If you've seen both the original Star Wars Trilogy and the
Prequels, you may have noticed that they're nothing alike.

To join these six episodes into one consistent saga certain changes had to be made...to the original trilogy of course...

And that's what I've done!!!

Alert yourself to prepare for the arrival of
'**An Updated Hope**',
'**Attack Of The Snowclones**',
and '**The Sixth Episode**'!

With all new stuff,
like extra redundancy;
the Jedi speed-course 'How to be a Jedi in 21 easy steps';
the Beam Of Destruction;
the Ray Of Despair;
the Tractor Beam Of Suck;
the Count Down Machine;
the Super Secret Sith Transmission Tracking Trick;
the Dining Room Of Destiny;
the Table Of Contents;
the Carbon Freezing Chamber Of Disco;
the Editing Of Crap;
the Wave Of Worthless Editing;
the Cutscene Of DVD;
the Galactic Machine Of Memory Loss;
the Glowing Orb Of Unlikeliness;
the Flash Of Poor Writing;
the Laser Doors Of Pacing;
the Bottomless Pit Of Return In The Expanded Universe;
the Jedi Matrix Of Leadership;
and the Expanded Universe Hell!!

And now...on to the Episodes!

Every generation has a version...
Every journey has a new step...
Every saga has an update...

A not so long time ago in a familiar and small galaxy not so far away...

A vast sea of stars serves as the backdrop for the main title, followed by a roll up, which crawls up into infinity...and beyond...

STAR WARS

EPISODE IV

AN UPDATED HOPE

The short NON-IMAX 4D BARF-O-VISION version.

After not winning a battle for the last twenty years, one cell of the Rebel Alliance has finally been victorious - sort of, because now those poor fools are about to be captured.

Senator Princess Princess Leia Organa Naberrrie Amidala Skywalker of Alderaan has won the plans for the second Death Star from the greedy Techno Union after betting on a POD-RACE on Malastare.

Pursued by the evil mysterious former Jedi Darth Vader, Leia races to the famous planet Tatooine where she will drop off the plans somewhere in the hope they will be found by a former Jedi Knight who she doesn't even know for sure is still alive...

PAN DOWN

Through a vast sea of stars to reveal...

A commercial for the Hyperspace subscription service on www.starwars.com.

Then a rebel Blockade Runner flies over the desert planet Tatooine.

It is the same vessel that we saw thundering onto the screen at the start of Episode 3 ('**A Very Big Explosion**'), only this time it's a model and it looks more convincing.

Tatooine is the same Tatooine we saw in the previous three movies.

The ship is overtaken by a Star Destroyer, of the same type we also saw thundering onto the screen at the start of Episode 3.

INT. BLOCKADE RUNNER, CORRIDOR

CG Imperial Clone Troopers enter the ship and shoot CG cartoon alien rebel soldiers. The soldiers are stunned and drop down unconscious.

INT. BLOCKADE RUNNER, ANOTHER CORRIDOR

Leia must hide the plans somewhere...

LEIA

Don't worry. We've got Artoo with us!

Leia puts the top secret plans in R2-D2.

R2-D2 rolls to an escape pod and C-3PO joins him.

SEE-THREEPIO

(Note by Lucas: Dialogue to be entered later, during shooting of scene).

Then Leia is captured by CG Clonetroopers.

EXT. SPACE, BLOCKADE RUNNER

The pod flies away. It is not the only one. Thousands and thousands of CG escape pods fly away from the ship. All are blown away by the massive CG guns of the mighty Destroyer - except one, labeled 1138...

INT. BLOCKADE RUNNER, YET ANOTHER CORRIDOR

Leia is brought before DARTH VADER.

LEIA

Father...I mean Vader! Only you could be so bald...I mean bold.

DARTH VADER

Now Senator, at last we have you in our custody. It was your destiny!!!

OFFICER

Lord Vader, two droids have escaped to an area on Tatooine, close to the Jundland Wastes. One R2 unit, and one protocol droid.

DARTH VADER

Hmm... That is close to where the Lars family lived...and where my mother was killed. Why would Bail Organa's daughter go here? Why doesn't Leia look like Jimmy Smits at all?

Why was Bail Organa's wife never pregnant? Why didn't Bail Organa ever even have a wife?! And I used to know an R2 unit and a protocol droid. Something's wrong. I sense a disturbance.

OFFICER

That's the beans we had for lunch, my Lord.

EXT. TATOOINE, DESERT - DAY

Threepio and R2 walk through the desert.

SEE-THREEPIO

It's so hot! Shut me down and call me gay! I wish I were CG, instead of a guy in a suit!

R2 bleeps, extends his rocket-boosters, and flies away, but is then shot down by flying Geonosians!

SEE-THREEPIO

Oh no! Geonosians! They come from the planet Geonosis, which is located less than a parsec from Tatooine!

The Geonosians suddenly vanish as the animator is incapacitated by a sun-stroke.

Threepio and R2 are then captured by Jawas.

JAWA

Ooteenie!

EXT. TATOOINE, LARS HOMESTEAD - LATER

The homestead from **'Stop! Or My Clone Will Shoot!'**.

Owen Lars checks out some droids that are lined up by the Jawas.

Luke Skywalker runs to join Owen, but trips over a gravestone.

LUKE

What the...! That thing wasn't here the other day! What does it say?
"Here lies Shmi Skywalker. Loving wife of Cliegg Lars and the Midichlorians. Mother of Anakid Skywalker. You have failed me for the last time, foolish son. P.S. This gravestone was placed here by Owen Lars in between several short scenes.

*Also the grave is not very deep,
because we had to hurry. Sorry
'bout that".*

Hmm, that explains the dried out
hand sticking out from the sand...

Luke gets up.

LUKE

Uncle Owen! Aunt Beru wants a droid
that speaks Bocce.

Owen checks out See-Threepio.

OWEN

Do you speak Bocce?

SEE-THREEPIO

Yes. The last time someone needed
me to speak Bocce was that sweet
seventeen year old girl Beru, back
when I lived on a moisture farm not
unlike this one, on this very same
planet.

OWEN

Good, we haven't had a droid who
speaks Bocce since our last one was
stolen by Luke's father.

SEE-THREEPIO

Master Owen? Is that you?!

OWEN

Shut up. I'll have Luke erase your
memory, because obviously someone
forgot to do that.

Owen buys Threepio and R4-P17.

LUKE

Uncle Owen, this R4 unit is only a
head!

Owen turns to the Jawa leader.

OWEN

Hey, what's all this then?

JAWA

Ooteenie!

OWEN

I already married a teenie! I'll
just take that familiar looking R2
unit. I just hope this one is not
as lazy as the last one I met.

It took that no good piece of junk
hours to deliver a very important
message from Obi-Wan to Luke's dad!

INT. MOISTURE FARM, GARAGE - LATE DAY

Luke and the droids are in the garage. R2 plays part of a
holographic message.

LEIA
(hologram)
Help me, Commander Chewbacca.
You're our only hope, together with
General Obi-Wan Kenobi.

INT. MOISTURE FARM, MAIN ROOM - EVENING

Luke, Owen and Beru are having diner and blue milk.

OWEN
I think the milk has gone bad
again.

LUKE
I think R2 belongs to an Obi-Wan
Kenobi. Would that be the same guy
as Ben Kenobi?

OWEN
Who is Ben Kenobi?

LUKE
Wasn't he in the prequels?

OWEN
I didn't bother to watch Episode 3,
but Obi-Wan died around the same
time as your father and the Star
Wars saga.

LUKE
Speaking of my father, who was his
father? My grandfather? I read on
that stone that his name was
'Midichlorians'.

OWEN
It is too painful to discuss.

LUKE
I want to know.

OWEN
You will erase the memories of
those droids, destroy that
tombstone, and never talk about the
prequels ever again!!!

Luke runs away.

BERU

He has too much of his grandfather
in him.

OWEN

We need to give him more blue milk,
to flush out those little midi-
bastards.

EXT. TATOOINE, MOISTURE FARM - TWILIGHT

Luke walks out to look out into the desert, as the binary
suns set, but we quickly cut away to steal some much needed
screen time for CG action scenes later in the movie.

EXT. TATOOINE, DESERT - THE NEXT DAY

Luke and Threepio have found R2.

Tusken Raiders attack them!!!

LUKE

Ah!

TUSKEN

Uncle Owen never told you what
happened to your grandmother.

LUKE

He told me enough. He told me you
kidnapped, tortured, raped, and
killed her!

TUSKEN

No. I am your grandmother!!!!

LUKE

What?!

The Tuskens run away laughing.

LUKE

What was that all about?!

An old black man suddenly stands behind Luke.

MACE

Perhaps it was a symbolic warning
from the future, instigated by the
Force through the midichlorians.

LUKE

Who are you?

MACE

I am Mace Windu.

LUKE

So you're not Obi-Wan Kenobi?

MACE

No. I used to be, but my character is played by a more popular and bankable actor, so they changed all that. Come now, the Tusken are easily distracted by lame parodies, but they will come back. I don't want you to slaughter them like animals.

LUKE

Why would I?

MACE

I don't know. To impress a girl maybe...

Then Mace spots Threepio and Artoo.

SEE-THREEPIO

Look Artoo! It's Mace Windu, chairman of the Jedi Council!

Artoo bleeps.

LUKE

You know these droids?

MACE

Nah, I simply used to be a famous person throughout the entire galaxy. It makes sense that nobody recognizes me except for some lame droid.

INT. MACE'S MANSION - DAY

Luke, the droids, and Mace are in the old man's luxurious CG mansion. Several Twilek babes play around the CG pool.

MACE

The Force is an energy field kept together by the midichlorians - microscopic life-forms that live inside our cells. The Force surrounds us and penetrates us, and sometimes it even impregnates us.

LUKE

Huh?

MACE

Your father wasn't much of a star-pilot, and not a very cunning warrior either. He was certainly nobody's friend. It's a good thing he never followed anyone on some damned fool idealistic crusade! He was involved in an off-screen war, after several thousand solar systems had seceded from the Republic. Which was very mysterious, because there is only one SOLAR system in the entire universe, as opposed to countless STAR systems. It's also a mystery why they wanted to secede...that was never explained. But they were led by a Dark Lord named Count Dooku, who was a former Jedi and a political idealist and also very mysterious, because I don't know why he left the Order or what his ideals were. Anyway, at some point he turned to evil somehow and worked together with Darth Sidious, who was really Palpatine, who would become emperor, and this war happened and your father fought in it....I think.

LUKE

So he kind of sucked?

MACE

Yes, but at least he was a Jedi apprentice learner padawan.

