South Africa & Lesotho Mission Network

Organized in October of 2004, this will be the fifth gathering of the South Africa Mission Network (now South Africa & Lesotho Mission Network). The network was formed to serve as a nexus of Presbyterian Church (USA) Presbyteries, Churches and individuals who have partnerships with Presbyterians in South Africa.

The network provides an opportunity and a forum for Presbyterians to connect around their common link to South African Presbyterians. Through the network and gatherings like this one, members are able to better coordinate their efforts, share best practices and develop strategies for moving their partnerships forward.
