Dear Sir/Madame;

I am contacting you in regards to the position at your company, advertised in the website posting on the 3rd of February. I am very interested in further particulars and in filling out an employment application.

My relevant qualifications include my bachelor's degree in graphics with a web minor. Also please take note that this is my most recent position as a graphics specialist for Fox Laminating, and MxCC. In this role, I was responsible for tutoring, maintenance of the website, and social media postings on a current basis. And during my tenure, I was able to update the website to include all of the new programs, as well as create a new website for Fox, which has generated a lot more traffic in both instances.

With my skill set and proven track record, I can be a valuable addition to your company. I can be reached for an interview at your convenience.