LUKE

That's not what my uncle told me.

MACE

Your uncle barely knew your father. He never really had an opinion on what your father should have done. Oh yeah, here is a lightsaber you can pretend was your father's. A brutal weapon for some serious hacking and slashing. For over a thousand generations the Jedi Knights were the guardians of peace and justice in the Old Republic. Which is strange, because the Old Republic only existed for a thousand years.

LUKE

Huh?

MACE

Your father was already good at telling Artoo to switch off the auto-pilot of a fighter, then getting hit, flying into a battle station by accident and then accidentally blowing up a reactor that was conveniently placed inside a hangar. You must also learn to do those things, if you are to go on a hero's journey.

LUKE

I get to go on a hero's journey - on a starship?! Yippee!!!!

MACE

Uhm, no, wait. I suddenly remember that you're not the hero or main character of the saga at all. You're important - sort of - but your father Anakid is the true main character and the true hero of the saga. He is the Chosen One who will bring Balance to the Force. You're just a tool. Hell, you weren't even created by the midichlorians!

LUKE

I'll just stay on the farm then?

MACE

No, you can't. The farm has been destroyed and your uncle and aunt have been killed. It's no longer considered PG, so you can't see it.

LUKE

What?! Oh no!! Why?!

MACE

I have seen it through the Force. I was fortunate that this time the Dark Side wasn't clouding my vision and limiting my abilities. But I guess that was always nonsense anyway, because the Jedi never could see everything everywhere and the future is always in motion and unclear, so...hmm...
It's actually a bit the fault of the Jedi.

You see, the Jedi took this vow of poverty or something, and many had these brown robes as clothes. Many farmers and poor people also had these clothes, and when the Empire started killing Jedi...well...let's just say this look has gone out of fashion...

LUKE

Huh?

MACE

Let's just play that hologram shall we?

The hologram plays.

LEIA

(hologram)

...General Kenobi, you served my father in the clone wars. Now he needs your help. This droid carries the secret plans you first discovered twenty years ago. Help us Obi-Wan Kenobi, you and Commander Chewbacca of the Kashyyk Defense Force are our only hope!

LUKE

General Kenobi?! Clone Wars?! Wow!!

MACE

Strange girl. Must be on drugs. I never knew a General Kenobi, just a weak Jedi Master Kenobi. And he never served Bail Organa. And there never were clone wars. Just one clone war. Which reminds me, why did Yoda call it the clone war when it had only just started? Did he know it was going to happen? Did he read the screenplay early? Now let's go to Mos Eisley, a silly place filled with bad slapstick and cheap, outdated computer animations. We must be cautious not to step in any poop.

EXT. SPACE, CORUSCANT - ESTABLISHING

A 1 minute CG establishing shot of the CG planet.

EXT. CORUSCANT, SENATE BUILDINGS - MORE ESTABLISHING

A 2 minute CG establishing shot of some buildings.

INT. SENATE BUILDING, HALLWAYS - EVEN MORE ESTABLISHING

A 3 minute CG establishing shot of the inside of the senate building.

INT. SENATE (CORUSCANT)

The great CG galactic senate is in session on the CG planet Coruscant.

Emperor Sith Lord Darth Palpatine Sidious (ESLDPS) stands up and speaks.

ESLDPS

I dissolve the senate. I don't need you guys anymore, because I'm really an evil Dark Lord of the Sith!

The senators are shocked. They didn't see this one coming after twenty years of repression and murders.

SENATOR ET

Does this have anything to do with our support for the Rebellion?

ESLDPS

Yes, of course, stupid! I will sweep the last remnants of the Old Republic away.

SENATOR WOOKIEE

That's impossible! How will you maintain control without the bureaucracy?

ESLDPS

The regional governors now have direct control over territories. Fear will keep the local systems in line. Fear of my second battle station. This one will not be so easily destroyed.

One of the senators, a Gungan, stands up.

JAR JAR

Mesa propose da motion to taka away da emergency powers from Palpatine and vote for some thingee of no confidence.

ASSEMBLY

Vote now! Vote now!

The emperor fires Force-lightning from his hands and kills everybody!

JAR JAR
Aaaaaaaaaaaaaaaaaarch!!!!

INT. SHUTTLE

Darth Vader approaches the mighty Death Star in his shuttle.

Vader speaks to his emperor, who appears before him as a hologram.

ESLDPS
The Imperial Senate will no longer
be of any concern to us. I've
dissolved the council permanently.
The last remnants of the Old
Republic have been swept away.

DARTH VADER
That's impossible! How will you
maintain control without the
bureaucracy?

ESLDPS
The regional governors now have
direct control over territories.
Fear will keep the local systems in
line. Fear of our battle station.

INT. DEATH STAR, HANGAR

Tarkin has been alerted to prepare for Vader's arrival, and
greet him as he lands.

DARTH VADER
The Imperial Senate will no longer
be of any concern to us. ESLDPS has
dissolved the council permanently.
The last remnants of the Old
Republic have been swept away.

TARKIN
That's impossible! How will he
maintain control without the
bureaucracy?

DARTH VADER
The regional governors now have
direct control over territories.
Fear will keep the local systems in
line. Fear of this battle station.

INT. DEATH STAR, CONFERENCE ROOM

Tarkin and Vader enter a conference room where they meet
several EU Officers.

TARKIN

The Imperial Senate will no longer be of any concern to us. I've just received word that the Emperor has dissolved the council permanently. The last remnants of the Old Republic have been swept away.

EU CHARACTER

That's impossible! How will the Emperor maintain control without the bureaucracy?

TARKIN

The regional governors now have direct control over territories. Fear will keep the local systems in line. Fear of this battle station.

DARTH VADER

I sense redundancy. Perhaps that senate scene was too much.

TARKIN

It was needed to tie the PT and the OT together, my friend.

DARTH VADER

No, it wasn't.

TARKIN

Yes, it was. How else would the audience accept this movie, if it was not for the appearance of the emperor and saying everything at least twice?

DARTH VADER

I find you lack of faith in the intelligence of the audience disturbing. Besides, the ability to destroy a planet is insignificant next to the power of the Force, as long as the ability to use the Force is not limited by any clouds.

EU CHARACTER

Don't try to frighten us with your sorcerer's ways, Lord Vader. Your sad devotion to that ancient religion has not helped you conjure up the stolen data tapes, or given you clairvoyance enough to find the Rebel's hidden fort.

DARTH VADER

First of all, it's not a real religion. Second, what is this thing about tapes in a galaxy where everything is so high tech? Third, I don't have enough clairvoyance because the Light Side of the Force is clouding my vision...or something...

EXT. TATOOINE, MOS EISLEY - DAY

Luke, Mace and the droids enter Mos Eisley Spaceport. They are stopped by a bunch of CG clonetroopers and funny CG droids.

CLONETROOPER

Where did you get those droids?

Mace activates his purple Electrum-Saber and SLASHES the CG droids! The clonetroopers run away in fear.

LUKE

Why didn't you kill the troopers?

MACE

A Jedi only slashes humanoids as a last resort. We usually just fight CG droids.

INT. CANTINA (MOS EISLEY)

Luke and Mace enter the Mos Eisley cantina.

An alien offers Luke a Deathstick. Mace waves his hand.

MACE

You don't want to sell Deathsticks.

ALIEN

I don't want to sell Deathsticks.

MACE

Move along.

ALIEN

Moving along!

The alien exits.

LUKE

How did you do that?

MACE

A Jedi can use the Mind-trick to send away drug dealers and get bargain deals on hyperdrives, as long as the alien is not immune to the Force.

LUKE

Perhaps you should have used that trick with those troopers, instead of slashing and hacking.

MACE

Hmm...use the Mind-trick to evade capture, instead of fighting a whole bunch of troops and getting killed... Too bad you weren't around at the time of the Prequels, we could have used someone as wise as you!

LUKE

I'm glad I wasn't there...

Another alien starts to annoy Luke. Mace quickly cuts off the alien's arm!

MACE

Hmm, that reminds me of the time Obi-Wan cut off an arm at a bar. Strange how everything seems to be mirroring pointless events from long ago...

LUKE

Whoa, deja vu.

Mace chats with an astronaut.

MACE

Have you seen Chewbacca? Big, hairy guy?

ASTRONAUT

Yeah, he's standing right next to me.

MACE

Chewbacca!! It's been a long time, old friend!

Chewbacca growls and is happy to see Mace.

MACE

Luke, this is commander Chewbacca.
We fought together during the clone
war, and he did something with
twins...

LUKE

Twins?

MACE

All in good time, my impatient
young apprentice.

Chewbacca leads them to Han Solo.

MACE

No! It can't be! THE Han Solo?! The
one who flew into the Trench Of
Doom and destroyed the Sphere Of
Death twenty years ago?!

HAN

The same. Meet me later at the
Falcon.

MACE

THE Millennium Falcon?!

HAN

I knew you were going to say that.

Luke, Mace, and Chewie leave.

Greedo, a CG bounty hunter, approaches Han.

GREEDO

It is time for you to die, Solo.

HAN

I don't believe in violence. I
would be a bad role model if I did.

Greedo shoots...and misses...

HAN

Violence doesn't solve anything, my
friend. Here, let me buy you a
drink, without alcohol of course.
Perhaps you should rethink your
direction in life.

GREEDO

Perhaps I should!

INT. DOCKING BAY 1138 - DAY

Han and Chewie meet Jabba the Hutt in the docking bay.

JABBA

It is time for you to die, Solo.

HAN

I've already had this conversation with Greedo, so this scene is pointless.

JABBA

Sorry.

Han steps on Jabba's tail and 'accidentally' slaps him in the face. Everybody laughs. Jabba and his men leave. An action figure who looks like Jango Fett stops and waves at the camera.

HAN

It's Jango Fett! I thought he was dead! If it's not Jango, perhaps one day, years from now, we will find out his name.

The boys enter the docking bay and see the Falcon.

MACE

At last I am reunited with my old ship!

LUKE

What a piece of unrealistic junk! It's not even CG!

HAN

It will be soon.

They get in, the Falcon transforms to CG-mode and they fly away.

EXT. SPACE, ALDERAAN

The Death Star approaches Alderaan.

INT. DEATH STAR, CONTROL ROOM

Tarkin, Vader, and Leia look at Alderaan.

TARKIN

Tell us where your secret base is or we will destroy your planet.

LEIA

It wouldn't be a secret if I told you.

TARKIN

Oh, come on.

LEIA
 Wait! Okay, I'll talk. Nabooty.
 It's on Nabooty.

