EXT. City Park - NIGHT

IN DREAM
SEQUENCE

A battle-torn park lays in a heap of flames. Fires are eating away at the tallest trees, and all that can be heard for now are the crackling of the flames. Moving profile shot - with Warren, dressed for battle carrying a large sword strapped to his back, running on a road amongst the burning trees. He stops suddenly in the road, camera pans up from behind him, revealing a fierce looking monster. The monster is disgusting in appearance and resembles a decomposing dragon. It is more wide than it is tall. It makes a loud noise in response to Warren's appearance. Cut to wide shot of Warren standing. He bares his teeth and pulls the sword off his back and mutters.

WARREN

Thought you could outrun me?

He raises his sword and points it at the creature's head.

WARREN (CONT'D)

I'm not letting you get away again!

Camera follows from behind as Warren begins to rush at the creature. He passes several characters who are running in the opposite direction to escape the creature. Some stop and call out to him.

WOMAN #1

Don't do it Warren! Escape while you still can!

MAN #1

Hey! Where do you think you're going? The monster's that way!

WOMAN #2

You'll never make it!

WARREN

(Turns around while still running and yells at the people who passed him)

Will you all just shut up! Some one has to stop it! I don't see you trying!

Wide shot showing the group of people who ran to safety. They're standing against a wall watching in horror.

MAN #1
 (Mutters to himself)
 Man, that boy is just like his
 brother. What a hero.

Camera angle shifts to Warren who is running but stops when he hears a voice.

MICHELLE
 (Screaming really loud)
 Warren! Warren! It's got me!

C.U. Of creature's hand squeezing the girl.

MICHELLE (CONT'D)
 Let go! Please let go! I don't
 deserve this!

E.C.U. Of Warren's face.

WARREN
 Michelle!

Camera pans out still focused on Warren, as he runs toward the creature again.

WARREN (CONT'D)
 (Tired and breathing
 heavily)
 I won't let it get you! I can't!
 Please just hold on! Just hold on!

E.C.U. Of Michelle's face.

MICHELLE
 Warren! Hurry! It's going to...

Far away shot showing the creature standing in the middle of the park amongst the flames. Her voice is cut off as the creature makes a quick movement with it's hand, followed by a loud snapping noise. The dream abruptly ends.

CUT TO:

INT. CLASSROOM - DAY

Warren awakes from his seat with a jolt. Sweating and breathing heavily, EST. Shot, he looks around to see the classroom empty. He looks at the clock.

WARREN
The time, (beat) class is
over?

His history teacher is behind him grading papers, she doesn't look up when she chimes in.

MS. AMY
You know, it's going to be hard to pass you if you keep falling asleep in my class.

Warren turns around to face her.

WARREN
You didn't wake me up this whole time!

MS. AMY
I have papers to correct. I was going to get around to it.

WARREN
You're just humoring me aren't you?

MS. AMY
(She looks up at him now)
I'd like to think so, but really, this is the fourth time this has happened Warren. I can't keep letting you sleep in my class. It's insulting. I'm afraid it's detention for you again.

She pulls a pink pre-written slip and hands it to Warren. He looks at it with a sad look in his eyes.

MS. AMY (CONT'D)
Next time, maybe try and stay awake.

WARREN
I'm sorry...it's just, I can't seem to focus lately.

MS. AMY
Your brother right?

WARREN
Yeah, (beat) I haven't heard from him in a while. He hasn't sent any mail in over a week.

MS. AMY

I understand, but it's no excuse to fall asleep in my class. If you're not feeling well, you should see the school nurse.

WARREN

Thanks, but I'm good.

MS. AMY

Alrighty, you better get going, I heard your friends were waiting for you outside.

WARREN

Wow! They haven't left yet?

Warren gathers his belongings up in a hurry and rushes out the door. He stops and comes back.

WARREN (CONT'D)

Sorry again, I'll try to stay awake next time.

MS. AMY

I'll hold you to that.

Warren runs off down the hallway. C.U. Shot of Ms. Amy. She reaches into a purse next to her side and opens her wallet. She looks at a picture of a man dressed in a soldier's outfit. She mutters to herself.

MS. AMY (CONT'D)

You were right Michael, your little brother is quite the character.

