge to you both which takes time and patience to solve. You must confront your fear and Clinton his anger and deal with frustrations openly.

Decisions you make and the attitudes you adopt often mean that Clinton is prevented from doing what he wants.

Audra's Uranus negative Clinton's Mars*A short fuse*

This is a profoundly provocative contact which ensures that your relationship is never lacking in excitement, though it may well leave you longing for peace. Clinton's actions and initiatives seem to strike a raw nerve in you, so that you react completely unpredictably, making co-operation almost impossible. You both tend to become very temperamental, if not explosive, perhaps because you would rather be free than possessed. Sexually, too, a nerve is touched, and though you can be wild and uninhibited together, excitement is probably at the expense of tenderness and intimacy. Something about you is exotic and different and this wrenches Clinton out of his usual working rhythm. Considerable

Clinton's Mars negative Audra's Uranus*A short fuse*

Though not necessarily a dominating factor in the relationship this is a somewhat explosive and temperamental combination. This is partly due to the fact that Audra finds what you do and the way you do it extremely provocative, and in turn reacts in a completely unpredictable manner. This awakens your anxiety and subsequently a defensive or even aggressive response from you. Both you and she are seeking excitement and adventure - you find yourselves on the fringe of society when you are together. Long-distance travel, cultural clashes, unconventional interests and activities characterise your relationship. It is in the nature of the bond that there may be regular periods of separation. Audra

personal development and consciousness change may take place under your influence, but not without pain and discomfort.

Sudden changes in direction on your part can leave Clinton feeling angry and disoriented.

Quagmire Working on visions

It is not easy for you two to work constructively together. Misunderstandings abound because you tend to go into action with an unclear idea of what is required, and because Clinton is very vague about what he actually wants. Your energy is diverted unproductively, and often into morally questionable areas. Strive to maintain high standards - together you tend to cut corners in ethical matters. It is no use looking to him for leadership or direction. Choose your own course. You get bogged down in discussions. Do not be deceived - he gets confused when confronted by your dynamism, and reacts by clogging up the works or by suggesting goals which are completely over-idealistic or unrealistic. Sexual harmony is also elusive as Clinton often finds your desires too earthy and longs for a "spiritual" union. This too is illusory; development of greater body-consciousness would help you both. Health matters may be in the forefront. Be aware that alcohol and other addictions have a negative effect on this relationship.

Quagmire

Though not the most significant influence in the relationship this contact may awaken a tendency - which may be latent in Clinton - to allow his imagination to go over and beyond conventional limits. Without constraints on what is permissible there is a great risk of depletion of energy for you both. Over-indulgence - especially in terms of substance abuse, questionable sexual activities or the unrestrained pursuit of desires - will have long-term consequences. This can for example be the undermining of the will to achieve or simply a dissolution of any sense of direction. On the other hand, through the application of the will to achieve idealistic, social or creative visions, you may both have considerable success. Sexually there may be discontent based on a dislike of routine, habitual sex and a longing for the romance of seduction. You may feel an antipathy to the primitive aspects of intercourse and long to transcend your physical desires. Learn then, about the spiritual aspects of eroticism.

Initiatives and actions on Clinton's part get bogged-down because of your lack of enthusiasm or clarity, so that he feels undermined. A little encouragement would go a long way.

OTHER ISSUES

CONTACTS AND COMMUNICATION: However strong the bonds of love, in the long term a healthy relationship also depends on the ability to listen to and understand each other. Many relationships founder on poor communication, once the fires of romance and sexuality abate. The ability to communicate is shown by Mercury in your horoscope, and the following section shows the strengths and weaknesses you have in this area, their effect on your partner, and steps you can take to improve on the contact between you.

Mercury in Gemini

Explore the mind

You are a master at mental gymnastics, bubbling with ideas and generally humorous and fun to be with. You love to keep communication flowing, and this makes you easy to be with, unless your partner prefers the silent type, in which case there would be a problem. Frustrations may arise because you dance from one subject to the other, without any intention to actually do anything concrete about the ideas you so willingly bring up.

Mercury in 11th House

Your ideas and mental skills are very much stimulated by your network of friends and associates. You put your communicative skills at the disposal of groups who benefit from your knowledge.