TARKIN
 That's too far away. We'll blow up
 Alderaan anyway.

LEIA
 No! Alderaan is great! Nabooty is
 boring and stupid! Destroy Nabooty!
 Please!!!

TARKIN
 Activate the **Beam Of Destruction!!!**

A blue screen is activated.

INT. ALDERAAN, CG PALACE - DAY

Jimmy Smits Organa looks up as the Death Star eclipses the
 sun.

JIMMY
 Activate the **Ray Of Despair!!!**

LEGAL AIDE
 My Lord, is that...legal?

JIMMY
 We must shoot first!

LEGAL AIDE
 That would be immoral.

JIMMY
 Aaaaaaaah!

EXT. SPACE

Alderaan is blown up in a CG explosion.

INT. FALCON

Luke is having some saber practice.

MACE
 Well done. You are now an
 accomplished sword-fighter.

LUKE
 Shouldn't I practice for at least
 ten years?

MACE
 Nah. Arch!

LUKE

What is it?

MACE

It's as if millions of fans cried out in terror and were suddenly silenced. I fear the Original Editions have been destroyed.

EXT. SPACE

The Falcon exits hyperspace and is hit by rocks.

INT. FALCON, COCKPIT

Everybody is shaken, not stirred.

HAN

Asteroids! Alderaan is gone!

MACE

Asteroids again?! Do we need those suckers in almost EVERY Star Wars movie?!

LUKE

Look! A giant metal moon!

MACE

That's no moon, that's a space station. Obviously I recognize it. It is the Death Star!

HAN

Err...it wasn't really obvious that you recognized it...

They are pulled in by the ultra-powerful **Tractor Beam Of Suck.**

INT. DEATH STAR, TARKIN'S OFFICE

Darth Vader and Tarkin are 'chilling' when Vader suddenly feels something.

DARTH VADER

Obi-Wan Kenobi!!!

TARKIN

Surely he must be dead by now.

DARTH VADER

What makes you think that? He's only 60 or so, and we never caught him.

INT. DEATH STAR, ANOTHER CONTROL ROOM

Han, Luke, Chewie, R2 and 3PO are in a control room. A giant blue screen filled with CG controls in the background. Mace is gone. Chewie growls.

HAN

You said it Chewie. Mace is a good friend from long ago and we have complete faith in him.

LUKE

Let's go rescue the princess!

HAN

As long as I don't get paid for it. That would be unethical.

The boys leave and the droids are left behind.

Soon CG clonetroopers enter. One of them bumps his head as he enters.

CG CLONETROOPER

I wish the Kaminoan cloners would fix this genetic defect!

INT. DEATH STAR, CORRIDORS

The boys walk through the corridors of the Death Star.

HAN

Too bad all those clonetroopers are CG, and none of their suits are real, or else we could have disguised ourselves as them.

INT. DEATH STAR, DETENTION BLOCK THX3271138

The boys enter the detention block and stun the Imperial officers. No blood or explosions at all. Luke opens a celldoor.

LEIA

You can't be a clone, because you're white and blonde.

Troopers enter and they fight. They jump into a trash compactor.

After calling in the help of Threepio and Artoo, they make it out.

LUKE

Wow! This really is a hero's journey!

That trash compactor scene was like the 'belly of the whale' part of the mythological hero's journey. We got together in a tight situation and we came out with a deeper understanding of each other and all that stuff!

HAN

How? Examples please.

LUKE

Uhm...errr....never mind.

INT. DEATH STAR, ANOTHER CORRIDOR

Mace Windu walks through a corridor.

MACE

Strange how that writing on that control panel was in a language from a galaxy not so far away.

Then Darth Vader stands there!

DARTH VADER

At last we meet again, the circle of recurring themes, recycled bits and rip-offs is complete, Obi- hey! You're Mace Windu!

MACE

Long story.

DARTH VADER

When I left, I was but a Jedi Apprentice, now I am a Sith Apprentice.

MACE

Only an apprentice of evil, Darth.

DARTH VADER

I'm a machine, and my name is Vader! Darth is a title, stupid!

Vader shoots lightning from his hands! Mace catches the lightning with his saber. They clash sabers! Vader and Mace jump and bounce around and levitate and do all kinds of silly stuff.

MACE

If you strike me down, I won't become more powerful than you can imagine. I'll just be a ghost or something who talks too much.

Vader cuts down Mace.

LUKE
Noooo!!!!!!!!!!!!!!

MACE (V.O.)
Run, Luke! Run!

LUKE
WTF!

Everybody enters the Falcon.

LUKE
I keep thinking we forgot
something.

Threepio and Artoo walk in.

LUKE
The Death Star plans! Of course! We
almost took off without Artoo!

The Falcon flies away.

INT. DEATH STAR, TARKIN'S OFFICE

TARKIN
I'm taking a big chance with this.

DARTH VADER
They will lead us to their base. I
got the tracking device idea from
my old master, Obi-Wan Kenobi, who
used it in a previous episode.

TARKIN
Lame. I bet someone will leak plans
in a future episode too.

DARTH VADER
This will be a day long remembered.
It has seen the end of the Original
Editions and it will see the end of
good taste!

INT. REBEL BASE

All are gathered in front of a blue screen where the plans
are displayed. Many CG aliens dressed in pilot uniforms
listen with interest, concern and silly faces.

GENERAL RIC OLIE
We fly into the trench and blow up
the station with a single shot,
just like we always do.

LUKE

Shouldn't we evacuate? Just in case?

LEIA

Nah. Let's just stay here and activate the mighty **Count Down Machine!**

A guy walks up to Luke.

BIGGS

Hey Luke!

LUKE

Who are you?

BIGGS

I'm Biggs, your best friend from the cut scenes. At last we are reunited, at last we shall have our revenge!

LUKE

Go away freak. I've never seen you before.

EXT. SPACE, DEATH STAR

As one thousand identical CG rebel L-Wing (**L**eft-Wing) fighters - all with the number 5 - battle one million CG Imperial TIE (**T**his **I**s **E**xciting) fighters, Luke flies into the trench and is about to blow up the Death Star...

OBI-WAN (V.O.)

Use the Force, Luke!

LUKE

Who's that?

OBI-WAN (V.O.)

I'm Obi-Wan, the Jedi Master who taught your father.

LUKE

What happened to Mace?

OBI-WAN (V.O.)

He had to leave, because of conflicting schedules.

Now Luke has missed his shot. He is HIT!

LUKE

Whoops!

Luke's X-Wing flies into a hangar by accident!

Finally he comes to a stop.

LUKE
Everything's overheated! Take that!

Luke fires a torpedo which hits a reactor that was conveniently placed inside the hangar.

LUKE
Oops!

Then Luke flies away.

LUKE
Now this is Pod-Racing!

Luke flies out of the hangar and the Death Star blows up.

OBI-WAN (V.O.)
Luck will be with you, always.

INT. REBEL BASE, MAIN HALL

Luke and Han get their medals.

CHEWIE
(in Wookiee, subtitled)
Star Wars is racist! I deserve a medal too!!

THE END
(ACTUALLY...TO BE CONTINUED IN EPISODE 5: ATTACK OF THE SNOW CLONES!!!)

**Every generation has a failure...
Every journey has a bad step...

STAR WARS

EPISODE V

ATTACK OF THE CLONES

The CRAPTACULAR Edition

(including never before seen 'How to be a Jedi in 21 easy steps' training scenes!)

Led by Luke Skywalker, the rebels have relocated to a place where studio space is cheaper.

Meanwhile, the evil Darth Vader, obsessed with destroying every last copy of the Original Editions, has been promoted to second in command of the Empire after failing to defend the Death Star in the previous episode.

Thousands of CG probe droids have been dispatched throughout the galaxy in an attempt to find the small band of real human actors and miniature models...

PAN DOWN

Through a vast sea of stars to reveal...

The latest 'True Fan' commercial for the Hyperspace subscription service on www.starwars.com

EXT. HOTH OR NOT - DAY

Luke rides his CG Tauntaun and is attacked by the abominable CG Wampa.

After five minutes of fighting between the mighty Tauntaun and the awesome Wampa, the giant CG snowman wins.

INT. ECHO ECHO, ECHO, ECHO BASE - DAY

Han and Leia are in the rebel base.

HAN

You need a kiss.

LEIA

First let me tell you about how I used to come here for school retreat. We used to lie in the snow and let the ice freeze us.

HAN

I hate ice. It's cold and hard and it gets everywhere.

INT. WAMPA CAVE - EVENING

The Wampa is eating the Tauntaun. It rips off pieces of meat and eats and burps. The mighty beast growls and does all kinds of nasty stuff.

Suddenly Luke appears near the Wampa and cuts off an arm!

Luke must have escaped by using the Force in a tense and dramatic moment, but we were too busy watching the monster to notice.

EXT. HOTH OR NOT - EVENING

Luke collapses in the snow.

OBI-WAN (V.O.)

Luke! You will go to the Dagobah system. There you will learn from Yoda, the Jedi Master who taught Dooku, who taught Qui-Gon, who taught me.

LUKE

Huh?

Han finds Luke and saves his life.

INT. ECHO ECHO, ECHO, ECHO BASE, HOSTIPAL/HOPSTIPAL/HOSPITOL
(NOTE: RUN SPELL-CHECKER) - NEXT DAY

Luke is in a tank filled with some kind of liquid.

LUKE

Yoda! Dooku! Qui-Gon! Obi-Wan!

LEIA

Poor guy. He is suffering from prequel-madness.

INT. ECHO ECHO, ECHO, ECHO BASE, BEDROOM - DAY

Luke is in bed. He is having a wet dream.

LUKE

Mom! No! Mom, no don't!

He wakes up. The others are there too.

LEIA

So, you have incest fantasies too.
I read somewhere that those can run in the family.

Leia kisses him.

HAN

That's nothing. You should have seen us in that corridor, while you were freezing to death.

LUKE

This was nothing. You should have seen us off-screen, when it was not PG rated.

EXT. SPACE

The mighty Imperial CG fleet flies around through space, being evil.

INT. SUPER DUPER STAR DESTROYER, VADER'S QUARTERS

The Imperials have found the rebel base and are going to attack.

GENERAL INDIANA JONES 3

They have this shield that can withstand any bombardment.

DARTH VADER

Land your troops beyond the shield. Use those big things on legs to attack them. Let's hope none of them topple over.

GENERAL INDIANA JONES 3

Shouldn't we use fighters instead - to quickly fly underneath their shield and bomb them away? Admiral Ozzel thought -

DARTH VADER

No! That would be too easy! Admiral Ozzel is stupid. I shall deal with him myself.

