

D.C. Anti-War Network  
 DAWNDC.NET  
 dawndc\_email@fastmail.fm

"DAWN" was founded shortly after September 11, 2001 to oppose President Bush's "war on terrorism," the Iraq war and any war on Iran. We have sponsored dozens of rallies, protests and events since then. We are a democratic group with a diversity of participants. Any one who agrees with our points of unity may make proposals and vote. We meet every Tuesday evening. See the website or email us for meeting details.

### DAWN's Points of Unity

We oppose:

- Using the victims of 9-11 to perpetrate the so-called "War on Terrorism."
- All forms of sexism, racism, classism or ethnic or religious violence and bigotry.
- The use of torture and DAWN aligns with other groups to work against torture in the United States and worldwide.

We demand:

- An end to war and occupation as a method of U.S. foreign policy.
- An end to the PATRIOT Act and the attacks on our civil liberties.

We seek:

- Global peace through economic and social justice.
- An aware world of sexual, racial, class, ethnic and religious tolerance.