Audra's Mercury in Clinton's 4th House

You are strongly concerned your partner's family and you can facilitate communication for Clinton in family matters. Your relationships to the extended family - brothers, sisters, cousins, etc., can make your family life a busy affair. He would be well-advised to pay attention to your ideas and opinions regarding property and land.

Mercury in Scorpio

Depth analysis

You are a quiet and rather secretive person - you keep your ideas to yourself but very few things escape your attention. You have a natural psychological ability which helps you empathise with and understand others. Communication problems arise because you tend to use silence to express disapproval. Your partner does not know what you are thinking - perhaps it would pay you to make the effort to express your thoughts.

Mercury in 9th House

You are an extremely curious person who strives to find a deeper meaning within seemingly trivial events in our lives. As a person who can master several intellectual fields in depth, you make a very good advisor.

Clinton's Mercury in Audra's 5th House

Being with Audra evokes a playful attitude from you which could find a natural outlet in rearing and educating children. Your communication skills and sense of fairy-tale constitute an important part of your seductive abilities in the eyes of your partner.

With Mercury in Gemini Audra is bright, intelligent, communicative - and completely at home in the world of ideas. Clinton, who has Mercury in Scorpio, has a very different mental style. Silent and thoughtful, Clinton never says anything lightly. He needs time to mull things over, yet has extraordinarily acute psychological perception. Clinton may feel that Audra concerns herself with trivialities, she may be frustrated by the inscrutability of Clinton.

Aspects between the other planets in your horoscope and your Mercury will show talents or challenges with regard to your ability to express your ideas and be open to other people. These aspects describe the specific ideas you have and the kind of reactions you evoke in others through the way you communicate these ideas.

Mercury negative Jupiter

Who knows best?

You have a thirst for knowledge and understanding, but often jump to conclusions before you get to see the big picture. You are opinionated, and your desire to be right most of the time prevents your partner from communicating properly. You labour under a sense of injustice but your sense of fairness is one-sided. Take care to listen.

Mercury positive Neptune

An intuitive listener

You are extremely sensitive to atmosphere and the mental state of others and communicate well through feeling rather than through words. Misunderstandings arise because of a lack of directness and because you pre-empt what your partner is going to say - you

think you already know what it is. It is good to verbalise more and double-check that you have it right, and are not just hearing what you want to hear.

The interaction between Mercury in the one horoscope and the planets in the other, has a profound effect on your ability to communicate with and understand each other. The following section shows the ease or difficulty your partner has in communicating with and understanding you, and the kind of situations that may arise as a result.

Irreverent remarks

This is a very stimulating contact for you intellectually, creating plenty of philosophical discussion and a general awareness of principles - particularly as regards what is right or wrong, ethically speaking. Often there are disagreements and this may be because you feel that Clinton takes himself too seriously or is simply laying down the law. He likes to be right, but you prefer to see issues from several sides. In discussions you will never convince him but you give him a run for his money. Generally though, he does have deeper insights and convictions than you. He sees the big picture whilst you can lose your perspective in too much detail.

When you come with your ideas Clinton will often put them in another perspective, which is rather irritating for you. You feel he is a know-it-all.

Audra's Jupiter positive Clinton's Mercury

Student and teacher

This is a most intellectually stimulating contact because Clinton looks to you to provide him with an overview of his thoughts and ideas. It is a challenge for you to be able to put things into perspective, and for both of you this means an enhancement of your intelligence. Though not particularly romantic this is a wonderful influence for communication. Indeed, learning, travel, talk and contact over a wide expanse of cultural subjects are important criteria for a good relationship, as far as you are concerned. Whilst Clinton is the information gatherer and communicator, he defers to your insights and opinions. There is a lot of humour in your relationship and you can have fun together.

Clinton expects to learn a lot from you - and you enjoy expounding your views.

