DAVE: Prosecutors in Australia say that two guys tried to blackmail Russell Crowe. The guys demanded a large amount of money or they'd take a surveillance video from outside a nightclub to Australian television. The video, from November of 1999, apparently shows Russell Crowe in a street brawl. He sat down with E-330 to discuss this issue:

CROWE: Me in a bar fight? I don't fight, I just look like I fight. /: 05

DAVE: Crowe owns a ranch near the town where the nightclub's located.

DAVE: He has a small part in "Big Trouble" and filming a movie version of his M-T-V program "Jackass," but what does Johnny Knoxville want to do next? When he talked to E-330 Radio, he joked that he'd love to play Eliza Dolittle in "My Fair Lady," but is afraid he could never be as good as Audrey Hepburn.

KNOXVILLE: It would be so swell to play Eliza, but I just want to play to keep playing small parts in these Blockbusters. Maybe someday, I could do a lead in a film, but for now its paid graduate school just doing these bit rolls. /: 14

DAVE: "Big Trouble" opens today.

(MUSIC OUT)

DAVE: Christina Milian (mil-ee-AHN') says that music fans need to face facts before they decide they won't ever look as good as their favorite stars. The fact is not even the stars look as good as the stars - before the makeup, lighting and art people get through with them. Milian says a lot of the people you see have things like zits and other skin eruptions.

MILIAN: The stars have zits and things just like regular people. The stars are not how they appear to be. They are just like you and me. /: 09

DAVE: Recently, Milian has been traveling around the country, talking with teenage girls about self-esteem issues. She says she finds that a lot of young women lack self-esteem because they fear they can never measure up to the images they see on T-V and magazines.
