

INDEPENDENT VOTERS ALLIANCE (IVA)

A Minor Change in Political Concept, But Profound in the Positive Ways Our Lives Will Be Affected

MEET THE INDEPENDENT VOTERS ALLIANCE

GREETINGS FROM THE 80% MAJORITY MODERATE MIDDLE

By Rich Stevenson © 2003-2008

Interim Acting Chair of the Hamilton County IVA

The Independent Voters Alliance (IVA) is simply an Internet based ballot access tool for winning *The Overdue Voter Revolution*.¹ The Hamilton County IVA is a locally based part of the growing nationwide non-partisan independent political movement. The IVA can go statewide and nationwide over the next several months and years to provide free Internet ballot access tools to win a *peaceful non-partisan voter revolution* in all fifty states. **OHIVA.zip** and **USAIVA.zip** template web page files are available for free so you can play a pivotal role in our 2nd American Revolution for individual sovereignty. You can manage free IVA web pages in your local electoral district or create IVA web pages to initiate participation in non-partisan politics in your state.

Our 80% non-partisan independent majority leaves just 20% to be in the radical left and the radical right, both of which are in the Democratic and Republican parties. (Of course, we realize radical fringe groups go beyond those two parties on the farthest left and the farthest right.) Please add your voice to the growing non-partisan independent movement of *moderate radicals*. We are in the middle. We have no cause but liberty and justice for all in a more *democratic republic*. Our *radical* concept is common sense and bottom-up participation in government.

Revolution in our case will be accomplished in the voting booth. No guns, no blood, no harm to anyone. The voter revolution will simply be a shift from the *bipartisan two-party political system*, to a *non-partisan independent political system*. A minor change in political concept, but profound in the positive ways our lives will be affected. Public policy will be based upon what promotes the common good of the American people, not what maintains power for political parties and the greed-driven interests that control them.

While you are at the bottom level of our *democratic republic*, voting or not voting, the two national monopoly parties, the DNC and the RNC, are at the top buying career politicians with campaign funds. The *monopoly bipartisan two-party system* owns our incumbent career politicians, our “public servants.”

Both monopoly parties have had control for so long that they take our one vote for granted. Few people vote, so they control the few people who do vote. Distorted radio and TV ads are used to brainwash “likely voters” to re-elect bipartisan incumbents. Voter turnout declines in each succeeding election. Bipartisan political leaders are concerned that two-party support is nearly non-existent, but they have had no reason to fear losing power to non-partisan independents or minor parties. Over 99% of bipartisan incumbents have been re-elected for many decades.

THE BAD NEWS: Our widespread disgust with politics, our prolonged inactivity, protects the *bipartisan two-party system* from any loss of political power.

THE GOOD NEWS: There are 100,000,000 age-eligible unregistered non-voters nationwide. They are nearly equal to 115,000,000 registered voters, of whom only 12% to 49% usually vote.

DO THE MATH: 74% to 94% of all possible voters do not actively support any political party. With the truth well known, non-partisan independents and new voters, **OUR SILENT MAJORITY**, can elect every non-partisan independent candidate “we” choose for every public office.

THE GOOD NEWS: Our unorganized votes already elect every incumbent in public office. We are responsible for the mess in our corrupt political system. **GOOD NEWS!** Our organized IVA efforts can fix politics from the bottom up.

Two thousand years ago, a Roman Senator named Cicero said, "Freedom is participation in power." If we ever want to be free, we must participate in politics more fully than is allowed by our *monopoly bipartisan two-party system*. We must become active good citizens. **(YOUR VOICE)**

Moderate radicals are non-partisan independent voters who want government to represent real people, not *paper people* such as corporations, unions, or political parties. Constitutional provisions for *equal protection* need to apply only to real living people. The non-partisan independent political movement is all about restoring government "of, by, and for the people" at the local, state, and national levels.

The IVA active citizenship message is addressed to you and to every citizen of Hamilton County, of Ohio, and of Everywhere, USA. Our individual non-partisan grassroots efforts will radiate and come back to us multiplied. The good we do will inspire the political dreams of our people in every community all over our great nation.

The IVA is a chance for you and me to correct the problems created by a corrupt bipartisan two-party system that acts in its own national and international self-interests. The two-party political system we have, and the governments it has created, do not protect our common interests. Moreover, it seems to me, the two parties we have do not act to protect our basic national interests or to defend our founding national principles.

The biggest, most carefully hidden, political secret is that non-partisan independents like us are an 80% majority who refuse to actively support a political party of any kind. Non-partisan independents have been unaware of their majority status and the workable political strategies needed to exert their overwhelming political strength.

I hope that you will join with me and other non-partisan independents to elect trustworthy leaders who will make our land the home of the free. Self-government and human rights can be our peaceful nationwide and worldwide public policy. The next seven generations deserve nothing less from us. We owe nothing less to our children, to our grandchildren, and to the world we leave behind for generations to come.

Government of the people, by the people, and for the people shall not perish from the earth. We will maintain America as a free and healthy *democratic republic* under the US Constitution.

OUR LEADERS NO LONGER HONOR THE SOVEREIGNTY OF OUR PEOPLE AS DECLARED IN 1776

The ***Model.zip*** political campaign file provides free template web pages and campaign materials for moderate non-partisan independent and minor party political candidates. This tool can help voters take majority control away from the corrupt bipartisan two-party system. Non-partisan independent public office holders will restore civility to political discourse and public trust to our political process.

"Independent Like You" is a campaign slogan that is warmly embraced by nearly every one I have encountered over the past several years. Please use it. The non-partisan independent audience is very wide and tired of political parties of any kind. People, who actually vote, usually vote for candidates from the two monopoly parties, out of habit, not from conviction. 74% to 94% of all possible voters do not actively support any political party. In the past, we almost always had to vote for the least awful of two familiar monopoly bipartisan candidates. From today forward, we can have better choices, non-partisan independents, on every ballot.

Welcome to the non-partisan independent political movement. Please read the national IVA web pages at www.geocities.com/dist1oh/usaiva. Participate.