EXT. SCHOOLYARD - DAY

The school doors open as Warren rushes outside to see where his friends are. Moving angle - POV of Warren - stop at large tree near the front of the school where his friends are waving at him to come over. His friends are Alice and James. Alice is short in comparison to James, so he is sitting on the ground when Warren arrives. He rushes over to meet them. Warren is out of breath so he leans against the tree.

ALICE

(Teases Warren)

Fell asleep in Ms. Amy's class again Ren?

JAMES

Man, that was hilarious! You should have seen the look on her face!

WARREN

Funny?! She gave me detention again.

ALICE

Aw, that's a tough break Ren.

WARREN

(Gets flustered)

Hey! I told you to stop calling me that!

JAMES

Heh-heh, you know she's just teasing you.

WARREN

Yeah, but I like my name, I don't want to be called Ren.

All three characters are sitting now. Alice reaches into her backpack and pulls out a package.

ALICE

Sorry Ren, guess I forgot. But look what I have! It's a new flavor of that cracker stuff!

JAMES

Alright! You're planning on sharing that right?

ALICE

(Starts to distribute the snack)

Of course! Here's some for you Warren.

WARREN

(He takes some from her and nibbles on it)

Thanks.

JAMES

(Takes his piece from Alice)

So whatcha dream about this time Warren?

WARREN

It was so weird (beat). I was running through the park again.

JAMES

Sounds like you were dreaming again about the letter you got from your brother.

WARREN

Oh, the one he sent a couple months ago? Yeah, now that you mention it, there are some similarities.

He sighs and stares up into the clouds.

WARREN (CONT'D)

Just once man, just once.

ALICE

(Teases Warren again)
Dreaming about Michelle again?

WARREN

(Gets embarrassed and turns to face her)
You think I'm just going to tell you that?

JAMES

Dude, you were talking in your sleep. She heard everything.

All action stops as camera pans out to a group of girls walking by the tree. Michelle is walking with them. She asks them to stop and runs up to Warren. C.U. Of the two staring at each other.

MICHELLE

It's bad enough you try and flirt with me during the day, but that little dream you had, you're just lucky you're not dead right now.

WARREN

(Gets upset)
Hey! At least I'm not spying on people's dreams!

MICHELLE

(Scoffs)
Spying? You accuse me of spying?
(MORE)

MICHELLE (CONT'D)

Well excuse me, at least I don't yell in my sleep. The whole stupid class heard you, you freak.

James chimes in from off camera.

JAMES

She's right you know You were rather loud.

MICHELLE

(Glares at the group)
I'll leave you losers alone.

She walks back to her friends, and as they leave, one girl stays behind. She's shorter and younger than the rest. As Warren turns and starts talking to his friends again, the girl walks up and sits down next to them.

WARREN

She didn't mean what she said, did she?

ALICE

It kinda sounded like she did (beat).

JAMES

(Motions toward the girl who just sat with them and whispers)
We have company.

All three stare at the girl who just joined them. She looks back and smiles.

EPEE

Hi there I'm Epee!

POV of Epee - all three stare at each other. Alice shrugs her shoulders and Warren scratches his head.

WARREN

Um, can we help you?

POV of group - Epee is just staring at them with a weird grin on her face. Cut back to wide shot of everyone.

ALICE

Epee, you want to hang out with us or something?

C.U. Of Epee's face, still with the weird grin. Her eyes are blinking rather rapidly in a frightening manner.

Warren and his friends start looking at each other a little worried over the behavior of the new stranger. Placed in an uncomfortable position, Warren starts looking around with a half smile on his face, attempting to hide what he is really thinking. Alice looks at Epee as if she is trying to figure out who she is by looking at her. James decides to break the uncomfortable situation by laughing hysterically.

JAMES

(While Laughing)

What's up with the crazy smile?
You trying to psyche us out or
something? Man, with a smile like
that you could creep out anyone.

Epee pulls her body back, and appears a little concerned now that she may have done something wrong. She pulls her hands up to her face embarrassed. Alice becomes angry with James and punches him in the shoulder, causing him to get up. He walks backwards away from the group to avoid any more hits.

ALICE

You jerk! What makes you think
it's okay to say things like that,
she's just a little girl!

Warren, not wanting to get involved with what's going on, starts shifting through his backpack as if he's trying to find something. James continues laughing while pointing at Alice, when he suddenly trips over a small rock and falls down. Epee looks like she's about to cry, so Alice walks over to comfort her.