Clinton's Jupiter negative Audra's Mercury

Irreverent remarks

This is an intensely communicative connection and it shows a need to learn from and understand each other. However, there can be many petty disagreements about matters of principle. Audra has a tendency to poke harmless fun at you because she often experiences you as pontificating or superior. You like to be proved right - and though you often are, what use is that, if you cannot get agreement? Audra would be far more willing to learn from you if she found you to be more flexible or intellectually open or, indeed, if you would just admit to being wrong once in a while. Nevertheless you are both intellectually stimulated through being together - this contact is particularly good for travel, foreign languages and the challenges they bring and getting out and about meeting people.

You often feel Audra lacks insight and strive to remedy this fault by "educating" her. Only give your opinion when specifically asked.

Clinton's Mercury positive Audra's Jupiter

Student and teacher

You can really enjoy each other's intellectual company. You feel that you can learn a lot from Audra and are happy to be her student. You are inspired and curious about her ideas and opinions and this in turn encourages her to learn more and reflect about life. You can experience a lot of pleasure when on journeys together or perhaps going on courses, etc. You know how to poke harmless fun at her when she gets too serious or big for her boots. This is a really positive contact, bringing long-term intellectual growth and wisdom and evoking fine educational talents which can be of benefit to your children.

When you listen to Audra express her views and convictions you are very inspired and open up in return. You gain depth and wisdom through your interaction with her.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality - positive/negative: Although dealing with this mutual influence is easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and therefore enhance the quality of your relationship. Mercury/Jupiter: This will express itself in the intellectual stimulation you provide for each other, involving earnest discussions of right and wrong, concern with matters of principle and general information gathering.

Your relationship is dogged by communication difficulties which both of you have to work hard to overcome. Spontaneous chat,

Where you normally feel you can express your ideas spontaneously and be listened to, he demands a far greater degree of common sense, discipline and thoughtfulness. Unfortunately this is a very restrictive experience for you because it forces you to put a hold on your natural humour and playfulness. Actually he may feel subconsciously threatened by your talents and react accordingly. If you are smart you will see through this and be understanding. humour and general light-heartedness is not what your relationship is about - it is as if you are locked into a tight close-knit bond which necessitates mental struggle and intellectual self-improvement. Having accepted this, it is important for you not to make things more difficult by being negative. You have a tendency to judge Audra too hard and demand standards of honesty and clarity which only inhibit her more. If you show dissatisfaction with her abilities, she will naturally feel even more clumsy. If the truth be known, Audra activates some of your own inferiority complexes and you react by limiting her. Knowing this, strive to be encouraging and supportive - especially regarding Audra's desire to improve upon her skills.

 BELIEFS AND UNDERSTANDING: The planet Jupiter shows the area in your life in which you express optimism, hope, and a belief in the future. When transposed onto your partner's horoscope it shows where you can most inspire your partner. The following section shows how and where you bring insight and understanding and in which area of your partner's daily life you have a very beneficial effect.

Audra's Jupiter in Clinton's 8th House

Being with you awakens deep emotional insights and transformations in Clinton. Your understanding and support when he is in crisis, brings him a sense of security when he needs it most. Your tolerance and humour opens up doors for Clinton as far as sexual release is concerned.

Clinton's Jupiter in Audra's 6th House

Audra feels that you have a great spirit of tolerance and understanding which helps her get through daily hassles with an optimistic attitude. Your influence and guidance can be a great help in her working life, particularly because you help her see the meaning in and importance of integrating herself into something greater through work.

Sun positive Jupiter

Positive future-orientation

You have a magnanimous and generous personality, and you search for meaning in life through travel, reading, study and discussion. With your wise and cultivated nature, you are a good advisor. In love, you are understanding and tolerant yet with a strong sense of ethics and justice.

Moon negative Jupiter

Emotional profligacy

If there is one thing that upsets you, it is injustice. You are over-sensitive in matters of right and wrong and when you are emotionally aroused it is not easy for your partner to get his or her views across. Often your powerful emotional convictions are not based on the facts, so strive to keep an open mind when discussing your views with your partner.

Mercury negative Jupiter

Who knows best?

You have a thirst for knowledge and understanding, but often jump to conclusions before you get to see the big picture. You are opinionated, and your desire to be right most of the time prevents your partner from communicating properly. You labour under a sense of injustice but your sense of fairness is one-sided. Take care to listen.

