Electronic Career Portfolio

By Heather Ignatius

Neonatal Nurse Practitioner

Table of Contents- NEONATAL Nurse

Vision

- I believe that in order for someone to achieve goals, they must work hard and make good choices. If one does not work hard, they will not be experienced enough to know how to work in challenging situations that will come in life. Also, if one does not make good choices, challenging decisions could prove fatal.

Career Goals

- My career interests and goals begin with math and science. My favorite recreational activities were dance and still is and I also liked doing computers applications. I am taking a lot of math and science classes this year.
- I learned to apply many of my career interests into things that I do like, when I worked at the health club I worked with kids. Which I loved to do, and I also love the science behind a human. So that's why I want to be a nurse for young children.

My School Courses

- Radnor Senior High School
- Spanish 3
- American lit.
- World studies
- Advance biology
- Geometry
- bioethics

Resume Introduction

- My resume seeks to provide evidence confirming that I will make a good business woman and that I will excel in my interest area. You may notice that in my resume, it mentions a no absence award, as well as umpiring being listed as a job. The no absences award symbolizes that I am a hard worker, and umpiring requires excellent decision making, especially for such a young age. I do many extra-curricular sports.

College Course Examples

- •Penn Nursing Science
- •Nature & Science of the Child
- •The Growing Child & Family
- •Child Health Crises
- •Neonatal Nursing 1
- •Neonatal Nursing 2
- These are just some of the course that you could take

College Requirements

- Since I could not find this information I am going to make an guess that he would need a c or higher in all of the course that I list you could take. Also you would take many math classes because you need to calculate right.

Employment Examples

- Usually work in a hospital
- **Top Salary- \$50,000 and \$190,000**
- ***Level I- Level III*** Neonatal Nurse
- Neonatal Nurse Practitioner or in the Intensive Care unit