Vader activates a blue screen. Ozzel appears on it.

DARTH VADER (CONT'D)

You have failed me for the last time, admiral. You're an admiral, and I will slaughter you like an admiral. I hate you! It's all Obi-Wan's fault! He held me back!

OZZEL

You're not all powerful, Vader. You're only human.

DARTH VADER

(crying)

One day I'll be the most powerful
Sith ever. I will even stop people
from dying.

OZZEL

Could you start with me?

DARTH VADER

<<sniff>> Okay... <<snort>>

OZZEL

Phew.

EXT. HOTH OR NOT - DAY

The CG Imperials battle the CG rebels. Three thousand CG AT-AT (**A**wesome **T**hings - **A**ren't **T**hey) Walkers attack six million CG rebel soldiers armed with bazookas and cannons. The rebels are losing.

LUKE

If only we had sticks and stones,
we would have a chance!

REBEL (V.O.)

Imperial Snow Clones have entered
the base! Imperial Snow Clones have

-

The transmission is cut off. The rebels escape.

EXT. SPACE, ANOTHER ASTEROID FIELD

The CG Falcon flies through a CG asteroid field. Four hundred CG TIE fighters are in pursuit.

INT. TIE-FIGHTER ALPHA 1

The clone pilot opens fire at the Falcon. His identical normal growth, clone son cheers.

FETT # 1138

Get him dad! Fire!!!! Yeah! Ha ha
ha!

INT. FALCON

Han has hidden the Falcon inside an asteroid. He moves closer to Leia.

HAN

I hate sand. I'm a smuggler, and
smugglers are encouraged to love. I
like dictatorships.

I have thought about you for years,
and now I want to stalk you.

LEIA

Huh? Whatever. Let's talk about
politics for a while, then we can
roll around in a very forced and
rehearsed way. After that I will
change into something more sexy and
I will reject you.

HAN

I wish I could wish my wishes away,
but I can't. We could keep it a
secret.

LEIA

Yes, I think it's best if we kept
dialogue like that to ourselves.

INT. SUPER DUPER STAR DESTROYER, BRIDGE

Vader is angry. He walks over to Admiral Piett.

DARTH VADER

I want the Falcon found! I want to
be the most powerful Sith ever! I
want to date girls! I want a
speeder with the right color! I
want my mommy!

PIETT

This asteroid field is huge. How
are we ever going to find them?

DARTH VADER

Wait! We can use the **SSSTTT: Super
Secret Sith Transmission Tracking
Trick.**

PIETT

How does that work?

DARTH VADER

I'm not sure. I think you have to
send them a fake transmission,
calling for help. Then they won't
respond of course, but you can
still trace their signal.

PIETT

How?!

DARTH VADER

I think it has something to do with
rewriting the script and forgetting
to fix everything so it all still
makes sense.

We may have to check the information contained on the 'Behind The Magic' CDROM to be sure.

PIETT

We will use all our resources to uncover this mystery of the non-existent transmission, My Lord.

DARTH VADER

Good. It worked for the other guy. Now I shall speak to the Emperor. Perhaps he has a copy of an earlier draft of Episode 1. That may reveal important clues to solve this puzzle of prequel-writing.

INT. SUPER DUPER STAR DESTROYER, VADER'S QUARTERS

Vader speaks to the emperor, who appears as a hologram.

DARTH VADER

You look a bit like a monkey, my master.

EMPEROR

They forgot to fix it in this edition. Better luck next time. The son of Skywalker must not become a Jedi. He could destroy us.

DARTH VADER

How? We killed thousands of Jedi knights. One boy can't do much harm. Besides, Obi-Wan can no longer help him. Of course there is still Yoda...but that little frog is an even bigger idiot than Obi! If Luke trains with Yoda, he'll be screwed!

EMPEROR

Can he join us?

DARTH VADER

I'm not sure. What about the Rule Of Two?

EMPEROR

The what? Never heard of it.

DARTH VADER

Yoda talked about it once.
Apparently the Sith were defeated,
but one Sith Lord survived and
secretly started the Rule Of Two -
without anyone knowing about him or
his new rule.

EMPEROR

Then how could Yoda know about it?

DARTH VADER

Perhaps from a certain point of
view...

EMPEROR

Oh, come on!

DARTH VADER

You're right! Yoda lied! The little
bastard just made it up to sound
interesting! I can't believe it!
What a jerk!

EXT. DAGOBAH - DAY

Luke has crash landed on Dagobah. Artoo moves out of his
droid-socket from their Left-Wing fighter, and flies safely
over the water using his rocket-boosters.

LUKE

Strange. It's as if I know this
place. It's like -

YODA (O.S.)

Like what?

Luke twists around!

LUKE

Like I have seen it before...in a
previous edition! I seek a great
warrior.

YODA

War makes one great. Wars make one
even greater. Star Wars made one a
great businessman. Lucas! You seek
Lucas!

LUKE

No, I'm looking for Yoda.

YODA

I'm Yoda. Seen the prequels or any
of the previous editions, have you
not? In them, I was!

INT. YODA'S HOME - EVENING

Luke has followed Yoda to his home.

LUKE

Wow! Real snakes, a real set, a real puppet! It's so...real...

YODA

Why become a Jedi, you want to? Stupid and lame, Jedi are.

LUKE

My father was a Jedi.

YODA

A good thing, how that was?

Yoda sighs and starts talking to a wall.

YODA (CONT'D)

Watched this one for a long time, I have. Covered the camera he did.

OBI-WAN (V.O.)

What was he thinking?

YODA

Didn't like me watching him, I think. Anyway, too old he is to start the training! Yes, more than twenty years too old!

OBI-WAN (V.O.)

He'll do fine.

YODA

Like his father, you mean? Who was also too old and he totally messed things up! Will he finish what he has started?

OBI-WAN (V.O.)

As long as it's the special '**How to be a Jedi in 21 easy steps**' course, sure. He scored high on the midichlorian test. He can be a Jedi.

YODA

Reckless he is!

OBI-WAN (V.O.)

So was I, if you remember.

YODA

Remember that, I do not.

OBI-WAN (V.O.)

What about the time I jumped
through a window? Or when I kicked
someone over an edge while I was
tied to him?

YODA

An older master you were by then!
Talking about an inexperienced
young man, we are here!

OBI-WAN (V.O.)

You were reckless too, during
lightsaber fights, if you remember.

YODA

Oh, yes. Okay... My apprentice,
Luke Skywalker, will be.

LUKE

I'm not afraid.

YODA

Good. Fear leads to anger; anger
leads to hatred; hatred leads to
pointless changes to the Original
Editions; pointless changes to the
Original Editions lead to
suffering.

EXT. SPACE, ASTEROID

The crew of the Falcon realized that they were inside a giant
space slug! They fly out, but the slug follows them!

Then suddenly ANOTHER (CG) slug grabs the first slug and eats
it!

INT. FALCON, COCKPIT

The crew relaxes. That was close!

HAN

There's always a bigger space slug.

INT. SUPER DUPER STAR DESTROYER, BRIDGE

A group of bounty hunters has gathered in front of Darth
Vader.

DARTH VADER

Thank you all for being able to get
here on such short notice. Just how
much time has passed anyway? Hours?
Days? Weeks? Months?

Next thing you know someone is going to fly to another star system without a hyperdrive!

ANOTHER FETT

Anakid, it will be a pleasure working with you again.

DARTH VADER

That name has no more meaning to me, my old friend. Also no disintegrations. I know from Episode 3 that you like to do that, young Fett, but this time we are not dealing with the Jedi purge. This time, I want them alive.

OFFICER

Hey, that guy looks like Jango Fett, and he flies the same space ship! How unoriginal!

EXT. SPACE

The Falcon flies on, but another CG space slug tries to eat it! Luckily, the second space slug has followed them and kills the third slug.

INT. FALCON, COCKPIT

The crew relaxes once again.

HAN

There's always a third monster in the new episodes.

Han pushes the hyperspace lever. Nothing happens.

LEIA

The hyperdrive is leaking. Perhaps we should land on a desert planet, find a junk dealer who has a perfect rare hyperdrive in his backyard, bet on a pod-race, win, and fly away.

HAN

I have a better idea. We will attach ourselves to the back of a Star Destroyer. Nobody will see us, unless someone flies behind it and looks our way. I learned this trick from some bounty hunter who was fooled by it near Geonosis, by a Jedi Knight. It can't fail!

EXT. DAGOBAH - DAY

Luke receives the special

'How to be a Jedi in 21 easy steps'
training course from Yoda.

Yoda holds a device. Images of stuff flash on the screen.
Luke can't see it.

YODA
Displayed on my little screen what
is?

LUKE
How should I know?!

YODA
Not good, this is. Failed the first
test, you have. Skip this and go to
lesson number two, we will. How
feel you?

LUKE
Hot and sweaty.

YODA
Not cold?

LUKE
No, it's the swamp climate.

YODA
Very good, very good. Miss your
mother, you do?

LUKE
No, I never even knew her.

YODA
Excellent! Step three passed, you
have. Now, fly through narrow
canyon and avoid obstacles you
must.

LUKE
I already did that in the previous
episode!

YODA
Oh, okay. Skip lesson number four,
we shall then. Number five: still
much to learn about the Living
Force, you have.

LUKE

What do you mean?

YODA

Pick up pathetic life-form you must.

Luke looks around, then picks up a snake.

YODA (CONT'D)

Well done!

Yoda activates a holographic map, displaying a bunch of stars.

YODA (CONT'D)

Look here for lesson number six. Star reacts to pull of gravity, but planet is missing. Where is planet?

LUKE

Where it should be, to be able to affect the star with its gravitational pull?

YODA

Very good! Truly remarkable, the mind of a twenty something year old is! Not even experienced Jedi masters could figure this out!

LUKE

I'm starting to understand why all the Jedi got wiped out...

Yoda presses the delete button by accident and the star-map disappears!

YODA

Gone it is!

LUKE

Only a Jedi could have erased those files, but who?

YODA

Dangerous and disturbing this mystery is. Meditate on this, I will. First however, you shall receive the seventh lesson: You must unlearn what you have learned.

LUKE

oiyuaaetiukl, jbkufos osfjosu ooyr.

YODA

What?

LUKE

I'm unlearning to speak.

YODA

No, no, no! I mean you must unlearn what you have learned from the previous editions!

LUKE

Including the prequels?

YODA

No! The new canon, the prequels are!

LUKE

Master Yoda, why are the prequels so inconsistent? They are like the Expanded Universe.

