"Reach the World" Thanksgiving Offering

Plan to attend the annual Thanksgiving Dinner

- in the gym - following Worship

What would YOU be willing to live without to help us pay off the debt on the Building? Let's all work together to do it!

Did you know that if you purchase one \$.89 pop on your way to work every day, you are spending \$17.80 each month - if you work just 5 days a week? If you eat lunch out each day and have a soft drink with your meal, it's probably more like \$40 each month. Maybe you chew gum or like candy...how much does that add

up to each month? Or coffee from Starbucks or McDonalds every day? How much do we spend to eat out? Go to a concert?

One of our church members did the math and said, "If every one of us would be willing to LIVE WITHOUT just one of our weekly or monthly 'treats,' we would have the money to take care of our

building payment."

In fact, when added to the pledges many of you have already made, this plan would help us to pay our building off in half the time!

Will YOU help? Just put the money you save each week or month in a Building Offering envelope, and drop it in the offering! Let's all work together to DO IT!

"SECOND SUNDAY AT SEVEN"

We've started something new for our Jr. High and Sr. High Teen Sunday School Classes, and we're planning it for the second Sunday of each month, following

the evening Praise Service. (That's where the name came from.) It's simple! The teens will help with the p.m. service and we'll plan something for them AFTER

the service! Anyone can help! Provide food and a place to eat it! Or host it in the gym, with a good game of volleyball and easy food, or table games, etc. etc.
