

# Computer Applications

Throughout this course I hope to:

- Perfect my typing
- Learn how to upload files onto a website
- Learn how to create a webpage
- Learn how to type things in computer codes such as HTML
- Expand my knowledge of computers and learn how to do more things

Ben Ginsparg

During this course I hope to receive an A for my grade. I think I know how to do most of the things we will do and I am excited to learn how to do new things. I think that I will be able to achieve an A.