YODA

Inconsistent only until next version of Original Editions, my very young apprentice...

LUKE

Must I also unlearn what Obi-Wan taught me?

YODA

Obi-Wan trained you?! Damn! Worse than I thought, it is! Yes, yes! Unlearn everything he taught you! An idiot he was! The prequels! Remember the failure of the prequels!

LUKE

I thought they were a success.

YODA

Financially, not artistically. Think funny, you are? If practiced your saber skills as much as your wit you did, rival me as a swordsman, you would!

LUKE

You fight with a lightsaber?! That must look stupid.

YODA

Watch and learn. Lesson eight.
YAAAAH!!!!

Yoda jumps up, flip flops, twirls, bounces around trees and swings his little saber!

LUKE

I was right. That looked stupid.

YODA

Silliness, fear, anger, hatred, circumstance, bad dialogue, impatience, weak editing, lack of drama...quick to join you in a fight they are. Lesson number nine, that was.

LUKE

Is the Dark Side stronger?

YODA

Yes, Lucas said so on the Episode 2 DVD. Lesson number ten, covered we have.

LUKE

It's going fast!

YODA

Lesson number eleven, time for it has come. Go into that cave you must. A domain of evil it is.

LUKE

Lucasfilm Licensing is located there?

YODA

No, it is a place strong with the Dark Side.

LUKE

Was the mystery of this cave ever explained?

YODA

No, too busy explaining history of Boba Fett, we were.

Luke is about to enter the cave. He leaves his saber behind.

YODA (CONT'D)

Your saber, take it with you everywhere, you must. Your life, this weapon is. Lesson twelve, forget you must not.

LUKE

Sorry master. I try.

YODA

No! Do or do not, there is no try! Try not to forget it next time.

Lesson number thirteen, already
completed we have now.

Luke enters the cave to do lesson number eleven.

INT. CAVE OF EXPANDED UNIVERSE

Luke encounters a figure! A tired old man...

LUKE

Who are you?

DOOKU

I am Count Dooku.

LUKE

Who?!

DOOKU

Everybody asks that question. I should have been in Episode 1, but I wasn't. I was in a few scenes in Episode 2, but the scenes where my background and my original motives were explained got cut. In Episode 3 I was killed off early in the movie. I was forgotten, and now I roam here in the Expanded Universe Hell...where all characters end up sooner or later. Oh, by the way, Qui-Gon Jinn was once my apprentice.

LUKE

So?

DOOKU

Qui-Gon Jinn trained Obi-Wan, who trained you. And Yoda trained me, and now you. So we have a history, Luke.

LUKE

No we don't.

Dooku starts crying.

DOOKU

(crying)

I know! I just like to pretend I am somehow connected to important characters who do have a history!

Luke exits the cave, confused.

EXT. DAGOBAH - EVENING

Luke joins Yoda.

YODA

Time for lesson number fourteen.
Easy this one will be. Stand on one
finger, balance me on your foot,
levitate boxes and droid, and look
into the future you must.

Luke does so.

LUKE

Han, Leia!

Luke and Yoda and Artoo fall down.

YODA

It was the future you have seen.

LUKE

Will they die?

YODA

Difficult to see. Always in motion,
the future is. Either that, or the
Dark Side clouds our vision and
limits our ability to use the
Force. Pick one. Lesson number
fifteen, a challenging one it is.

LUKE

An inconsistency test! Interesting.
I'll pick the one where the future
is always in motion. That's cool
and deep, because it implies that
you control your own destiny.

YODA

Wrong! To be a Jedi is to be lame
and stupid! Deep and meaningful are
the ways of the outdated editions!

LUKE

It seems so weak. I always thought
we were luminous beings who where
spiritual and stuff like that.

YODA

Crude matter we are, with
microscopic life-forms living
inside our cells. The will of the
Force they tell us. Test person
with communicators and standard
equipment on starships you can.
This lesson number sixteen may come
in handy one day.

Then Luke's Left-Wing fighter sinks into the swamp.

YODA (CONT'D)

Use the Force. Feel the midichlorians inside you and pull out your ship. Lesson seventeen, we have reached.

Luke fails. Yoda then concentrates and the L-Wing is CG-levitated onto the shore.

LUKE

I don't believe it.

YODA

Why not? Already levitated a heavy object in Episode 2, I did. You must let go and believe whatever it is you are shown in prequels. Lesson number eighteen - a difficult one this is for certain.

LUKE

I have to go and help my friends.

YODA

Lesson number nineteen: sometimes you must sacrifice your friends for the greater good.

LUKE

Is this something you learned at the time of the prequels?

YODA

No. From **Star Trek 2: The Wrath Of Kahn**. *'The needs of the many outweigh the needs of the few'*.

LUKE

I'm outta here!

OBI-WAN

Luke, be careful! I can't help you.

LUKE

Then what's the point of all this ghost stuff?!

YODA

There is no point. Lesson number twenty, that was. Only one more to go, we have!

LUKE

I will come back and complete my training. I promise.

YODA

Remember, lessons one to twenty
were part of free extended limited
time offer trial period preview.
For last step you must join
Hyperspace paid subscription
service on official website!

LUKE

I'll remember.

Luke flies away.

OBI-WAN

That boy was our only hope.

YODA

No. I cloned another.

EXT. BESPIN, CG CLOUD CITY - EVENING

The Falcon lands in CG Cloud City, after traveling from one
star system to another without a hyperdrive. Han, Leia and
Chewie are now hundreds of years old, but the special powers
of the magical planet Bespin make them instantly young again.

They meet Lando Calrissian.

LEIA

Look! A black man! The first we
encountered in this galaxy!

LANDO

Most of us got wiped out during the
clone wars.

HAN

You mean clone war, not wars.

LANDO

Shut up and lets have diner.

INT. CG CLOUD CITY, **DINING ROOM OF DESTINY** - EVENING

Han, Leia, Chewie and Lando enter the **Dining Room Of Destiny**,
where DARTH VADER and ANOTHER FETT sit at the **Table Of
Contents!**

Han shoots at Vader, who deflects the bolts with his blaster-
proof glove!

HAN

I thought he used the Dark Side of
the Force.

LEIA

No, it must have been a personal
force-field.

DARTH VADER

I would be honored if you would
join me on my Star Wars
messageboard to discuss this
fascinating mystery.

INT. CG CLOUD CITY, CARBON FREEZING CHAMBER OF DISCO - NIGHT

Han is about to be frozen in carbonite.

Chewie gets angry and starts fighting the CG clonetroopers!

Another Fett is about to shoot Chewie, but Vader stops him!

DARTH VADER

Don't shoot! Chewbacca is an old
friend. Plus he carries See-
Threepio, who is my son. They were
my friends, and I still care about
them deeply.

HAN

Don't be afraid.

LEIA

I'm not, but you should be! I've
been dying a little bit each day
since you came into my life, but at
least I'm not the one who is about
to be frozen alive.

HAN

That's cold.

LEIA

I truly, deeply love you, and
before you die I want you to know.

HAN

Geez, you really know how to make
me feel better...

Han is frozen and the others are led away.

Luke arrives and faces Vader.

DARTH VADER

You are strong with the
midichlorians, young Skywalker, but
you are not a Jedi yet.

They FIGHT!

Luke takes a deep breath...

LUKE

Jango Fett didn't shoot the Kaminoan Saberdart on purpose to lead the Jedi to Kamino. He made a mistake, like bad guys in movies always do!

Obi-Wan simply happened to know someone who happened to recognize the weapon.

Despite what Sidious said about everything going as planned, this was not the case. It was just a throw-away 'bad guy' line.

You see, the original plan was to get the Confederacy droid army ready and spread out all over the Galaxy.

The Republic and the Jedi would have been overwhelmed and the Senate would surely agree with the creation of an army, which it was going to vote for soon anyway - but against which there was some opposition. Also the senate would have surely given Chancellor Palpatine emergency powers to deal with the crisis.

Once the creation of an army would have been approved, someone would have 'discovered' the clone army on Kamino, or maybe the Kaminoans would have contacted the Republic themselves, since the first batch of clones was ready and they wanted to get paid. It doesn't really matter.

Now Obi-Wan almost ruined the plans and he got the war started too early, before the droid army was fully ready and transported away. Dooku quickly responded and made sure droids were waiting for the Jedi, but still factories and transports were destroyed.

But in the end the war got started anyway and Palpatine got his emergency powers, and so the important parts of the plan were a success anyway.

So the bad guys were happy in the end!

All you have to do is follow the movie and pay attention to what is said and done and most of it makes sense...sort of...

DARTH VADER

Impressive. Most impressive indeed!
You understand the plot of Episode
2, and you don't feel the need to
make stuff up to make it all even
more complicated and unlikely than
it already is.

LUKE

You will find I am full of
surprises.

Luke sticks out his arm. Vader chops it off.

LUKE (CONT'D)

Aaarch!

DARTH VADER

As you can see, my Jedi powers are
far beyond yours.

LUKE

You mean Force powers?

DARTH VADER

Stop nitpicking. By the way, Obi-
Wan never told you what happened to
your father.

LUKE

No, he didn't. He was replaced by
Mace Windu for marketing reasons.

DARTH VADER

I am your father!!!!

LUKE

Oh, yes. I knew that. That was
already made clear in the promotion
for Episode 1.

Then Yoda walks in. Vader forgets about Luke completely.

DARTH VADER

Master Yoda. You have interfered
with our plans for the last time.

YODA

Previous time, when was?

DARTH VADER

I was just talking cool. The Dark
Side has made me much cooler, even
cooler than you, master Yoda.

YODA

That's true. You used to be such an annoying jerk.

Vader and Yoda fight!

YODA (CONT'D)

Yaaah! Ah! Ah! Ah! Grrrrr!!

Yoda once again bounces and flips and twirls.

During the fight Luke mysteriously changes positions without actually moving, all thanks to the awesome power of **The Editing Of Crap!**

Then the fight just stops.

YODA (CONT'D)

Fought well you have, my old Padawan.

DARTH VADER

I was never your Padawan.

YODA

Never mind. Say that to everyone after a fight I do, for no good reason.

Vader uses the Force to make a generator fall down on Luke, and escapes. Yoda uses the Force to prevent the generator from crushing Luke.

YODA (CONT'D)

Grrr! Been through this lesson, we have already! Charge extra for this, I will!

Leia runs in.

LEIA

Luke!

Leia embraces an exhausted Luke.

YODA

Hope nothing is going on between the two of you, I do. Slightly disturbing, that would be...

EXT. CG CLOUD CITY, LANDING PLATFORM - NIGHT

Vader approaches an officer.

