

To setup Go-Lotto data files use these numbers and data files will open up properly (only on registered software). When downloading files from internet the files with no extension are the data files, the files with the **.day** extension are just for letting the program know what day of the week that lottery is drawn, and the **.xxx** files let the program know what sites to go to when using the G and H menu selection in the main menu.

HIGHEST	DRAWS	FILE NAME	LOTTERY NAME
39	5	AR39	NATURAL STATE
