

Speakers' Forum

Annually, the Delaware Valley Orchid Council conducts a one day Speakers' Forum. As of April 1999, DVOC is proud to announce we are in our second decade of sponsoring our popular, educational and entertaining Speakers' Forum.

Each year, the DVOC Speakers' Forum features internationally, nationally and locally recognized orchid experts, lecturing on a wide range of informative orchid subjects.

Other highlights of the day include:

- Panel Discussion where audience members can pose questions to our visiting orchid authorities.
- Plant Raffle featuring outstanding orchid plants donated by member commercial growers and visiting speakers.
- Plant Sales by DVOC Member Commercial Growers and invited guest speakers.
- Morning refreshments and a hot buffet lunch.
- Socializing with fellow orchid enthusiasts.

Please note: Attendees do not have to be an American Orchid Society or other Horticulture or Orchid Society member to participate.

For information about future DVOC Speakers' Forums, please contact the DVOC president. (Please use the "contact us" feature on the home page)
