

## *A Note about*

### *Flower Essences*

*Animals respond to many things, especially love.*

*We have been given dominion by God to care for these blessed creatures.*

*Flower Essences are the elixirs of the Light of Christ; living, holy waters. The healing hand of God permeates each flower and blesses its creation.*

*You have chosen to take on a commitment of patience, responsibility and love when you adopt a new pet, and your goal is to integrate this being as part of your family,*

*Flower Essences are spiritual tools that you can utilize to make this transition of welcoming and nurturing a new pet in your life a little easier.*