EPEE

I'm sorry...I thought smiling would
have worked. I'm new to this
really. Please, I'm just lost.

Warren stops rummaging through his backpack and suddenly looks up.

WARREN

You're lost?

Epee wipes a tear off her eye with the edge of her dress sleeve. While the ribbons tied to it flutter in response to the movement of her arm.

EPEE

Yes. No. Well, I think I am. Do
you know?

Her expression suddenly changes and she appears happy and carefree. Epee begins to giggle madly as if it is some sort of game to her. Warren sighs, and zips up his backpack. He stands up and puts it on. He extends his arm to help James back on his feet. While addressing Epee.

WARREN

We're thinking of taking off Epee.
My grandfather is probably almost
done playing chess in the park with
his buddies.

Alice chimes in.

ALICE

Oh yeah, it's Thursday isn't it?
You took so long to wake up they're
probably done playing right now.

WARREN

You're welcome to join us Epee,
that is if you want to. Not quite
sure if you'd be interested or not.

Epee suddenly jumps and down for joy.

EPEE

Yeah! The park! The park! I want
to go!

James dusts himself off, walks over, picks up his backpack from underneath the tree and pats Warren on the back. He leans in and whispers.

JAMES

Maybe we can lose her if we run.

Warren grins, and rushes for the school gates with James in pursuit. Alice gathers up her stuff as quick as she can, and yells at the group to wait up. She is running with her backpack in her arms. Epee takes off after them, laughing, she extends her arms out at her sides as if she's flying after them.

EXT. CITY PARK - LATE AFTERNOON

Under the canopy of some big park trees lies an area which appears dug into the ground and surrounded with stone walls. It's an area where not that many people visit in the park. Trash litters the ground in some areas, and moss grows on the stone walls which line only two sides.

Two sets of stairs lead up to the city street near the park on one side as the other opens up to the rest of the park. The only people who can be spotted playing chess are rather old in appearance. Wrapped in bundles of clothes to keep them warm. Two elderly men, one with a cane, and another with a briefcase and walking stick are in a match. Suddenly, one of the players gets upset over a move made by another player. He stands up, hunched over a bit and shakes his fist at the other player. It's Warren's grandfather, who goes by the name of Davey.

DAVEY

Ya lying pack of no good! This
isn't checkmate, I've seen
checkmate, you're just giving up.

His opponent, another elderly man shakes a cane he brought with him at Davey.

ELDERLY MAN

Giving up? Giving up? Why, I
ain't heard of such a thing. I
think you just can't admit you loss
to the better man!

Davey sits down and points his finger at the man.

DAVEY

Now listen here you. Listen here.
You're an old coot. You can't move
that piece forward like that. It's
cheating is what it is.

The man drops his cane and crosses his arms. He looks like a little kid pouting over not getting what he wants.

ELDERLY MAN

I've seen cheating and I sir am no
cheater. You're just a poor sport.
Going around raining on people's
parades and things of the sorts!

DAVEY

Why the nerve to accuse me of such
a thing, and you're just a quitter.

The argument continues to go on as Warren and his friends appear at the street and come walking down one of the set of stairs. Warren stops at the bottom seeing his grandfather in a heated battle of words with his opponent.

WARREN

Well, it looks like Grandpa loss
another chess match.

JAMES

Alright! Just in time to see your grandpa go nuts.

James takes off to join Davey in the argument. Alice and Epee stand next to Warren at the bottom of the stairs and together they walk over to meet Davey.

DAVEY

You scumbag! You just come here to make me look like a fool! The sight of you makes me sick.

James joins in the conversation, bouncing from foot to foot like it's an actual fist fight he's just joined.

JAMES

Yeah! You make us sick!

The old man picks up his cane and waves it at James.

ELDERLY MAN

Who do you think you are punk? You better shut that mouth of yours up before I come over there and make you.

DAVEY

(Speaking seriously)

Hey you, that kid's a friend of my grandson, you mess with him, you mess with me.

JAMES

Yeah! He'll mess you up! Punk.

James begins to wave his hands around, making weird symbols with his fingers trying to give the appearance like he is flashing gang signs at the old man. The elderly man gives up, stands up, and walks away, mumbling incoherent things about the two. Davey begins to laugh an old dusty laugh and pats James on the back.

