

Updated 4/13/07

Please send PO nominations (up to two per school) ASAP to kathiwells@bellsouth.net. Please include your school name.

Students were assigned randomly to chambers based on school and regional balancing. The chambers were then attempted to be balanced by amount of legislation and topic of the legislation. Legislation was placed on a second tier if it veered from the FFL format in a significant fashion or was extremely late. If legislation had been in on time and schools had their registration completed at the same time, this could have all been to you much earlier. I'm not scolding, just explaining the process.

Chambers will debate all of Tier 1 before moving on to tier 2. Bills may be moved around within tiers but may NOT be moved from one tier to another. If a Chamber finishes all of their legislation, they will move on to the next chambers legislation. (A will move B's calendar, B will move to C and C to A.)

Authors should be in the same chamber as their legislation. PLEASE report any errors ASAP.