DARTH VADER

I sense a recycling from an earlier parody. I must be cautious.

Now alert my shuttle to prepare for my arrival.

OFFICER

huh?

DARTH VADER

(sighs)

Bring my shuttle...

OFFICER

With pleasure, My Lord!

Vader walks to his shuttle.

DARTH VADER

Alert my star destroyer to prepare for my arrival.

EXT. SPACE

Vader flies to his alerted and prepared star destroyer in his shuttle.

DARTH VADER

Alert the star destroyer's hangar to prepare for my arrival.

INT. SUPER DUPER STAR DESTROYER, HANGAR

Vader lands in the hangar and exits the shuttle, then inspects the recycled troops that have lined up for him to celebrate his return, after they had been alerted to prepare for his arrival. After the ceremony, Vader addresses an officer.

DARTH VADER

Alert the turbolift to prepare for my arrival.

INT. SUPER DUPER STAR DESTROYER, TURBOLIFT

Vader enters the alerted turbolift. Vader rides the turbolift.

DARTH VADER

Alert the bridge to prepare for my arrival.

INT. SUPER DUPER STAR DESTROYER, BRIDGE

Vader exits the elevator and walks onto the alerted bridge. He spots admiral Piett at the other side of the bridge. He turns to an officer.

DARTH VADER

Alert admiral Piett to prepare for my arrival.

The officer runs to the admiral and alerts Piett to prepare for Vader's arrival. Vader approaches the alerted admiral.

PIETT

I've alerted our tractor beam crew to prepare for the Millennium Falcon's arrival, My Lord.

DARTH VADER

Did your men cause the hyperdrive on the Millennium Falcon to leak?

PIETT

Yes, My Lord.

DARTH VADER

Good. Alert the boarding party to prepare for the arrival of the Millennium Falcon.

EXT. SPACE

The Falcon, with our friends on board, speeds away from the alerted Super Duper Star Destroyer.

INT. FALCON

Luke lies on a bunk.

LUKE

Lucas... Lucas, why are you charging for worthless, weak spoilers on your website?!

Artoo manages to plug the leaking hyperdrive and they fly away to safety.

INT. FRIGATE

Luke has just finished making himself a new hand. Leia brings him some blue milk.

LUKE

My hand broke... I was always good at fixing things... Everything seems so much simpler when you don't think about the Prequels. Why did she have to die?! I know I could have prevented it! I know I could have!!

LEIA

Luke, what's wrong?

LUKE

The original edition of this movie...it's destroyed! She was so great, and now she is gone...

LEIA (CONT'D)

Luke, there are some things no one can fix.

LUKE

If it aint broke, don't fix it. Try telling that to Lucas!

Luke and Leia move to a window and look outside. Threepio and Artoo also stand there.

SEE-THREEPIO

Strange. This reminds me of the time Anakid and Padmé got married. We stood somewhat like this back then. It seems like such pointless recycling. I hope we have seen the last of that.

Artoo bleeps his agreement.

LANDO (V.O.)

We will see you guys on Tatooine, where we will see Jabba again, and of course also that bounty hunter. And let's not forget about the new Death Star that's being built.

SEE-THREEPIO

I have a bad feeling about this!

THE END

There he will attempt to free Han Solo from the clutches of Jabba the Hutt, a villain we know all too well by now.

Little does Luke know that the Empire is constructing a new Death Star, a battle station we know all too well by now...

EXT. SPACE

A Star Destroyer approaches the Death Star. A shuttle flies away from it. So far so good...

INT. DEATH STAR, CONTROL ROOM

An officer sees the shuttle landing.

OFFICER

Alert the commander to prepare for Lord Vader's arrival.

INT. DEATH STAR, HANGAR

The shuttle lands. Darth Vader gets out and inspects the alerted and prepared troops.

DARTH VADER

Strange. I get the feeling I've seen this before...in the updated previous episode...

COMMANDER

We are working as fast as we can.
If only it was digital, instead of
an old fashioned matte painting...

DARTH VADER

By now you should know how to build
a Death Star! Perhaps you should
explain it to the Emperor himself
when he arrives.

COMMANDER

The Emperor is coming here?!

DARTH VADER

Didn't I just say that? Pay
attention, stupid!

EXT. TATOOINE, JABBA'S PALACE - DAY

Threepio and Artoo arrive at Jabba the Hutt's palace.

SEE-THREEPIO

The stories I heard about Jabba...

Artoo bleeps.

SEE-THREEPIO (CONT'D)

Well, for starters, he once bit off
the head of a Tatooinian chicken
just to start a pod-race! And then
he fell asleep!

INT. JABBA'S PALACE

Artoo plays Luke's holographic message before Jabba.

LUKE

(hologram)

I give you these droids. They know
this planet all too well by now.

JABBA

(Huttees, subtitled)

Hohoho! Solo shall remain mine!

SEE-THREEPIO

Look Artoo, captain Solo is still
frozen in carbonite!!!

Indeed, captain Solo is still frozen in carbonite!!!

INT. JABBA'S PALACE, DROID DUNGEON

Artoo and Threepio are led to the droid dungeon, where droids
are tortured! Is this where I send my computer to?

DROID

You can be a translator.

SEE-THREEPIO

Can't I just get my head cut off and have it placed on another droid? That was so much fun! I made funny gay jokes.

DROID

Those were not funny! This little one can work on the sailbarge. The plot may require him there later.

INT. JABBA'S PALACE - EVENING

15 minutes of a CG musical sequence later a bounty hunter enters together with Chewbacca! Another Fett is on full alert!

BOUNTY HUNTER

Yoto yoto yoto.

SEE-THREEPIO

He wants more money!

JABBA

(Huttees, subtitled)

Hohoho! Why are you translating it to English? Speak Huttees to me, you idiot! He won't get more money!

Threepio turns to the Bounty Hunter.

SEE-THREEPIO

Jabba won't give you more money.

BOUNTY HUNTER

(in Yoto)

Speak Yoto to me, you idiot!

The palace is in turmoil. They will need to endlessly debate this alarming chain of events in a conference room!

Lando is there too, disguised as...Lando...with a helmet.

Now Luke also arrives. Jabba excuses himself to the other guests and they retire to the conference room...

INT. JABBA'S PALACE, CONFERENCE ROOM - NIGHT

Luke, the mysterious bounty hunter, the disguised Lando, Threepio, Chewie, the frozen Han, Jabba, his friend Bib Fortuna, Another Fett, and several serious looking extras sit and stand around the obligatory Conference Room Scene.

LUKE

I think the best thing to do is to barter for Han Solo's freedom. Perhaps we have something to trade. Leia's wardrobe perhaps... These crime lords must have some sort of weakness...

BIB FORTUNA

Talk, no fight? He's no Jedi!

JABBA

(Huttees, subtitled)

Hohoho! I do not believe it will come to a fight. Skywalker is a political idealist, not a murderer.

LUKE

Try me.

ANOTHER FETT

Do you believe it will come to a fight, Master Jedi?

BOUNTY HUNTER

Oh, Luke is not a Jedi Master, he is only an apprentice. I was thinking we could bet on a pod-race. Say...our lives against our freedom and Han Solo.

JABBA

(Huttees, subtitled)

Deal!

LANDO

Luke, you look so anxious. What's wrong?

LUKE

I was thinking...when are we going to get to the important exposition stuff, instead of just talking crap?

BOUNTY HUNTER

GET DOWN!!!!

WOOSH!!!!

LANDO

What was that?!

LUKE

A Wave Of Worthless Editing!!

The important exposition has been swept away by the awesome
Cutscene Of DVD!

JABBA
Hohoho! Bo Shuda!

Another Fett suddenly takes the helmet off of the mysterious
Bounty Hunter's head! It's LEIA!!!!

JABBA (CONT'D)
(Huttees, subtitled)
Hohoho! You thought you could fool
me with that disguise? I did my
homework and watched the Prequels.
I know all about the worthless
disguises of your mother! Now you
shall die!!

The CG Rancor attacks!! The mighty beast rips the clothes off
Leia - exposing lots of skin!

LEIA
Aaarch!!! That was stupid!

Leia is now only dressed in a metal bikini!

LEIA (CONT'D)
At last I have revealed my skin to
the fanboys, at last they will have
their climax.

Jabba seems to have the upper hand, but then he loses the bet
on the pod-race...

JABBA
(Huttees, subtitled)
Hohoho! It's not fair. Somehow you
knew you were going to win.

LUKE
You want to discuss this with
Governor Watto in an official
hearing of the Courts?

JABBA
(Huttees, subtitled)
Hohoho! You win.

Leia presses a button on Han Solo's freeze-coffin thing. The
famous smuggler starts to come back to life.

Han falls, and hits the jetpack of Another Fett!

ANOTHER FETT
Aaaaaaaaaaaaaaaaaaaaaah!

Another Fett flies away out of control.

HAN

Hey, that was the guy who looked like Jango Fett.

Chewie growls.

HAN (CONT'D)

Boba Fett? That was Boba Fett?! That little, worthless, pointless kid who hung around Jango Fett in Episode 2 without doing anything remotely interesting? Wow! I'm glad I killed him in such a lame way. He deserved it!

INT. DEATH STAR

The emperor has arrived on board the Death Star.

DARTH VADER

The Death Star will be completed in time. We recycled some bits from the previous ones.

EMPEROR

Good. That always seems to work for Lucas as well. And now I sense you want to continue your search for young Skywalker.

DARTH VADER

Actually, I was thinking about searching on the Internet for those topless beach pictures of Natalie Portman.

EMPEROR

You will find those easy to locate, my friend. They're everywhere. Also check out the clip of her supposed nipple-slip on the Letterman show, and those pictures of Natalie's bottom sticking out of her jeans. They will come to you, then you will bring them to me.

DARTH VADER

The pictures will come to me?!

EMPEROR

Didn't I just say that? Pay attention, stupid! As long as you click the download button, it will work. All will proceed as I have foreseen, except for the changes made in the latest version of this movie.

INT. YODA'S HOME (DAGOBAH)

Luke is visiting Yoda on Dagobah.

YODA
So bad I look through young eyes?

LUKE
I think it's just the puppet and
how it's operated.

YODA
Twilight will soon be upon me.
Replaced by computer animation, I
will be...

LUKE
But my training is not yet
complete. I still have one more
lesson to go. *

* (See Episode 5, **Attack Of The SnowClones**, for the 20
previous lessons.)

YODA
Guidance you need not, Luke. Once
learn to trust feelings, you do,
the most powerful Jedi you will be.
Even more powerful than me.
Difficult, that will be not, when
gone am I.

