## Student Placement

If you have information that you think might be relevant to your child's classroom assignment for the upcoming school year, please stop in the office for a form to fill out and return.

Our primary responsibility is to create classes that will maximize learning for all students. Each year the staff and administration give a lot of time and thought to balancing the class lists for the next year. We consider such factors as a balance of boys and girls, matching teaching style with children's learning styles, avoiding certain student combinations, distributing and clustering students who need special services, class size and information from parents.

We will use the information you provide to help us make the best possible placement for your child. Requests for specific teachers will not be considered. **All placement forms must be turned in by May 18<sup>th</sup>.** Thank you for your cooperation and understanding in making these important decisions.
