Currently a Soldier in the US Army Soldier/ singer/ dancer/ actor

I was Guest Entertainer on the largest cruise ship in the world; I've headlined on Carnival Cruises; performed in production shows on 11 different ships & dozens of theatres around the world; sung at the Venetian Resort & Casino in Las Vegas, Harrahs, Bally's, Treasure Island, & many other casinos around the States; I've even sung on tour with the world famous Chippendales. From award-winning international documentary to music videos & billboards; from countless magazines around the globe to *the Birdcage* with Gene Hackman, you've probably seen me someplace or another. Do I remind you of someone? You've probably seen me before.