LUKE
So I am a Jedi!

YODA
No, no! Decades of serious training
and meditation you need for that!
Not some silly speed course.

LUKE
What?!

YODA
Oh, whatever! Vader! You must
confront Vader. Only then a Jedi
will you be, if means so much to
you it does. After all, already
made up Rule Of Two nonsense did I,
and came up with name of war for no
good reason. Calling you a Jedi,
add to that I can.

LUKE
Huh? How did all the other Jedi
apprentices become Knights?

I'm sure there wasn't always a Dark Lord available.

YODA

Question me, you must not. Right I am always, except when wrong I am.

LUKE

Is Vader my father?

YODA

Yes. Vader means father in Dutch, so...

LUKE

That's just a coincidence.

YODA

Oh, okay. Your father he is anyway. Unfortunate that he told you, and that Lucasfilm marketing department used it to promote prequels. Gone, that surprise was. Luke, when gone am I, the last of the Jedi will you be. Do not pass on what you have learned. Suck, the Jedi did. There is another S.... S....S....

LUKE

Sith? Sailbarge? Sandcrawler? Stormtrooper? Sy Snootles? Song and dance number? Saber? Sarlacc? Slave girl? Star Destroyer? Shuttle? Slut? Come on! Give me a hint!

Yoda is tired of this crap and dies.

Luke goes outside.

EXT. DAGOBAH - NIGHT

Luke is sad. Obi-Wan the Annoying Ghost is there too.

OBI-WAN

Yoda will always be with you.

LUKE

Perhaps I can fit him in the cargo compartment of my Left-Wing.

OBI-WAN

What Mace Windu told you about the Prequels was true, from a certain point of view.

LUKE

What happened?

OBI-WAN

Just watch the Prequels and especially Episode 3. Everything is revealed in Episode 3. In pointless detail, so no surprises are left at all for the Original Trilogy.

LUKE

I'd rather not.

OBI-WAN

I don't blame you for not wanting to watch the Prequels. It wouldn't be the first time someone got depressed watching those episodes. You see, what happened to your father was not really my fault. When I first met your father, he was already a decent Pod-race pilot, but I was amazed at how high his midichlorian count was. My master Qui-Gon Jinn, not Yoda, believed that Anakiddie was the Chosen One who could bring Balance to the Force. What was he thinking?! Plenty of people can fly fast through narrow canyons and avoid obstacles; plenty of people have luck when they are in a dangerous situation; And how could Qui-Gon ever believe that nonsense about how Anakid was created by midichlorians?! That worthless cheap slave Shmi obviously lied to him. Her slave master probably just loaned her out to some space pirate who got her knocked up! Anyway, before he died, that fake-nosed Qui-Gon begged me to train Anakiddie. Amazingly the Jedi Council agreed! What were those old farts thinking?! They said I wasn't ready for the trials yet, then I killed some Sith who forgot to move and suddenly they believed I was ready to not only be a Knight but also a Master?! Why didn't they let some experienced Jedi Master train Anakiddie?! I never thought I could instruct him as well as Yoda, but Yoda and Mace told me I did well.

LUKE

I'm glad you have no reason to feel guilty.

OBI-WAN

Oh, never mind! Anakid thought about some silly uptight girl for the next ten years, and when he finally met her again he went insane. He killed a bunch of women and children and complained a lot. He was seduced by this young woman and got married and then that dominated his destiny for the rest of his life, like with all married men.

LUKE

I'll stay single then.

OBI-WAN

Do not underestimate the Expanded Universe, Luke! It's even crazier than the prequels and see what we encountered in those: Boba Fett, who was Jango Fett's son; See-Threepio, who was Anakiddie's son and who lived with the Lars family for many years; Artoo-Detoo, who also hung out with Anakid and me; Captain Typho, who was Captain Panaka's nephew according to the official website; Jabba and Bib Fortuna; Chewbacca; Mon Mothma, and I was of course trained by Qui-Gon, who was trained by Dooku, who was trained by Yoda... and there is much more.

LUKE

Wow. What a small galaxy.

OBI-WAN

When the clone war was nearing its end, we all realized that the two trilogies were nothing alike and could not be linked together. So we all lined up in front of the **Galactic Machine Of Memory Loss**, so that our memories could be erased and we wouldn't have to live with all that Prequel nonsense in our heads. Anakid was first in line...and disaster struck! A power-coupling exploded and Anakid was hit.

From then on he needed his cybernetic Techno Union suit to live.

The rest of us were forced to remember everything and accept the inconsistencies.

We decided it was best to destroy the Prequels in order to save the universe from bad taste, but the Emperor took over and decided to destroy and replace the Original Editions instead.

And we've been fighting him ever since...

LUKE

Okay... Yoda spoke of another. Starting with an 'S'.

OBI-WAN

That must be See-Threepio. He is your half-brother, because he was created by your father, from a certain point of view.

LUKE

I'm not so sure...

OBI-WAN

Perhaps he meant Shewbacca. He is your uncle, from a certain point of view. He delivered you to uncle Owen, who was a half-brother of Anakid, and also my real brother, from a certain point of view.

LUKE

Err...

OBI-WAN

Then of course we have the clonetroopers and Boba Fett. You see, Jango Fett was used as the clone template for the troopers and he had Boba Fett created as his identical, normal growth, clone son. Interesting, isn't it?

LUKE

Not really, no.

OBI-WAN

Actually, it is, because you are a clone too, Luke!

Your father and your mother both lost the ability to produce children after they had performed fake jumps onto some CG animal - crotch first! Very nasty. That's why we cloned you.

LUKE

I'm a clone?!

OBI-WAN

Oh wait! Now I know! The 'S' stands for slut. You have a twin-clone sister.

LUKE

Leia! Leia is my clone sister!

OBI-WAN

Bury your feelings deep, Luke. There's nothing wrong with adult siblings getting freaky together as long as they don't tell anybody.

LUKE

Yoda said I must confront Vader...

OBI-WAN

Vader humbled you when you first met, but you held firm. That experience was part of your training and now you are stronger.

LUKE

The twenty-first lesson of the Jedi speed-course!

OBI-WAN

Your insight serves you well. That was the hidden lesson Yoda could not teach you from a book.

LUKE

I can't kill my own father.

OBI-WAN

To be a Jedi you must confront and go beyond the Dark Side, the part your father couldn't get through, even though he was a Jedi Knight in Episode 3 and no longer an apprentice. And even if you make it through, you can still be seduced by the Dark Side. Just look at what happened to Dooku! And he even used to be Yoda's padawan!

LUKE

So what happened to Dooku?

OBI-WAN

Something....somehow...at some point....in a galaxy of assumptions and cut-scenes and Expanded Universe stories far, far away. Anyway, you must face Vader again!!!!

LUKE

Oh, okay. If it makes everybody shut up...

EXT. SPACE

The crappy CG Rebel fleet flies around, being good. Several CG N-1 Nabooty fighters patrol the area.

INT. REBEL CRUISER, CONFERENCE ROOM

The rebels are gathered in a conference room.

ANOTHER EU CHARACTER

We have stolen the plans for the new Death Star. We can fly in and destroy it with a single shot, like we always do.

HAN

Are you sure the plans were not leaked, like the last time, when they let us escape with the plans and then they attacked us?

ANOTHER EU CHARACTER

Uhm...

HAN

Can't we do something original for a change? How about setting up some factories to make millions of Battle Droids, and then using them to attack the Empire?

ANOTHER EU CHARACTER

Nah... Listen; here is something original: The Death Star is protected by a shield. A ground force will need to take that out first.

HAN

You mean like when we had a shield on Hoth Or Not, and the Empire had to take that out with ground forces?

ANOTHER EU CHARACTER

Err...

LEIA

I wonder what idiot they found to do that.

ANOTHER EU CHARACTER

General Solo, are you ready?

LEIA

General?! Who did they demote to make you a general so fast?

ANOTHER EU CHARACTER

Private Leia, you can go with General Solo as a foot-soldier.

LEIA

What?!

LUKE

I'll come too.

Somehow everybody thinks the meeting is over. They all start walking away.

ANOTHER EU CHARACTER

Hey, come back! I haven't finished!

EXT. SPACE, DEATH STAR & ENDOR

A stolen Imperial shuttle with our friends in it approaches the Death Star and Endor.

INT. SHUTTLE

Chewie growls.

HAN

Yes, Chewie. It's a good thing you flew one of these shuttles more than twenty years ago at the end of the clone war.

LUKE

So once we get through the shield, we fly straight at the shield-generator dish and fly into it and set off the nuclear bomb in our cargo compartment.

HAN

Uhm, no.

LUKE

Oh, okay. We'll fly straight at it and launch our secret missiles at it!

HAN

Uhm, no.

LUKE

Oh, wait! We fly straight at it, land safely - because we're in one of their shuttles - , then have our commandos run out and take over the base and shut down the reactor!

HAN

Uhm, no.

LUKE

So...we're going to land far away from the base, hope nobody will wonder what happened to that shuttle, hope we don't encounter any troops that could sound alarm, hope we somehow can get into the base unseen, and hope that we can somehow take out that generator.

HAN

Yep.

LUKE

I should not have come along.

HAN

Because you put the mission in danger, since Vader can sense your presence?

LUKE

No, because this mission is stupid.

They get permission to fly on.

EXT. ENDOR, FOREST - DAY

Our friends have safely landed, but got split up after a speeder-bike race! Leia is missing! What happened to her?

LUKE

We should go look for her. It's a good thing the locals only eat men, and not women, or else she could be in trouble.

The boys are promptly captured by the locals. They look like CG teddybears! The little animals jump all over the place, like only CG teddybears can!

HAN

Who are they?!

SEE-THREEPIO

Ewoks! They strive for a franchise of their own! We must be cautious!

LUKE

Threepio, tell them we are friends! Tell them they can have their own movies and cartoon. Tell them they can license teddy bears! That's marketing brilliance! Putting your own logo on teddy bears! Genius!

Then the Ewoks start chanting.

SEE-THREEPIO

They think I'm some sort of god. I guess they're right. After all, The Chosen One who will bring Balance to the Force, who was created by the Force and the midichlorians, was the one who created me!

EXT. ENDOR, MORE FOREST - DAY

Meanwhile, in another part of the forest... Leia wakes up after a nasty fall. An Ewok is poking her with a stick.

Leia instantly reacts and SHOTS the little bastard!

LEIA

I always wanted to do that!

INT. DEATH STAR

Darth Vader meets with the Emperor.

