

# At Farnborough 2006, all eyes will be focused on *Aviation International News.*

Why are more of the people you want to reach at Farnborough giving us the eye? The answer is easy to see: AIN's award winning coverage. More reporters. More depth. More analysis.

When asked "if there were only one publication covering Farnborough, which would you prefer?" more of your customers and prospects choose *Aviation International News* than any other on-site magazine.

To reserve space in our 3 daily issues at Farnborough, contact your AIN Representative at +1-203-798-2400 or at [adsales@ainonline.com](mailto:adsales@ainonline.com).

Reservations close June 16.