Venus positive Jupiter

Cornucopia of love

You are an extremely loving and romantic person and this brings both benefits and problems. Often you fall in love with love and have difficulty settling into stable relationships because of your hunger for romance. Faithfulness may not be a strong point though sooner or later there will be a tendency to tighten-up your moral values, regarding love. Your attentiveness makes your loved one blossom. The most important value for you in a relationship is intellectual or cultural stimulation. Relationships bring travel and an expansion of horizons.

Mutuality: Please note that in this case both Audra and Clinton have an aspect between the same two planets. This shows a strong bond,

and increases compatibility and stability in the relationship. Mutuality - positive/negative: Although dealing with this mutual influence will be easier for one of you to handle than the other, together you will work out lasting solutions to difficult problems and thus enhance the quality of your relationship. Jupiter/Pluto: This influence gives you both a tendency to be attracted to powerful ideologies. The challenge for you is to deny these ideologies any priority over the love you feel for each other.

Audra's Jupiter positive Clinton's Mercury

Student and teacher

This is a most intellectually stimulating contact because Clinton looks to you to provide him with an overview of his thoughts and ideas. It is a challenge for you to be able to put things into perspective, and for both of you this means an enhancement of your intelligence. Though not particularly romantic this is a wonderful influence for communication. Indeed, learning, travel, talk and contact over a wide expanse of cultural subjects are important criteria for a good relationship, as far as you are concerned. Whilst Clinton is the information gatherer and communicator, he defers to your insights and opinions. There is a lot of humour in your relationship and you can have fun together.

Clinton expects to learn a lot from you - and you enjoy expounding your views.

Audra's Mercury negative Audra's Jupiter

Irreverent remarks

This is a very stimulating contact for you intellectually, creating plenty of philosophical discussion and a general awareness of principles - particularly as regards what is right or wrong, ethically speaking. Often there are disagreements and this may be because you feel that Clinton takes himself too seriously or is simply laying down the law. He likes to be right, but you prefer to see issues from several sides. In discussions you will never convince him but you give him a run for his money. Generally though, he does have deeper insights and convictions than you. He sees the big picture whilst you can lose your perspective in too much detail.

When you come with your ideas Clinton will often put them in another perspective, which is rather irritating for you. You feel he is a know-it-all.

You can really enjoy each other's intellectual company. You feel that you can learn a lot from Audra and are happy to be her student. You are inspired and curious about her ideas and opinions and this in turn encourages her to learn more and reflect about life. You can experience a lot of pleasure when on journeys together or perhaps going on courses, etc. You know how to poke harmless fun at her when she gets too serious or big for her boots. This is a really positive contact, bringing long-term intellectual growth and wisdom and evoking fine educational talents which can be of benefit to your children.

When you listen to Audra express her views and convictions you are very inspired and open up in return. You gain depth and wisdom through your interaction with her.

Clinton's Jupiter negative Audra's Mercury

Irreverent remarks

This is an intensely communicative connection and it shows a need to learn from and understand each other. However, there can be many petty disagreements about matters of principle. Audra has a tendency to poke harmless fun at you because she often experiences you as pontificating or superior. You like to be proved right - and though you often are, what use is that, if you cannot get agreement? Audra would be far more willing to learn from you if she found you to be more flexible or intellectually open or, indeed, if you would just admit to being wrong once in a while. Nevertheless you are both intellectually stimulated through being together - this contact is particularly good for travel, foreign languages and the challenges they bring and getting out and about meeting people.

You often feel Audra lacks insight and strive to remedy this fault by "educating" her. Only give your opinion when specifically asked.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. You are strongly aware of flaws and weaknesses in your partner's intellectual ability or skills and of his apparent communication problems. However, Clinton often feels inhibited by what he sees as your negative and critical attitude to the way in which he expresses himself. You may find yourself adopting a schoolteacher role which can well be a source of benefit to him in the long term as there are many areas in which you have experience and he has not. However, this authoritative position may still be a source of frustration to you because you have to be serious when you don't want to be - and to him because he is made to feel intellectually inferior.