VADER

My son is with those rebels on Endor.

EMPEROR

See-Threepio?

VADER

No, the other one.

EMPEROR

Funny that I didn't sense it. Perhaps the Light Side of the Force is limiting my abilities...

INT. EWOK HUT (ENDOR) - NIGHT

After several trials and tribulations, our friends have made friends with the Ewoks, so now the Ewoks are our friends too...

See-Threepio explains to the little bears just what all happened before.

SEE-THREEPIO

Just watch the entire saga, you lazy bastards!

After a profit sharing deal, the Ewoks agree to help our friends!

EXT. EWOK VILLAGE - NIGHT

Leia finds Luke outside.

LEIA

Luke, what's wrong?

LUKE

I just can't stand those little Ewoks. I hate them! They're animals and I want to slaughter them like animals!

LEIA

This reminds me of a story my mother told me.

LUKE

What do you remember of your mother? Your real mother? Before she died.

LEIA

Mother isn't dead! She lives with grandpa and grandma on Nabooty! I was taken away from her after she was diagnosed with Prequel-Madness.

LUKE

Prequel-Madness?

LEIA

That's when you lose a lot of intelligence, common sense, and ethics, and start doing all kinds of stupid things, like falling in love with mass murderers and stuff like that.

LUKE

The Force is strong in my family,
Leia. It's in me, my father...and
my sister!

LEIA

No!

LUKE

Yes, Leia. It's true.

LEIA

The girl on Hoth Or Noth, who
operated the Ion-Cannon! She's your
sister?!

LUKE

Uhm, no. You are my clone-twin
sister.

LEIA

I always knew that. And Darth Vader
is my father...from a certain point
of view.

LUKE

How do you know those things?

LEIA

I have seen Episode 3.

LUKE

Hang on! If you always knew that,
then why did you get freaky with
me?!

LEIA

As the daughter of a Nabooty woman
I have a natural insatiable craving
for booty-action. *
You were available, and handsome,
so...

(See Episode 1: **The Perils Of Queen ImADalek Of Nabooty)*

Luke throws up.

LUKE

I have to confront Vader.

LEIA

No, Luke, don't! Don't tell him we
had booty-action! That's best kept
a secret between you and me!

LUKE

No, I still think there is good in him. I must find that and bring it back.

LEIA

I think that goodness you seek is somewhere in between Episodes 1 and 2, because in Episode 1 Anakiddie was this nice child, and in Episode 2 he was suddenly a jerk.

EXT. IMPERIAL BASE - MORNING

Luke has surrendered to the Imperials. Vader awaits him.

LUKE

Hello, dad.

VADER

So you have accepted the truth.

LUKE

I accept that you were once Anakiddie Skywalker, a very annoying kid.

VADER

That name has no more meaning to me. I'm much cooler now.

Vader activates Luke's lightsaber.

DARTH VADER (CONT'D)

Very nice. I see your training is complete.

LUKE

Huh? I had to construct my own saber to complete my training?! Yoda never told me that! I bought this lightsaber on the internet!

DARTH VADER

I must obey my master. I can't come with you.

LUKE

You can try. Just commandeer a shuttle and we're out of here. Come on, let's try it. It'll be easy!

DARTH VADER

You don't understand. They've placed this explosive inside me. If I try to escape....BOOM! They blow me away!

LUKE

How wude.

INT. DEATH STAR

Vader brings Luke before the Emperor.

EMPEROR

Welcome, young Skywalker. You will join me, as I have foreseen.

LUKE

In what version did you see that?!

EMPEROR

Your friends will die, and the rebel fleet will be destroyed! It's a trap! I can't believe you guys fell for it! It's how the clone war started: you hide some troops out of sight and bring them out to fight the good guys once they've arrived! Suckers!!!

LUKE

Perhaps I should have watched the Prequels after all...then I would have been prepared...

EMPEROR

Now you will kill your father and take his place at my side.

LUKE

No, I will kill you and take my father to therapy.

Luke tries to kill the Emperor, but Vader stops him! They fight!

The lightsaber fight takes them to some laser-shield-door-things. They are separated from each other!

LUKE (CONT'D) (cont'd)

How long before these things open again?

DARTH VADER

Until the next scenes are done. Clever trick to switch locations, isn't it?

LUKE

No, not really. Just obvious, unimaginative and lame.

EXT. SPACE

The rebel fleet is under attack by Imperial ships! The shield is still there! The Death Star is operational! It's a trap!!!!

INT. FALCON

Lando shoots enemy CG fighters!

LANDO

Perhaps we should have first send
in some cloaked spy-ship to see if
the shield was gone, and if it
wasn't some kind of trap.

INT. REBEL CRUISER

CG ADMIRAL ACKBAR

No! That would have been too easy!

EXT. ENDOR - DAY

The Ewoks come to the rescue. The rebels and Ewoks join forces and fight the CG clonetroopers!

The battle is over quickly. The clonetroopers - created and trained for warfare - kill Ewok after Ewok!

HAN

I guess sticks and stones don't
work against computer animations!

LEIA

Artoo! We need your help!

Artoo activates his rocket-boosters and flies over to Leia.

Leia takes a glowing orb out of Artoo's **Super Secret Compartment Of Surprise**.

HAN

What's that?

LEIA

This is the **Glowing Orb Of Unlikelihood**. It was given to Boss Nass by my mother, and Nass then gave it to me, to use it to light our darkest hour!

HAN

We don't need a light! We need a weapon!

Leia throws the Orb. The Orb EXPLODES and the **Flash Of Poor Writing** changes everything! The Ewoks and rebels have won, and the Imperials have been defeated!

HAN (CONT'D) (cont'd)
That's highly unlikely!

LEIA
The Glowing Orb Of Unlikeliness works!

INT. DEATH STAR

The **Laser Doors Of Pacing** open and the lightsaber fight continues!

DARTH VADER
Your thoughts betray you. Another version! You have another version for yourself! You are a Phantom Editor!

LUKE
Aaaah! I had to! It is my right! If Lucas can mess up his own movies, I can mess them up too!

Luke slashes and Vader goes down!

EMPEROR
Good. Now kill your father and take his place at my side as an evil Dark Lord who will help me rule the galaxy and do bad things.

LUKE
Uhm, no. Was that your whole plan? Do you really expect me to just turn to evil like that?

EMPEROR
It seemed to work with your father.

LUKE
My father was a stupid Prequel character, no wonder it worked with him. That kind of nonsense doesn't work with a cool and intelligent Original Trilogy character like myself.

EMPEROR
Damn.

LUKE
Now I will do something heroic and meaningful.

It goes against some of the Jedi lessons, but that makes it even more dramatic and symbolic and such!

Luke refuses to fight and throws away his lightsaber!

EMPEROR

Die!

The emperor shoots lightning from his hands at Luke!

EMPEROR (CONT'D)

I don't care what universe you're from, that's gotta hurt!

DARTH VADER

Luke! Use your saber to absorb the lightning! I watched Obi-Wan do that once!

LUKE

Now you tell me!

Vader can't stand to watch his clone-son in pain. He picks up the Emperor and casts him into the **Bottomless Pit Of Return In The Expanded Universe!**

Vader is dying.

DARTH VADER

Luke, help me take this mask off.

Luke does so. He is shocked to see the face underneath the mask! It's Hayden Christensen!

LUKE

Dude. You were never as cool as I was. You never even had a chance.

Vader/Anakid/Hayden's cybernetic chest opens. He takes out a device.

VADER/ANAKID/HAYDEN

Luke, take this **Jedi Matrix Of Leadership.**

LUKE

That reminds me of the Transformers.

VADER/ANAKID/HAYDEN

Transformers were important in the Prequels. They were the coolest CG droids... Till...all...are...one...

Vader/Anakid/Hayden dies.

INT. DEATH STAR, REACTOR

Lando and Wedge have reached the main reactor of the Death Star.

WEDGE

I'll take it out with a single shot!

Wedge shoots.

LANDO

I'll take it out with a single shot too!

Lando shoots.

They get out and the Death Star CG explodes...twice...

EXT. ENDOR - DAY

Everybody is happy.

HAN

I'll leave you and Luke alone.

LEIA

Thanks. Nothing can come between the love of a brother and a sister.

Han throws up.

EXT. ENDOR, FOREST - EVENING

Luke burns his father's body, together with the Prequels.

LUCAS (V.O.)

Noooooo!!!!!! I shall have my revenge!!!!!!

EXT. EWOK VILLAGE/CLOUD CITY/MOS EISLEY/MOS ESPA/THEED/OTOH GUNGA/TIPOCA CITY/CORUSCANT/GEONOSIS CITY/ALDERAAN/ETC/ETC/ETC.

Everybody celebrates everywhere.

EXT. EWOK VILLAGE - NIGHT

While the rebels and Ewoks join in a CG trooper barbecue, Luke walks a bit away.

Luke spots five ghosts: Obi-Wan, Yoda, Anakid, Mace Windu, and Qui-Gon Jinn.

YODA

Used you well, we have.

LUKE

Used me?!

OBI-WAN

Yes, of course. You see, what I told you about the Chosen One was true. You were just a tool to help the real hero of the saga, Anakiddie, to fulfill the prophecy and complete his heroes journey.

LUKE

What?!

QUI-GON

We never doubted that Anakid would bring Balance to the Force.

LUKE

Crap!

MACE WINDU

Everything went according to plan. And I mean EVERYTHING.

LUKE

Weak!

ANAKID

Luke, thanks for helping, although I didn't really need your help. I just waited for the right moment to kill the emperor and defeat evil. Too bad you got nasty with your own sister, or else you could join us here in Force-Heaven.

LUKE

You've gotta be kidding me!

Leia runs over to Luke.

LEIA

Wait! I'm not really Luke's sister!

LUKE

Huh?

LEIA

I am Princess Leia's royal decoy, her brave bodyguard, her loyal handmaiden, her perfect double, her obedient slave girl, her secret lover, every fanboy's fantasy, her unworthy spankable...

LUKE

Yes, alright! I get the point!
Where is the real Leia?

LEIA

She is far away, somewhere safe.

OBI-WAN

You must go find her, Luke. That is
the way of the Sequels.

YODA

Impossible, that is. Scrapped plans
for Sequels, Lucas did.

LUKE

Then what do I do now?

ANAKID

There is only one thing for you to
do, my son. You must spend the rest
of eternity in the **Expanded
Universe Hell!**

LUKE

Nooooooooooooooooo!!!!!!!!!!

THE END

(ACTUALLY...TO BE MOST LIKELY CONTINUED IN A NEW VERSION)