DAVEY

Thanks kiddo, I was hoping you guys would arrive sometime, that coot was beating me pretty bad.

Warren walks up to the two and starts laughing.

WARREN

Wow grandpa, you still got it huh?

DAVEY

Of course, I'm the champ, but where
were you guys? You fall asleep
Warren?

Warren gets flustered for being put on the spot but doesn't say anything to his grandfather. Instead James explains everything about how he fell asleep and got detention. His grandfather gets a good laugh out of this, stands up and grabs his walking stick.

DAVEY (CONT'D)

Well, I'm glad you all came to see
the last moments of my glorious
win, but it's growing rather late
wouldn't you agree? We have a
trolley to catch don't we Warren?

Before Warren gets a chance to answer, Epee walks forward and stares at the old man. She walks around pretty close to him with a puzzled look on her face. She then announces the obvious.

EPEE

(In a curious tone)
You lost didn't you? Why did you
fight with that other man? Are you
guys enemies?

Davey laughs at what the little girl had to say. He gets down on one knee and talks to this stranger.

DAVEY

Well you're quite an interesting
little thing aren't you?

He looks up at Warren.

DAVEY (CONT'D)

Is this a new friend of yours?

WARREN

(Sounding annoyed)
She's been following us all
afternoon. We can't seem to shake
her.

JAMES

Yeah! It's crazy, not to mention
she was all acting creepy and stuff
earlier....

Alice kicks him in the shin, causing James to wince in pain. Davey chuckles at this and looks down reading the time of his pocket watch.

DAVEY

Well, I'll be. It's late,
shouldn't you be headed home little
one?

Epee nods without saying a word and takes off toward the other side of the chess area which opens up to the park. Warren and his friends look on as she climbs over a small hill and disappears from sight.

ALICE

Where do you think she's going?

James crosses his arms and looks to his right at Alice.

JAMES

Who knows, at least she's out of
our hair.

Warren helps his grandfather by picking up his suitcase for him while talking to his friends.

WARREN

Hey, what was she doing on campus
anyway? She said she was lost
right? That was confusing.

Davey reaches the bottom of the stairs and motions for Warren to follow.

DAVEY

No matter! Just put it out of your
head. Kids these days can be so
unpredictable. Come along now or
we'll be late.

WARREN

Alright Grandpa!

Warren and his friends climb up the stairway and separate once reaching the top. James and Alice start heading one way down the street, while Warren and his grandfather take off in another. Warren smiles and waves goodbye to his friends.

WARREN (CONT'D)

I'll see you guys tomorrow. Thanks
for waiting up for me earlier.

James and Alice wave back.

JAMES

It's no problem man, you take care now.

ALICE

Bye Warren! If you need help with the homework, make sure to call me.

The sun is now setting in the sky. The sky is red and filled with a lot of puffy white clouds. Although one small black cloud can be seen floating over the park. Everyone is now gone.

EXT. CITY PARK - NIGHT

On a road similar to what appeared in Warren's dream in the park, Epee can be seen skipping along it singing a song to herself. Large trees surround the path, which leads to a large field in the park. There in the field, the skyscrapers can be seen looming behind the trees. It's mostly quiet, except for the sound of nearby crickets and the crunching of gravel under Epee's feet. Epee stops as she reaches the end of the path and stares out at the field, peering out with a hand over her eyes like she's looking for someone.

Slowly the sound of heaving breathing can be heard, but Epee doesn't seem to notice. Behind her on the path, a shadow from one of the trees starts to take shape. As the breathing becomes noticeably loud, Epee closes her eyes and shudders.

EPEE

Go away! I'm not going home!

The shadow has now taken most of it's shape, dark and hard to make out, it resembles a wolf in it's appearance. It appears to be pulling itself out of the ground. As the dark figure pulls it's first leg out from the tree's shadow, the leg bends and snaps. Oddly enough, the tree the shadow was connected matches it's movement, it's trunk splits, and the tree bends over, as if some force is pushing it down. Epee runs now screaming.

The creature opens it's mouth where it stands and lets loose a series of cawing noises. Each one progressively louder. In the shadows of other trees, more shadows start to rise from the ground, summoned by the noise. Faster than the first, they are in a rush to get going, snapping and breaking their trees with much greater force, the trees appear to explode. They chase after Epee who is now in the middle of the field. Epee looks back and sees even more of the creatures.

