Electronic Career Portfolio: Athletic Coach

I hope that my career will go in the direction of coaching. I am interested in receiving a degree that will help me become a coach. I am okay with working at all levels and hopefully I will be able to work myself up to be a professional coach.

I used Microsoft PowerPoint to create a presentation of my achievements and my goals. I used Microsoft Word to create my resume and a letter to apply for a coaching job.

My sources include:

To run my electronic portfolio go to www.geocities.com/eagleb36 and click on the link to whichever document you wish to see. From my site you can view my portfolio, resume, application letter, and other documents.
