

Name

The periodic table

Use the periodic table online at

<http://www.schoolscience.co.uk/periodictable.html>

to complete this worksheet

Element	Symbol	State at room temperature	Metal (M) or non-metal (NM)?
aluminium	Al	Solid	M
argon	Ar		
bromine			
calcium			
carbon			
chlorine			
chromium	Cr		
copper			
fluorine			
helium			
iron			
krypton	Kr		
lithium			
magnesium			
manganese	Mn		
neon			
nitrogen			
oxygen			
phosphorus	P		
potassium			
silicon			
sodium			
sulphur			
titanium	Ti		

Metals and non-metals in the periodic table

Complete the fragment of the periodic table below. Shade it to show which elements are metals and which are non-metals.

																		He	
Li																			Ne
Na	Mg																		Ar
K	Ca		Ti		Cr	Mn	Fe												Kr