You may well feel rather uncomfortable yourself, together with her acquaintances, perhaps with good reason. You use your influence to limit the time she spends with others - or to organise that time more efficiently - and though she may feel that you are more a liability than an asset in social terms, there is much she can learn through being with you about finding the balance between true social commitment, and less important social engagements.

Demolition

Though not normally so important on a personal level this contact is nevertheless significant whenever power or powerlessness are issues. Whenever there is a battle of wills you will find that your normal decisiveness and authority is effectively trumped by Clinton. Why? he is prepared to take a loss, you are not. He is willing to see the whole edifice of your relationship crumble to achieve his will and you are not. It is therefore wise to side-step irresolvable issues if you want to avoid unpleasant ultimatums. Psychological issues may also be important in the relationship, perhaps because of Clinton's tendency to go to extremes when confronted by what he sees as your inflexibility.

At times of crisis Clinton may show little respect for what you have built up, so take care.

Demolition

Though not so significant on a personal level in everyday life, this contact brings issues of power and authority to the fore. At times of crisis an atmosphere of ultimatum may pervade your relationship, in which Clinton's experience and authority are pitted against something even more powerful in yourself. This is a battle which you are ultimately destined to win, though you reap no advantage from it. This is because you are prepared to see the hard-won structures of your life shipwrecked on the rock of your wilfulness, whilst Clinton is not prepared to lose what he has invested in the relationship. In your outer life there are dangers through involvement with powerful institutions, whether they are institutions of state or more secretive underworld groups. In both your personal and public lives it is important to extricate yourselves before damage is done.

However just because you appreciate your own freedom in a particular area, this does not mean that the same kind of freedom is beneficial for her - perhaps she needs to have foundations precisely where you have forsworn them. At times of change your willingness to make a clean break is not shared by Audra who feels a greater responsibility to her ties, and you should make allowances for this.

Your irresponsible attitude to your commitments can be a source of great discomfort for Audra.

Double-mutuality: Please note that both of you have exactly the same mutual aspect between the planets making cross-contacts from one horoscope to the other. This is a MAJOR factor of compatibility. Whatever other contacts there are between your horoscopes, for better or worse, this double influence shows a strong bond and increases the harmony and stability in the relationship. Double-mutuality-negative: Both of you struggle with a mutual influence which subjects you to considerable stress and tension. This area will be a subject of conflict and disagreement, yet your struggles will bond you to each other, ultimately leading to a transformation of the behaviour in question. Saturn/Pluto: This influence relates to a shared experience of the unbridled use of power, both by individuals and by faceless organisations and the awareness of a need for basic reforms in structures which have outlived their usefulness.

HOME AND CAREER: The IC/MC axis (the vertical axis of the horoscope representing the beginning of the 4th and 10th Houses) shows

domestic and career drives. Contacts between planets in one horoscope and this axis in the other will show how you influence each other in these areas. This can be particularly important if you share career interests, or if family matters are paramount.

Divergence through career Fame and fortune

This strong bond shows your deep-rooted attachment to Clinton, often based on matters concerned with the past. Whilst you are a source of inspiration to him - he tends to modify his goals according to your lead - there will be times when your ways diverge. This is either because you require too much of your partner's attention with domestic matters or because there is a conflict of interest in professional matters. Your partner has to assert his professional needs even if it hurts your pride. At times of self-discovery and self-realisation in particular, you may feel that a change of career or abode is called for, which may be very disruptive - temporarily at least. If your emotional bonds are strong there is no profound negative effect in the long run unless the relationship is based on outdated feelings of over-dependency.

This connection shows a strong bond between you, particularly in the areas of career and family. Your personal goals in this area, however, may not accord with Audra's sense of mission in life. As long as there is mutual respect for each other's goals, no major problem should arise here. It is important for you to allow Audra to find and define herself as a separate individual, rather than insisting on a commitment from her side to your goals or family values.

When Audra insists on following what is really right for her, this necessitates considerable upheaval in your career or family life.

Each column of the graph is double, reflecting contacts which are either harmonious or disharmonious. Though, from the point of view of pleasure, harmonious contacts are to be preferred, disharmonious contacts also show compatibility and can be very stimulating. There has to be something to work on and overcome in a relationship. The final column shows general compatibility between both people.