EPEE (CONT'D)
They sent more? This sucks!

Growing tired of running, Epee slows down to a steady walk, to a point where she stops exhausted. With her hands on her knees, she stands out in the open field breathing heavily from the chase. She then closes her eyes and her face squints up. The air around her swirls while her hair runs loose and wild blowing with the strong currents. A pair of dark feathery wings violently emerge from her back. Epee takes off into the air as the shadowy monsters try jumping and swiping at her.

CUT TO:

INT. WARREN'S BEDROOM - MORNING

In a small cottage looking building, Warren stares out the window from his bed as the sun rises. He sees the tall skyscrapers of the city in the distance. Warren lets out a groan and lays back in bed.

WARREN
(In a tired voice)
It's too early. Can't I just sleep
in?

He looks toward the calender hung up on the wall.

WARREN (CONT'D)
Well...at least it's Friday. I'll
just sleep in tomorrow.

Warren then gets up and stretches, letting out a yawn.

CUT TO:

INT. CLASSROOM - DAY

It's quiet in Ms. Amy's classroom. The teacher is busy writing notes on the board as the students are half paying attention. Some are pressing buttons on their cell phones, others are doodling. The noise of someone snoring slowly starts to fill the room. A few students start to giggle.

STUDENT #1
(Whispering)
Look! Look! He fell asleep again!

STUDENT #2
 (Whispering and pointing)
 He's doing it again!

Alice looks up from writing her notes, trying to figure out what's going on. She looks over at Warren a few desks in front of her noticing he's asleep. A worried look crosses her face, as she tries to call to him.

ALICE
 (Whispering)
 Psst! Psst! Ren!

Warren is still asleep, but Ms. Amy hasn't noticed yet.

ALICE (CONT'D)
 (Whispering a little
 louder)
 Ren! Ren! Wake up!

Still no reaction from Warren. Alice becomes frustrated, picks up an eraser and flings it at Warren's head. It hits and bounces off. Warren awakens with a jolt, causing his desk to shake and for everything to fall off it. The class bursts into laughter and Ms. Amy turns around to see what's going on.

MS. AMY
 Drop something Warren?

WARREN
 (Flustered)
 Me? Oh, um...yes, I well...

He notices the eraser on the ground and picks it up.

WARREN (CONT'D)
 I was just trying to get this. I dropped it and um, well I lost my grip, and um...I....

MS. AMY
 Well you have it now, you good to go?

WARREN
 Yes Mam.

MS. AMY
 Good, well get back to writing this down off the board.
 (MORE)

MS. AMY (CONT'D)

I'm not just putting these notes up here for myself. That goes for all of you as well.

She looks around cautiously at her students one last time and gets back to writing on the board. Warren rubs the back of his head and looks behind him to see who threw the eraser. Alice struggles a tiny wave to him with a guilty look on his face.

EXT. SCHOOLYARD - DAY

Outside the school steps, Epee stands waiting, staring at the doors. No one is around and it's quiet. Suddenly the bell rings and a hoard of students come crashing out the doors. As the crowd thins, Epee is still seen standing in the same spot. Warren and his friends now exit out the doors and James is laughing.

JAMES

Dude! You were so lucky!

WARREN

(Looks annoyed)

It hurt. I don't see how you can call that lucky.

ALICE

(Looks at the ground innocently)

Hey, I had to do something.

WARREN

Yeah, but an eraser?

The group starts walking down the school steps.

JAMES

Such a whiner man! Look at the bright side, at least you didn't get detention.

WARREN

(Sounding depressed)

Yeah...I still got a months worth to work off.

Epee waves and calls to them as they pass her.

EPEE

Hey you guys! Miss me?

Warren and his friends stop in their tracks. James shudders at the sound of her voice.

JAMES

Oh you've got to be kidding me.

Warren looks back at Epee with a fake smile and wave. He looks over at Alice and mutters to his friends, all the while clenching his teeth pretending to smile.

WARREN

It's that girl again. Is she following us?

JAMES

Don't wave to her! You're going to make her come over!

James grabs at Warren's waving arm, to stop him, but it's too late. Epee comes walking up to the group smiling. Alice scoffs at them and greets Epee with a high five.

ALICE

Come on you guys, you're treating her like she's evil or something.

