Why Enteract?

Because with Enteract Inc. you don't get your everyday MC, you get an Enteracter! An Enteracter is a MC whose not just the guy on the mic, he's the guy who's prepared to do whatever it takes to get you and your guests on the dance floor and having a good time. So not only do you get a confident MC but you also get an entertainer.

Enteracting: entertainment through interaction. Be prepared for musical chairs, line dancing, soul trains, conga lines, group dances, etc.

That's the

difference.