EPEE

(Surprised)

What?! You guys think I'm evil?

Warren and James look at each other then back at Epee.

WARREN

(Flustered)

Oh, no, nothing like that.

JAMES

(In a serious tone)

What are you talking about Warren? It was your idea the whole time. Believe me Epee, I had no say in the matter. He just forced me to go along with him....

WARREN

What are you talking about! I never....

EPEE

Wow, you guys are good!

ALICE

(Laughs)

Ignore them Epee, they're just being stupid. You want to hang out with us again today?

EPEE

Really? I can?

WARREN

(Sighs)

Alice, you had to ask huh?

JAMES

Come on bro, let's go.

James pats Warren on the shoulder and they walk toward the school gates. Alice follows suit and motions for Epee to follow. Epee screams in delight and rushes up to follow them outside the school grounds.

INT. ICE CREAM SHOP - AFTERNOON

Warren and friends are sitting in a booth in a retro-looking Ice cream shop. The booth is connected to the store front window, Warren and James are sitting on one side, Alice and Epee on the other. A few people from their school are in the shop as well, including a guy running the counter. Alice is licking an ice cream cone, James is relaxed, sipping from a straw on his soda. Warren is slowly stirring the ice cream in his cup when he looks up at Epee.

WARREN

It's starting to melt, aren't you going to eat it?

The group looks at Epee now. She's just sitting staring at the scoop of ice cream on her cone. Epee looks around at the group.

EPEE

Okay...I'll try.

JAMES

(Surprised)

You look like you've never had an ice cream cone.

EPEE

What do I do with it?

ALICE
 (Laughing)
 You lick it silly! Like this!

Alice takes a lick of her own ice cream cone and smiles at Epee. Epee nods as if she got it. Epee takes a lick of her ice cream cone.

ALICE (CONT'D)
 See! There ya go.

Warren smiles a bit at the situation, but then notices that Epee's expression has changed. Her eyes begin twitching and her body cringes in response. She drops the ice cream cone on the table counter causing the group to get up slightly.

JAMES
 (Startled)
 Whoa! Hey! Watch out.

ALICE
 Hey, you okay? Here, you dropped
 your cone.

As Alice reaches to pick it back up for her, Epee puts her hands on her face and starts coughing.

WARREN
 (Worried)
 Is she choking? She's choking!

The guy behind the counter looks over from the register.

SHOP EMPLOYEE #1
 Hey! You guys alright?

ALICE
 (Screams)
 Oh my god! She's choking!

The employee rushes from behind the counter to help Epee while the other customers look over in curiosity. The only person not interested in what's going on is James, who is staring out the window in horror. Across the street lies one of the shadow creatures that chased Epee. James looks around to see if anyone else sees it, and looks back only to see the beast starting its approach across the street. He pushes and shakes Warren.

JAMES
 (Extremely Nervous)
 Wa-Wa-Warren! Warren! Outside!
 Outside! Move it!

WARREN

What?! What?! Let go!

Warren looks outside and sees the monster. He stands in complete shock in response to the beast. Behind him, the guy from the counter is trying to save Epee when she suddenly stops her act and begins to laugh. Epee was pretending the whole time. It grows quiet and all that can be heard is her laughing. Slowly one by one, everyone in the shop begins to notice what lies outside. Some shake in fear, others hide in their booths.

EPEE

(While laughing)

I got you guys! I got you! Wasn't that so funny?! You were all concerned and stuff.

Epee stops laughing, and is a little curious as to why no one is paying attention to her. She looks up at Alice who is in tears, staring out the window with everyone else. Epee climbs up the booth and looks outside. She's meets face to face with the shadow creature at the window.

EPEE (CONT'D)

(Laughs nervously)

Oh...I see. Warren, um...help?

WARREN

(Screams)

Get away from the window!

Epee looks up as the giant arm of the creature comes punching through the glass window. The beast makes a giant web-shaped crack extending over the entire window. Epee looks back at Warren.

EPEE

You said you would help me right?
Yesterday, you said it!

WARREN

Wait, what? I didn't say....

JAMES

(Yells out loud)

Who cares! Let's go! Now!
Hustle! Hustle! Out the back!

Epee grabs Warren and Alice by the arms and pulls them with her as the rest of the customers in the shop try and overcome the shock to escape. She pulls them to James who is standing at the back waving toward them to move faster.
